**BACKGROUND:**

Clark County and the Bullhead City Pest Abatement District (BCPAD) originally entered into interlocal contracts for pest abatement services on July 17, 2001, April 5, 2011, May 20, 2014, and June 7, 2016. The 2016 interlocal contract, set to expire June 2021, expanded services for the joint responsibility of administering an Aquatic Insect Suppression Program to suppress both black flies and caddisflies along the Colorado River from Davis Dam, south approximately 13 miles.

County staff negotiated the attached interlocal contract with BCPAD for pest abatement and aquatic insect suppression services. The interlocal contract describes the full scope of services to be provided and stipulated terms, and terminates on June 30, 2022, unless the option of renewal for four (4) one-year periods, is exercised.

The District Attorney's Office has reviewed and approved the interlocal contract as to form.
