Las Vegas is a 24/7 city. Sidewalk vendors should be able to set their own hours and why would you ban them where families can eat cheaply together in parks. Stop crime, not people trying to make a living in our city.

Why limit this. So people have no choice late night other than the 24 chain restaurants. The vendors are mostly independent and they still offer good food instead of preprocessed overpriced chains.

**From:** Andrea Masnata [REDACTED]  
**Sent:** Friday, March 15, 2024 11:32 AM  
**To:** BL Public Comment  
**Subject:** SB92 - Public Comment

My name is Andrea Masnata. Today, I'd like to raise our concerns about the sidewalk vending regulations currently being considered. Our belief is steadfast: every individual, irrespective of their legal status or ethnic background, merits a fair chance to flourish economically within our beloved community.

The proposed regulations, as they stand, cast a long shadow over our vibrant community of street vendors. Among our chief concerns are the arbitrary distance requirements, the outright ban on door-to-door sales, the imposition of mandatory liability insurance, and the prohibitive restrictions near school premises. These conditions do not merely inconvenience; they threaten the very existence of our vendors' businesses and by extension, their families' livelihoods.

We'd like to ask you today to forge ordinances that acknowledge and respect the reality of street vending. Regulations should prioritize public safety and underpin vendors' economic vitality. This dual approach ensures vendors can operate without burden, contributing to their families and our community's economic diversity.

Therefore, we implore the Board to revisit the proposed regulations with compassion and practicality. Let us collaboratively develop policies that champion community safety, environmental responsibility, and equitable economic opportunities for all, especially for those who take to our streets to earn an honest living. A community that uplifts every member, regardless of their starting point, is a community that truly prospers.

I appreciate your time and earnestly request your thoughtful consideration of our stance. Together, we can cultivate a Clark County that thrives on inclusivity, safety, and economic resilience.

Thank you.

Good morning, members of the Clark County Board of Commissioners,

My name is Robert Garcia, and I'm a Lead Organizer at Make the Road Nevada. I stand before you today to voice our concerns regarding the proposed sidewalk vending regulations. We believe that everyone, regardless of legal status or ethnicity, deserves the opportunity to thrive economically in our community.

The regulations proposed by the Board would devastate our community of street vendors. I wholeheartedly believe if we create distance requirements from school it would cause more harm for street vendors and the community as a whole if they are able to operate near school. Street vendors are a key aspect that help keep the community spirit alive. These measures threaten our vendors' livelihoods and limit their ability to operate effectively in our community.

I'm here to advocate for ordinances prioritizing community safety while adapting to street vendors' reality. It is necessary to embrace regulations that support public safety and vendors' economic livelihoods so they can continue to work and provide for their families.

In conclusion, we urge the Board of Commissioners to reconsider these proposed regulations and instead work towards creating policies that support community safety, responsible environmental practices, and equitable economic opportunities for street vendors. Our community thrives when all members have the opportunity to succeed.

Thank you for your time and consideration.

With Gratitude,

**Robert Garcia | He/Him/His/El**

**From:** Jennifer Fleischmann Willoughby [REDACTED]  
**Sent:** Thursday, March 14, 2024 4:25 PM  
**To:** BL Public Comment  
**Subject:** Reconsideration Needed: Impact of Proposed Sidewalk Vending Regulations

Dear Members of the Clark County Board of Commissioners,

I trust this email finds you well. My name is Jennifer Fleischmann, and I am writing to you today both as the wife of a small business owner in Clark County and as a dedicated staff member and supporter of Make the Road Nevada.

I am compelled to express our collective concerns regarding the proposed sidewalk vending regulations currently under consideration. These regulations, if implemented as currently drafted, could have far-reaching and detrimental consequences for our community, particularly for those who rely on street vending as a means of supporting themselves and their families.

As a member of our community, I am deeply troubled by several aspects of the proposed regulations. Of particular concern are the arbitrary distance requirements, the blanket ban on door-to-door sales, the mandatory liability insurance provision, and the restrictive measures surrounding school properties. These provisions not only threaten the economic viability of our street vendors but also hinder their ability to operate effectively and sustainably within our community.

