Project Description

General Summary

- Site Address: 7030 W. Pebble Road (multiple addresses)
- Site Acreage: 12.9
- Existing Land Use: Undeveloped & existing homes

Applicant’s Justification

The applicant is requesting a zone change from a CG (Commercial General) Zone and an RS20 (Residential Single-Family 20) Zone to an RS3.3 (Residential Single-Family) Zone. The subject site is proposed for a 97 lot single-family residential subdivision with a density of 7.51 dwelling units per acre. According to the applicant, the zone change is intended to maintain a consistent and compatible development pattern with the abutting properties to the north and south of this site. Furthermore, the proposed single-family residential development will bring less traffic, noise, and light than if a large commercial center was built.

STANDARDS FOR APPROVAL:

The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

Analysis

Comprehensive Planning

In addition to the standards for approval, the applicant must demonstrate the zoning district is compatible with the surrounding area. Staff finds the area has transitioned more towards residential suburban type development, particularly the area to the north and south which have been developed as RS3.3 zoned single-family residential subdivisions. Furthermore, most of the subject site has been zoned for commercial purposes since at least 2009, yet remains undeveloped. The request complies with Policy 1.4.4 of the Master Plan which encourages infill development in established neighborhoods while promoting compatibility with the scale and intensity of the surrounding area. For these reasons, staff finds the request for RS3.3 zoning appropriate for this location.

Staff Recommendation

Approval. This item has been forwarded to the Board of County Commissioners for final action.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
