Relevant Affiliations: Please list below any other committees you are currently serving on. Please list, if applicable, the jurisdiction and term of appointment. If you were appointed by an individual and not by a local jurisdiction, please include that information. If you need additional space, please attach an additional sheet of paper.

I currently serve on two committees associated with the Firefighters Local 1908 union. I am the chair of the EMS committee and a member of conflicts and grievances.

Skills and Experience: Please provide a brief description of your qualifications for the seat; include any special skills, interests, experience, or training which you possess or have completed that would benefit the work of the Regional Opioid Task Force. If you need additional space, please attach an additional sheet of paper.

For several years, I have held multiple positions that developed skills that make me well-suited for the Regional Opioid Task Force. I have worked as a Firefighter/Paramedic for the Clark County Fire Department for over ten years, which has provided opportunities to observe and learn from a niche aspect of our community. During the COVID-19 pandemic, I worked under the direction of our chiefs to develop and execute an effective department response plan. This position required the coordination of exposure tracking, testing, vaccinations, and hospital follow-up. In addition to my experience as a Paramedic, I am a Registered Nurse and bring training and skills from my several years of Emergency Room positions. I am a graduate of USC, where I received a Master's degree in Public Administration, which has broadened my understanding of public systems and narrowed my focus on how to serve the community best.

To Whom It May Concern,

I am writing to express my strong interest in the Regional Opioid Task Force position in Clark County, Nevada. I am deeply committed to addressing community issues that continue to threaten our communities, and I am enthusiastic about the opportunity to contribute my skills, experiences, and passion to this critical objective.

My professional background and personal commitment make me an ideal candidate for this role. Over the past ten years, I have accumulated much experience in public health, community outreach, and teamwork. This experience has equipped me with a comprehensive understanding of the opioid epidemic and its impact on individuals, families, and municipalities.

During my employment at the Clark County Fire Department, I have worked with community partners to effect harm reduction interventions that are invaluable when collaborating with local stakeholders to increase access to treatment and educational outreach. These experiences have solidified my belief in the power of collaborative, community-driven solutions in combating local challenges.

I am excited about the possibility of collaborating with the talented professionals that will comprise the Opioid Task Force to create sustainable, evidence-based solutions to the opioid crisis. I am confident that my skills, experience, and enthusiasm align with the values and goals of Clark County.

Thank you for considering my application. I am eager to discuss how my background and experiences align with the needs of the Regional Opioid Task Force. I look forward to continuing to serve my community.

Sincerely,