It is crucial that any regulations governing sidewalk vending strike a delicate balance between ensuring public safety and supporting the economic well-being of our vendors. We must recognize and address the unique challenges faced by these entrepreneurs, many of whom are immigrants or members of marginalized communities, while also upholding our commitment to community safety.

I urge the Board of Commissioners to reconsider the proposed regulations and to instead engage in meaningful dialogue with stakeholders to develop policies that prioritize both public safety and the economic empowerment of our street vendors. By working together, we can create a regulatory framework that fosters a thriving and inclusive community where all members have the opportunity to succeed.

Thank you for your attention to this matter and for considering the voices of those who will be directly impacted by these regulations.

I greatly appreciate your time and dedication.

Kindly,

Jen Fleischmann Willoughby

**Sent:** Thursday, March 14, 2024 5:30 PM  
**To:** BL Public Comment  
**Subject:** For Public Comment on SB92

Good evening, members of the Clark County Board of Commissioners,

My name is Denise Bolaños and I'm writing to you on behalf of Make the Road Nevada and more importantly, on behalf of the hardworking street vendors of the community.

The proposed regulations pose a real threat to the livelihoods of the people who rely on street vending to survive and by extension, the community's economic stability. It's crucial to highlight that these vendors aren't just **individuals** trying to make ends meet; this isn't just a side hustle for extra income, these people are often the sole breadwinners for entire families.

The ripple effect if these regulations were to be enacted cannot be emphasized enough, but I'll try. These arbitrary distance requirements would force vendors to relocate, distancing them from their established customer base and severely disrupting their income streams. A ban on door-to-door sales would further limit their ability to reach customers directly which limits their sales opportunities and earnings. Additionally, the mandate for liability insurance adds a financial burden which makes it even more challenging for vendors to sustain their businesses.

Many vendors rely on foot traffic near schools to generate sales, especially during peak hours when parents are picking up or dropping off their children, and by restricting their access to these areas, the regulations completely choke off a vital source of revenue for these families.

The Board needs to recognize the **HUMAN** impact of these regulations. Behind every street vendor is an entire family depending on their income to put food on the table, pay bills, and stay housed. With these restrictive measures, the Board is not only undermining the economic well-being of these families but also fracturing the social fabric of our community.

We urge the Board to reconsider these regulations and work collaboratively with street vendors to develop policies that support their businesses while addressing any legitimate concerns regarding public safety and regulation.

Thank you

¡Gracias!

Good morning, members of the Clark County Board of Commissioners,

My name is Leo Murrieta, and I'm the Executive Director of Make the Road Nevada. I am emailing you today to voice the concerns of the nearly 100 street vendors throughout Clark County as well as the more than 12,000 members our organization represents across the state regarding the proposed sidewalk vending regulations. We believe that everyone, regardless of legal status or ethnicity, deserves the opportunity to thrive economically in our community.

The regulations proposed by the Board would devastate our community of street vendors. **Key concerns include arbitrary distance requirements, a ban on door-to-door sales, mandatory liability insurance, and restrictions around school properties.** These measures threaten our vendors' livelihoods and limit their ability to operate effectively in our community.

Our organization went through the arduous task to work with critical stakeholders such as the County, the Restaurants Association, the Latin Chamber of Commerce, and others to come to a compromise that ensured public safety as well as economic mobility for these micro businesses or street vendors as we are calling them. I'm here to advocate for ordinances prioritizing community safety while adapting to street vendors' reality. It is necessary to embrace regulations that support public safety and vendors' economic livelihoods so they can continue to work and provide for their families.

In conclusion, we urge the Board of Commissioners to reconsider these proposed regulations and instead work towards creating policies that support community safety, responsible environmental practices, and equitable economic opportunities for street vendors. Our community thrives when all members have the opportunity to succeed.

Thank you for your time and consideration.

**Sent:** Friday, March 15, 2024 12:09 PM  
**To:** BL Public Comment  
**Subject:** Testimony in Support of a Fairer SB92 Ordinance

Good afternoon, members of the Clark County Board of Commissioners,

My name is Alejandra Muneton, and I'm a Make the Road Nevada member. I would like to voice our concerns regarding the proposed sidewalk vending regulations. We believe that everyone, regardless of legal status or ethnicity, deserves the opportunity to thrive economically in our community.

