categories.

The selected firm will provide medical services for inmates at the Clark County Detention Center and juvenile delinquents at Juvenile facilities.

If negotiations produce a satisfactory contract, the contract will be presented to the Board of County Commissioners for approval. Should negotiations fail to produce a contract with the selected firm, this approval allows staff to negotiate with the next highest ranked firm from the oral presentation short list.

In accordance with NRS 332.115.1 (b), the competitive bidding process is not required as the services to be performed are professional in nature. Pursuant to internal policies and procedures, Clark County solicited these services through the RFP process.

The selected firm will be required to have a valid Clark County Business License or Vendor Registration.
