**APN:**

**PROPOSED LAND USE PLAN:**

ENTERPRISE - LOW-INTENSITY SUBURBAN NEIGHBORHOOD (UP TO 5 DU/AC)

**BACKGROUND:**

**Project Description**

General Summary

- Site Address: N/A
- Site Acreage: 2.1
- Existing Land Use: Undeveloped

Applicant’s Justification

The applicant states that an 80 foot wide power easement along the north property line of the northern parcel limits available buildable space, and thus, making it a challenge to conform to rural standards for development. The proposed R-1 zoning is appropriate since there are existing R-1 and R-2 zoned subdivisions farther to the south and southwest. The request also addresses the need for in-fill development in Clark County and reduces urban sprawl.

**Surrounding Land Use**

	<b>Planned Land Use Category</b>	<b>Zoning District (Overlay)</b>	<b>Existing Land Use</b>
North	Public Use	P-F	Silverado Ranch Park
South & West	Ranch Estate Neighborhood (up to 2 du/ac)	R-E	Single-family residential
East	Ranch Estate Neighborhood (up to 2 du/ac)	R-E (RNP-I)	Single-family residential

The subject site is within the Public Facilities Needs Assessment (PFNA) area.

### STANDARDS FOR APPROVAL:

The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

### Analysis

#### Comprehensive Planning

In addition to the standards for approval, the applicant must demonstrate the zoning district is compatible with the surrounding area. Staff finds the request to R-1 zoning to not be compatible with the surrounding area. The properties to the east, west, and south are planned Ranch Estate Neighborhood (RN), zoned R-E, and developed with existing single family residences. Therefore, the existing R-E zoning on the site is more compatible with the existing adjacent and abutting properties than the proposed R-1 zoning. Furthermore, the applicant states that the 80 foot wide power easement along the north property line of the north parcel is justification for the proposed R-1 zoning. However, only a 56.5 foot wide portion of the power easement is on the parcel, leaving 0.68 acres available for development, which is more than the required minimum lot size of 0.5 acres needed in the R-E zone. The request does not comply with Policy 1.4.4 which encourages in-fill development and redevelopment in established neighborhoods that is compatible with scale and intensity of the surrounding area. For these reasons, staff finds the request for R-1 zoning not appropriate for this location.