The regulations proposed by the Board would devastate our street vendors. I believe the distance requirements are arbitrary and detrimental. This would make it harder for street vendors to be in easily accessible locations. The ban on door-to-door sales would also limit possible customers and therefore make it harder to earn money so they can put food on the table. A mandatory liability insurance is too high a burden for street vendors who are already barely making enough money to get by with necessities. Street vendors deserve to thrive, not just survive. Lastly, restrictions around school properties are too restrictive and create an unsafe space for both our street vendors and families needing to cross the street to purchase from them. Overall, these measures threaten our vendors' livelihoods and limit their ability to operate effectively in our community.

I'm here to advocate for ordinances prioritizing community safety while adapting to street vendors' reality. It is necessary to embrace regulations that support public safety and vendors' economic livelihoods so they can continue to work and provide for their families.

In conclusion, we urge the Board of Commissioners to reconsider these proposed regulations and instead work towards creating policies that support community safety, responsible environmental practices, and equitable economic opportunities for street vendors. Our community thrives when all members have the opportunity to succeed.

Thank you for your time and consideration.

Buenas tardes, miembros de la Junta de Comisionados del Condado de Clark,

Mi nombre es Luz María Salgado, y soy miembro de Make the Road Nevada. Estoy aquí hoy para expresar mi preocupación con respecto a las regulaciones propuestas para la venta ambulante. Creemos que todos, independientemente de su estatus legal o etnia, merecen la oportunidad de prosperar económicamente en nuestra comunidad.

La normativa propuesta por la Junta devastaría nuestra comunidad de vendedores ambulantes. Las principales preocupaciones incluyen los requisitos de distancia arbitraria, la prohibición de la venta a domicilio, el seguro de responsabilidad civil obligatorio y las restricciones en torno a las propiedades escolares. Estas medidas amenazan el sustento de nuestros vendedores y limitan su capacidad para operar eficazmente en nuestra comunidad.

Estoy aquí para defender unas ordenanzas que den prioridad a la seguridad de la comunidad y se adapten al mismo tiempo a la realidad de los vendedores ambulantes. Es necesario adoptar normativas que apoyen la seguridad pública y el sustento económico de los vendedores para que puedan seguir trabajando y manteniendo a sus familias.

En conclusión, instamos a la Junta de Comisionados a reconsiderar estas regulaciones propuestas y en su lugar trabajar hacia la creación de políticas que apoyen la seguridad de la comunidad, las prácticas ambientales responsables, y las oportunidades económicas equitativas para los vendedores ambulantes. Nuestra comunidad prospera cuando todos sus miembros tienen la oportunidad de triunfar.

Gracias por su tiempo y consideración.

Buenos días, miembros de la Junta de Comisionados del Condado de Clark,

Mi nombre es Elizabeth velasquez y soy miembro de Make the Road Nevada. Estoy aquí hoy para expresar mi preocupación con respecto a las regulaciones propuestas para la venta ambulante. Creemos que todos, independientemente de su estatus legal o etnia, merecen la oportunidad de prosperar económicamente en nuestra comunidad.

La normativa propuesta por la Junta devastaría nuestra comunidad de vendedores ambulantes. Las principales preocupaciones incluyen los requisitos de distancia arbitraria, **por favor incluir parques y escuelas y eliminar el límite de distancia esto es esencial para los vendedores ambulante**. Estas medidas amenazan el sustento de nuestros vendedores y limitan su capacidad para operar eficazmente en nuestra comunidad.

Estoy aquí para defender unas ordenanzas que den prioridad a la seguridad de la comunidad y se adapten al mismo tiempo a la realidad de los vendedores ambulantes. Es necesario adoptar normativas que apoyen la seguridad pública y el sustento económico de los vendedores para que puedan seguir trabajando y manteniendo a sus familias.

