WAIVER OF DEVELOPMENT STANDARDS:

Eliminate the drainage study where required per Section 30.04.08B.

LAND USE PLAN:

SUNRISE MANOR - PUBLIC USE

BACKGROUND:

Project Description

General Summary

- Site Address: 6211 Vegas Valley Drive
- Site Acreage: 31.7
- Project Type: Minor subdivision

Site Plan

The site plan depicts a proposed 3 lot parcel map on the south side of Vegas Valley Drive, which is requested with MSM-26-600013. Lot 1 is positioned at the northeast portion of the site, fronting Vegas Valley Drive. Lots 2 is situated immediately south of Lot 1, and Lot 3 is located to the south of Lot 2. The portion of the site identified as Lot 2 and 3 was previously approved and currently operates as a solar field. The existing solar field within the boundary of Lot 2 will be eliminated to accommodate a multi-family residential development. Lot 3 will continue to house the existing solar facility. A drainage study is required as part of the minor subdivision request; however, the applicant is deferring the drainage study to be done as part of the proposed multi-family residential development.

Applicant's Justification

The applicant states there will be a drainage study conducted upon approval of the future multi-family residential development. The waiver will allow the parcel map to move forward independently from the approval of the proposed multi-family residential development.
