| Description: | Accept and approve Business Impact Statement | | |
| Additional Comments: | N/A | | |

BACKGROUND:

Pursuant to NRS 237.080 & NRS 237.090, a Business Impact Statement was prepared for the proposed ordinance amending the rentals, fees, and charges at Harry Reid International Airport.

On April 14, 2024, the Clark County Department of Aviation (DOA) sent its proposed Fiscal Year 2026 (FY2026) budgeted rentals, fees, and charges to the LAS Airline and Airport Affairs Committee (LAS AAAC) for review and comments. The rentals, fees, and charges were calculated in accordance with the rate-making methodology contained in the Airline-Airport Use and Lease Agreement. LAS AAAC and DOA met on April 22, 2025, to further review and discuss the proposed FY2026 budget and rate calculations. Per NRS 237.080, the AAAC members were provided at least 15 working days to provide data or arguments concerning the proposed FY2026 budget. The LAS AAAC unanimously approved the FY2026 proposed budget and sent their formal approval letter on May 1, 2025.

All material questions and comments received from the LAS AAAC, collectively or individually, were satisfactorily addressed by the DOA. The FY2026 budget resulted in an increased cost per enplanement from \$7.27 to \$8.69, which is \$1.42 more than the previous fiscal year.

Staff recommends that the Board of County Commissioners determine that the ordinance described above does not impose a significant economic burden on the airlines.