En conclusión, instamos a la Junta de Comisionados a reconsiderar estas regulaciones propuestas y en su lugar trabajar hacia la creación de políticas que apoyen la seguridad de la comunidad, las prácticas ambientales responsables, y las oportunidades económicas equitativas para los vendedores ambulantes. Nuestra comunidad prospera cuando todos sus miembros tienen la oportunidad de triunfar.

Gracias por su tiempo y consideración.

**ENGLISH:**

Good morning, members of the Clark County Board of Commissioners,

My name is [NAME OF THE MEMBER], and I'm a Make the Road Nevada member. I stand before you today to voice our concerns regarding the proposed sidewalk vending regulations. We believe that everyone, regardless of legal status or ethnicity, deserves the opportunity to thrive economically in our community.

The regulations proposed by the Board would devastate our community of street vendors. **Key concerns include arbitrary distance requirements, a ban on door-to-door sales, mandatory liability insurance, and restrictions around school properties.** These measures threaten our vendors' livelihoods and limit their ability to operate effectively in our community.

I'm here to advocate for ordinances prioritizing community safety while adapting to street vendors' reality. It is necessary to embrace regulations that support public safety and vendors' economic livelihoods so they can continue to work and provide for their families.

In conclusion, we urge the Board of Commissioners to reconsider these proposed regulations and instead work towards creating policies that support community safety, responsible environmental practices, and equitable economic opportunities for street vendors. Our community thrives when all members have the opportunity to succeed.

Buenos días, miembros de la Junta de Comisionados del Condado de Clark,

Mi nombre es Mary Wolfrom, y soy miembro de Make the Road Nevada. Estoy aquí hoy para expresar mi preocupación con respecto a las regulaciones propuestas para la venta ambulante. Creemos que todos, independientemente de su estatus legal o etnia, merecen la oportunidad de prosperar económicamente en nuestra comunidad.

La normativa propuesta por la Junta devastaría nuestra comunidad de vendedores ambulantes. Las principales preocupaciones incluyen los requisitos de distancia arbitraria, la prohibición de la venta a domicilio, el seguro de responsabilidad civil obligatorio y las restricciones en torno a las propiedades escolares. Estas medidas amenazan el sustento de nuestros vendedores y limitan su capacidad para operar eficazmente en nuestra comunidad.

Estoy aquí para defender unas ordenanzas que den prioridad a la seguridad de la comunidad y se adapten al mismo tiempo a la realidad de los vendedores ambulantes. Es necesario adoptar normativas que apoyen la seguridad pública y el sustento económico de los vendedores para que puedan seguir trabajando y manteniendo a sus familias.

En conclusión, instamos a la Junta de Comisionados a reconsiderar estas regulaciones propuestas y en su lugar trabajar hacia la creación de políticas que apoyen la seguridad de la comunidad, las prácticas ambientales responsables, y las oportunidades económicas equitativas para los vendedores ambulantes. Nuestra comunidad prospera cuando todos sus miembros tienen la oportunidad de triunfar.

Gracias por su tiempo y consideración.

Good morning member of the Clark County Board of County Commissioners,

My name is Mary Wolfrom, and I am a member of Make the Road Nevada. I'm here to express my concerns about the proposed regulations for street vendors. We believe that everyone, regardless of legal status or ethnicity, deserves the opportunity to prosper financially in our community.

The regulation proposed by the board would devastate our community of street vendors. The main concerns include the requirement for arbitrary distance, the prohibition of door to door sales, the

responsibility of mandatory civil insurance and the restriction regarding school property. These measures threaten the livelihood of our vendors and limit their ability to operate efficiently in our community.

I am here to defend some ordinances that prioritize the safety of our community and at the same adapt to the reality of street vendors. It's necessary to adopt regulations that support the safety of the community and the financial livelihood of the vendors so they can continue working and supporting their families.

In conclusion, we urge the Board of Commissioners to reconsider these proposed regulations and instead work toward the creation of policies that support community safety, responsible environmental practices, and fair financial opportunities for street vendors. Our community prospers when all its members have the opportunity to triumph.

Thank you for your time and consideration.

