Applicant's Justification

The applicant requests a Master Plan amendment to Compact Neighborhood (CN) for the purpose of rezoning the property to RM18. STANDARDS FOR ADOPTION:

The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

Analysis**Comprehensive Planning**

The applicant shall establish the request is consistent with the overall intent of the Master Plan by demonstrating the proposed amendment 1) is based on changed conditions or further studies; 2) is compatible with the surrounding area; 3) will not have a negative effect on adjacent properties or on transportation services and facilities; 4) will have a minimal effect on service provision or is compatible with existing and planned service provision and future development of the area; 5) will not cause a detriment to the public health, safety, and general welfare of the people of Clark County; and 6) adherence to the current goals and policies of the Master Plan would result in a situation neither intended by nor in keeping with other core values, goals, and policies.

The applicant requests a change from Public Use (PU) to Compact Neighborhood (CN). Intended primary uses in the Compact Neighborhood category include single-family homes, townhomes and multiplex developments. The subdivision east of the subject site is designated Compact Neighborhood (CN). South of the subject parcel is an existing development with single-family homes and townhomes.

The request for Compact Neighborhood (CN) is compatible with the surrounding area. The parcel is accessed via a collector street, Vegas Valley Drive. This thoroughfare should be able to accommodate any increased traffic due to future development on the site. The request complies with Policy 1.4.4 of the Master Plan, which encourages infill development and redevelopment in established neighborhoods while promoting compatibility with the scale and intensity of the

surrounding area. For these reasons, staff finds the request for the Compact Neighborhood (CN) land use category is appropriate for this location.
