If you need additional space, please attach an additional sheet of paper.

Nevada licensed Architect - 7824

I am interested in the building process and the policies that make our municipalities run. I have been a Licensed Architect for 4 years, but have been working for Architecture firms since 2005. In 2018, I decided to work with the City of Henderson reviewing plans for permits and helping to make the City a safer and more enjoyable place to live. I also still practice Architecture for small commercial and residential projects. I have 7 certifications for building, mechanical, plumbing, electrical, (2) energy conservation and accessibility. I know the permitting process from a Public stance and from a private sector stance, but the changing electronic permit process has become difficult to navigate. I would like to give some of my time in helping with the appeals process and hopefully help the CCBD in any way I can.

**A resume or letter of interest is REQUIRED. Please attach it to this application.**