*Buenos días, miembros de la Junta de Comisionados del Condado de Clark,*

*Mi nombre es **Antonio García**, y soy representante de Make the Road Nevada. Me presento ante ustedes hoy para expresar nuestra profunda preocupación con respecto a las regulaciones propuestas para los vendedores ambulantes. Creemos firmemente que todas las personas, sin importar su estatus legal o etnicidad, merecen la oportunidad de prosperar económicamente en nuestra comunidad.*

*La normativa propuesta por la Junta devastaría a nuestra comunidad de vendedores ambulantes. Las principales preocupaciones incluyen los requisitos de distancia arbitraria, **la prohibición de la venta a domicilio, la obligación del seguro de responsabilidad civil y las restricciones aplicadas a la propiedad escolar.** Estas medidas ponen en riesgo el sustento de nuestros vendedores y restringen significativamente su capacidad de operar eficientemente dentro de la comunidad.*

*Me encuentro aquí para abogar por normativas que respalden la tenacidad y el espíritu emprendedor de nuestros vendedores ambulantes. Es imprescindible adoptar regulaciones que promuevan tanto la seguridad pública como el desarrollo económico. Necesitamos ajustes normativos que faciliten a nuestros comerciantes mantener sus negocios, los cuales son esenciales para la economía local y el bienestar de sus familias.*

*En conclusión, instamos a la Junta de Comisionados a reconsiderar estas regulaciones propuestas y, en su lugar, colaborar en la creación de políticas que respalden la seguridad de la comunidad y las prácticas sostenibles de nuestros vendedores ambulantes. La adopción de enfoques equitativos y prácticos beneficiará a toda la comunidad, incluyendo a aquellos que dependen de estas actividades comerciales para su subsistencia.*

Hello, my name is Andrea Masnata and I'm submitting on behalf of Emperatriz, who has some limitations regarding technology. Please consider the following testimonial:

**Spanish:**

Buenos días, miembros de la Junta de Comisionados del Condado de Clark,

Mi nombre es Emperatriz Alvarez. Vengo ante ustedes no solo como miembro de Make the Road Nevada sino también como hija de una valiente vendedora ambulante y como alguien que personalmente ha vendido agua puerta a puerta en nuestra comunidad. Esta experiencia me ha dado una perspectiva única sobre los desafíos que enfrentamos quienes dependemos de la venta de productos para nuestro sustento. Mi madre, quien también fue parte de este esfuerzo, tuvo que abandonar su actividad debido a las restrictivas regulaciones de su época, perdiendo productos y enfrentando obstáculos que minaron su capacidad para mantener a nuestra familia.

La propuesta de regulaciones que estamos discutiendo hoy amenaza no solo a mi personas como mi madre, sino a todos los que, como nosotros, buscan ganarse la vida honestamente en las calles de nuestra ciudad. Estas normativas, incluyendo los requisitos de distancia arbitraria, la prohibición de la venta a domicilio, el seguro de responsabilidad civil obligatorio, y las restricciones cerca de colegios, iglesias o parques, ponen en peligro nuestra capacidad para operar y contribuir a la economía local.

Como alguien que ha experimentado de primera mano la venta puerta a puerta, vendiendo agua para refrescar a nuestra comunidad en días calurosos, comprendo la importancia de esta actividad no solo para nuestro sustento, sino también para el bienestar de la comunidad. Por eso, apoyo firmemente la propuesta de ley SB92 y me opongo a cualquier restricción que limite nuestra capacidad para trabajar y prosperar.

Apelo a su comprensión y empatía para con nosotros, los vendedores ambulantes. Les solicito reconsiderar las regulaciones propuestas y buscar enfoques que permitan a nuestra comunidad de vendedores continuar con sus actividades sin barreras innecesarias. Es esencial encontrar un equilibrio que proteja la seguridad pública mientras se promueve la inclusión y la oportunidad económica para todos.

En conclusión, les pido que tomen en cuenta las historias de personas como mi madre y como yo, quienes simplemente buscamos la oportunidad de contribuir y prosperar en nuestra comunidad. Trabajemos juntos hacia regulaciones que apoyen la equidad, la seguridad, y el bienestar económico de todos los vendedores ambulantes.

Gracias por su tiempo, su atención, y por la oportunidad de compartir mi historia y perspectiva. Espero que podamos avanzar hacia un futuro en el que todos tengamos la oportunidad de triunfar.

