**BACKGROUND:**

On May 17, 2001, the Regional Transportation Commission of Southern Nevada (RTC) approved Interlocal Contract No. 373 providing funding for the construction of the Sandy Valley, Columbia Pass and Miami Street project (No. PW.R00120A) from development taxes and RTC Highway Improvement Acquisition Funds.

On June 5, 2001, the Board of County Commissioners approved Interlocal Contract No. 373 allocating funding for engineering and future funding for right-of-way acquisition and construction for street improvements for Columbia Pass Road and Miami Street from Eagle Avenue to Quartz Avenue for the subject project. Five supplemental contracts were approved that increased total funds for construction; revise the scope to include Osage Street from Quartz Avenue to Onyx Avenue to be consistent with the adopted priorities of the Sandy Valley Citizens Advisory Council (SVCAC); revised the scope to include resurfacing of existing roads within SVCAC; and extended the contract term.

The attached Supplemental No. 6 to Interlocal Contract No. 373 changes the funding account for this project. Funds for the project are now budgeted in RTC's Highway Improvement Acquisition Fund for Fiscal Year 2022. The current total contract value is \$994,350 for this project.

This project is identified on RTC's Capital Improvement Program. RTC approved the sixth supplemental contract at its meeting on February 10, 2022.

The District Attorney's Office has reviewed and approved the sixth supplemental contract as to form.
