

Town Advisory Board (TAB)/ Citizens Advisory Council (CAC) Application

Name of the TAB/CAC Applying for: Red Rock

TABs and CACs were created to assist the Board of County Commissioners in an advisory capacity with the decision-making process in the governance of the unincorporated towns and areas of Clark County. There are 8 TABs and 6 CACs that are appointed by the County Commission and 5 TABs that are elected. Each TAB or CAC consists of area residents that serve without compensation for two-year terms and attend regularly scheduled public meetings throughout the year.

Have you attended a TAB or CAC meeting in Clark County? Yes No

If so, which one and what was your experience?

I currently serve as a member of the RRCAC. I have attended all meetings except one since my appointment in January 2021. That missed meeting was for a family emergency and I provided advance notice of my absence.

Prior to being appointed to the RRCAC, I attended quite a few meetings.

Not sure what to say of my experience of the meetings. Over the years I've noticed that some meetings are very routine and not many people show up. Other meetings are quite controversial and draw many people who are passionate about the issues being addressed.

As a member of RRCAC, I had the privilege of being Vice-Chairperson in my first term and acted as Chairpeson quite a few times during that term. In my second term as a member of RRCAC, I have had the privilege of being Chairperson. When acting as Chairperson I have always tried to conduct the meeting appropriately.

Please list any boards or committees that you currently serve on:

Red Rock Citizens Advisory Council since January 2021

Calico Basin Working Group (CBWG) since 2018. CBWG is an informal volunteer association of Calico Basin residents as private citizens who, since early 2018, have taken it upon themselves to represent Calico Basin residents' interests with BLM regarding traffic, trail management and other issues pertinent to the care and management of Calico Basin's roads, trails and ecosystems. CBWG stays in touch with Calico Basin residents regarding relevant issues so perhaps I have a good sense about their interests and inclinations.

Why are you interested in becoming a member of your TAB or CAC?

I have lived in Calico Basin for 19 years and plan to stay for the foreseeable future. I moved to the Basin shortly after arriving in Las Vegas from Los Angeles.

My strong interest in Red Rock Canyon, the Spring Mountains, Calico Basin and beyond in every direction began a very long time ago. My first experience in this area was hiking and rock climbing while on a road trip in the early 1980s and have been passionate about it ever since. When I moved to Las Vegas in 2005 I knew I wanted to live in Calico Basin. Now that I have the privilege to live in Calico Basin, I enjoy being able to make a positive contribution to the issues involved in the Basin and the surrounding Red Rock area.

Evan Slawson letter of Intent re application for Red Rock CAC

To Whom It May Concern:

I am applying to serve again on the Red Rock Citizen's Advisory Council (RRCAC). I was first appointed to the RRCAC in January 2021 and reappointed in January 2023. My consistent attendance record speaks for itself. I hope in other respects my service to date has been satisfactory. I take the duties of the position very seriously. I prepare for each meeting so I can address issues appropriately. For the last year I have served as the Chairperson for the RRCAC.

I have lived in Calico Basin for 19 years and plan to stay for the foreseeable future. I moved to the Basin shortly after arriving in Las Vegas from Los Angeles.

My strong interest in Red Rock Canyon, the Spring Mountains, Calico Basin and beyond in every direction began a very long time ago. My first experience in this area was hiking and rock climbing while on a road trip in the early 1980s and have been passionate about it ever since. When I moved to Las Vegas in 2005 I knew I wanted to live in Calico Basin.

Having attended many meetings of the RRCAC and having read its bylaws, both before and after my appointment to RRCAC, I am familiar with procedures and its function, per Article II of the bylaws, as an advisory council to act as a liaison between residents and the Board of County Commissioners (BCC) and to advise the BCC on matters within its purview.

I am one of the founding members of what we call the Calico Basin Working Group (CBWG). CBWG is an informal volunteer association of Calico Basin residents as private citizens who, since early 2018, have taken it upon themselves to represent Calico Basin residents' interests with BLM regarding traffic, trail management and other issues pertinent to the care and management of Calico Basin's roads, trails and ecosystems. CBWG stays in touch with Calico Basin residents regarding relevant issues so perhaps I have a good sense about their interests and inclinations.

I am widely read and have a large skill set. My career started as a self-taught technologist. I did independent consultation for implementation of a wide range of technologies and other disciplines, including programming, databasing, automation, forecasting, accounting, marketing, graphics, PR, etc, starting in the early days of the adoption of personal computers through the late 1990s. Clients included individuals, small businesses and large corporations. After that I co-founded a successful non-denominational healing prayer ministry. We moved that ministry to Las Vegas in 2005. That is my current occupation.

I am fair and open-minded. I stand for my own beliefs and principles, yet also listen to the positions of others and support their interests when warranted even if they may not be in accordance with my general stance on a particular matter. I can and will apply principles of law and ethics to recommendations that fall within the purview of the RRCAC. I can read maps and plans. In the area that the RRCAC covers, I am familiar with the issues, including water use, zoning, lighting, fencing, building, land use, roads, trail management and more.

Thank you for considering me for another term on the RRCAC.

Yours truly,

Evan Slawson (please accept my name at left as my electronic signature for this letter)