**English:**

Good morning, members of the Clark County Board of County Commissioners,

My name is Emperatriz Alvarez. I come before you not only as a member of Make the Road Nevada but also as the daughter of a courageous street vendor and someone who has personally sold water door-to-door in our

community. This experience has given me a unique perspective on the challenges faced by those who rely on vending for our livelihood. My mother, who was also part of this effort, had to give up her business due to the restrictive regulations of her time, losing produce and facing obstacles that undermined her ability to support our family.

The proposed regulations we are discussing today threaten not only people like my mother but all those like us who seek to make an honest living on the streets of our city. These regulations, including arbitrary distance requirements, a ban on door-to-door vending, mandatory liability insurance, and restrictions near schools, churches or parks, jeopardize our ability to operate and contribute to the local economy.

As someone who has experienced firsthand door-to-door vending, selling water to cool our community on hot days, I understand the importance of this activity to our livelihood and the community's well-being. That is why I strongly support SB92 and oppose any restrictions that limit our ability to work and prosper.

I appeal to your understanding and empathy for us, the street vendors. I ask you to reconsider the proposed regulations and seek approaches to allow our vendor community to continue their activities without unnecessary barriers. Finding a balance that protects public safety while promoting inclusion and economic opportunity for all is essential.

In conclusion, consider the stories of people like my mother and me, who simply seek the opportunity to contribute to and thrive in our community. Let us work together toward regulations that support the equity, safety, and economic well-being of all street vendors.

Thank you for your time, attention, and opportunity to share my story and perspective. We can move forward to a future where we all have the opportunity to succeed.

Hello, my name is Andrea Masnata and I'm submitting on behalf of Dualdo, who has some limitations regarding technology. Please consider the following testimonial:

**Spanish:**

Estimados miembros de la Junta de Comisionados del Condado de Clark,

Mi nombre es Dualdo Campos. Como vendedor ambulante activo en nuestra comunidad desde hace cuatro años, estoy escribiendo para expresar mi inquietud ante las recientes propuestas regulatorias que impactan directamente a quienes, como yo, dependemos de esta actividad económica.

La venta ambulante es más que un medio de subsistencia; es un canal para ofrecer servicios y productos valiosos a nuestra comunidad, fortaleciendo la economía local. Sin embargo, las restricciones propuestas, como limitaciones de ubicación en parques, escuelas, iglesias y requisitos de licencia excesivos, amenazan nuestra capacidad de continuar con nuestras operaciones y, por ende, nuestra existencia económica.

Urgentemente solicito que se reconsideren estas medidas. Buscamos regulaciones que aseguren un equilibrio entre la seguridad y la viabilidad de nuestras actividades comerciales. Es fundamental adoptar un enfoque que permita a los vendedores ambulantes como yo prosperar al tiempo que se atienden las preocupaciones de la comunidad.

Agradezco su tiempo y atención a este asunto crítico. Espero que podamos encontrar soluciones que apoyen el bienestar y la prosperidad de todos los miembros de nuestra comunidad.

**English:**

Dear members of the Clark County Board of County Commissioners,

My name is Dualdo Campos. As a street vendor active in our community for the past four years, I am writing to express my concern about recent regulatory proposals that directly impact those who, like me, depend on this economic activity.

Street vending is more than a means of livelihood; it is a channel to provide valuable services and products to our community, strengthening the local economy. However, the proposed restrictions, such as location limitations in parks, schools, churches and excessive licensing requirements, threaten our ability to continue our operations and, therefore, our economic existence.

I urgently request that these measures be reconsidered. We seek regulations that ensure a balance between safety and the viability of our business activities. It is critical to adopt an approach that allows street vendors like myself to thrive while addressing community concerns.

I appreciate your time and attention to this critical issue. I hope that we can find solutions that support the well-being and prosperity of all members of our community.

**Subject:** Bertin Gonzales - Comment

Hello, my name is Andrea Masnata and I'm submitting on behalf of Dualdo, who has some limitations regarding technology. Please consider the following testimonial:

**Spanish:**

Estimados miembros de la Junta de Comisionados del Condado de Clark,

Mi nombre es Bertin Gonzales, un comprometido vendedor ambulante de nuestra comunidad desde hace 6 años en Nevada. Escribo esta carta para expresar mi profunda preocupación respecto a las regulaciones propuestas que afectan a los vendedores ambulantes, incluido yo mismo, quienes consideramos este trabajo no solo como una fuente de ingresos, sino como una parte esencial de nuestra identidad y contribución a la comunidad.

A lo largo de los años, he sido testigo de cómo las regulaciones impactan directamente nuestro modo de vida, y las propuestas actuales, como las limitaciones de distancia en parques, escuelas e iglesias, podrían poner en riesgo nuestro sustento. Estas medidas, lejos de proteger o mejorar nuestra comunidad, nos estaría obligando a dejar el estado completamente.

La venta ambulante no es simplemente un trabajo; es un compromiso con el servicio a nuestros vecinos, ofreciendo productos de calidad y contribuyendo al bienestar económico de nuestras familias. Sin embargo, las nuevas restricciones propuestas dificultan nuestra capacidad para operar y, en última instancia, para vivir con dignidad.

Por ello, apoyo la propuesta de ley SB92 y me opongo firmemente a cualquier regulación que nos impida ejercer nuestra labor de manera justa. Solicito a esta junta considerar regulaciones equilibradas que reconozcan la importancia de la venta ambulante, protegiendo la seguridad pública sin comprometer nuestro derecho a trabajar.

Hago un llamado a revisar y reconsiderar las medidas propuestas, buscando soluciones que promuevan un entorno inclusivo para todos. Creo firmemente que es posible alcanzar un equilibrio que respete tanto la seguridad como el sustento de los vendedores ambulantes, permitiéndonos continuar con nuestra valiosa contribución a la comunidad.

**English:**

Dear members of the Clark County Board of County Commissioners,

My name is Bertin Gonzales, and I have been a committed street vendor in our community for the past 6 years in Nevada. I am writing this letter to express my deep concern regarding the proposed regulations affecting street vendors, including myself, who consider this work not only a source of income but an essential part of our identity and contribution to the community.

Over the years, I have witnessed how regulations directly impact our livelihood, and current proposals, such as distance limitations in parks, schools, and churches, could jeopardize our livelihood. These measures, far from protecting or improving our community, would force us to leave the state altogether.

Street vending is not simply a job; it is a commitment to serving our neighbors, offering quality products, and contributing to the economic well-being of our families. However, the proposed new restrictions hinder our ability to operate and, ultimately, to live with dignity.

Hello, my name is Andrea Masnata and I'm submitting on behalf of Carmen, who has some limitations regarding technology. Please consider the following testimonial:

**Spanish:**

Buenos días, miembros de la Junta de Comisionados del Condado de Clark,

Mi nombre es Carmen Parra, y soy una ferviente defensora de los derechos de los vendedores ambulantes y miembro de Make the Road Nevada. Hoy me presento ante ustedes para expresar mi profunda preocupación por las regulaciones propuestas que afectan la venta ambulante en nuestra comunidad. Es fundamental reconocer que la venta ambulante no solo es una tradición cultural rica, sino también una vital fuente de ingresos para muchas familias, muchas de las cuales dependen de esta actividad para su sustento diario.

Las regulaciones propuestas, incluyendo los requisitos de distancia arbitraria, la prohibición de venta a domicilio, restricciones para venta en parques, iglesias y escuelas, suponen una amenaza directa a la existencia de nuestros vendedores ambulantes. Estas medidas no solo limitan severamente la capacidad de los vendedores para operar, sino que también les quitan la oportunidad de contribuir a la economía local de una manera significativa.

Apoyo firmemente la propuesta de ley SB92 y me opongo a cualquier regulación que ponga en peligro el bienestar y el futuro de la venta ambulante. Es esencial que busquemos soluciones que equilibren la seguridad y el bienestar público con la realidad y las necesidades de los vendedores ambulantes. Debemos esforzarnos por crear un entorno regulador que promueva tanto la seguridad pública como la prosperidad económica de estos trabajadores esenciales.

Por lo tanto, hago un llamado a la Junta de Comisionados para que reconsidere las regulaciones propuestas y busque enfoques alternativos que favorezcan el desarrollo económico inclusivo y sostenible. Es imperativo trabajar hacia políticas que no solo garanticen la seguridad de la comunidad, sino que también respalden las prácticas ambientales responsables y ofrezcan igualdad de oportunidades económicas para todos los vendedores ambulantes.

Nuestra comunidad solo puede florecer cuando brindamos apoyo y oportunidades a todos sus miembros, permitiéndoles crecer y prosperar. Les agradezco su tiempo y les pido que consideren cuidadosamente el impacto de estas regulaciones en la vida de numerosas familias que dependen de la venta ambulante.

Gracias por su atención y por considerar mi testimonio.

**English:**

Good morning, members of the Clark County Board of County Commissioners,

My name is Carmen Parra, and I am a fierce advocate for street vendors' rights and a Make the Road Nevada member. I am coming before you today to express my deep concern about the proposed regulations affecting street vending in our community. It is critical to recognize that street vending is not only a rich cultural tradition but also a vital source of income for many families, many of whom depend on this activity for their daily livelihood.

The proposed regulations, including arbitrary distance requirements, prohibition of door-to-door vending, and restrictions on vending in parks, churches, and schools, pose a direct threat to the existence of our street vendors. These measures not only severely limit vendors' ability to operate but also remove their opportunity to contribute meaningfully to the local economy.

I strongly support SB92 and oppose any regulation that would jeopardize the well-being and future of street vending. We must seek solutions that balance public safety and welfare with the reality and needs of street vendors. We must strive to create a regulatory environment that promotes public safety and economic prosperity for these essential workers.

Therefore, I call on the Board of Commissioners to reconsider the proposed regulations and seek alternative approaches that favor inclusive and sustainable economic development. It is imperative to work toward policies that ensure community safety, support responsible environmental practices, and provide equal economic opportunities for all street vendors.

Our community can only flourish when we provide support and opportunities for all its members, allowing them to grow and thrive. Thank you for your time, and I ask that you carefully consider the impact of these regulations on the lives of the many families who depend on street vending.

Thank you for your attention and for considering my testimony.

Mi nombre es Teodora Tepetzi Serrano, y soy miembro de Make the Road Nevada. Estoy aquí hoy para expresar mi preocupación con respecto a las regulaciones propuestas para la venta ambulante. Creemos que todos, independientemente de su estatus legal o etnia, merecen la oportunidad de prosperar económicamente en nuestra comunidad.

La normativa propuesta por la Junta devastaría nuestra comunidad de vendedores ambulantes. Las principales preocupaciones incluyen los requisitos de distancia arbitraria, Estas medidas amenazan el sustento de nuestros vendedores y limitan su capacidad para operar eficazmente en nuestra comunidad. A quien corresponda, en lo personal no estoy de acuerdo en esta regularización de traer un lavamanos. Para nosotros sería muy difícil por que nuestro trabajo no es un lugar fijo. No está a nuestro alcance económico por el momento. Tampoco considero necesario una cocina industrial para lo que nosotros vendemos. Claro que queremos contribuir con todo lo que esté a nuestra capacidad. A.T.T Teodora Tepetzi Serrano Sent from my iPhone

ENGLISH:

My name is Teodora Tepetzi Serrano, and I'm a member of Make the Road Nevada. I'm here to express my concern regarding the proposed regulations for street vendors. We believe that everyone, regardless of legal status or ethnicity, deserves the opportunity to prosper financially in our community.

The regulation proposed by the Board would devastate our community of street vendors. The main concerns include the arbitrary distance requirements, these measures threaten the support of our street vendors and limit their capacity to operate efficiently in our community. To whom it may concern, personally I do not agree with this regulation to have a hand washing sink. It would be very difficult for us because our work is not in a fixed location. It is not within our financial abilities at this time. Nor do I consider it necessary to have an industrial kitchen for what we sell. Of course we want to contribute with everything within our power. Sincerely A.T.T. Teodora Tepetzi Serrano Sent from my iPhone
