Opportunity Summary

Opportunity Summary

On February 9, 2018, the President signed into law the Bipartisan Budget Bill of 2018 as P.L. 115-123. This law included the enactment of the Family First Prevention Services Act, which, among other provisions, reauthorized through FY 2021 the Title IV, Part B Subpart 2 – Promoting Safe and Stable Families (PSSF) of the Social Security Act.

The purpose of the PSSF program is to promote flexibility in the development and expansion of a coordinated child and family services program that utilizes community-based agencies and ensures all children are raised in safe, loving families, by:

1. Protecting and promoting the welfare of all children;
2. Preventing the neglect, abuse, or exploitation of children;
3. Supporting at-risk families through services which allow children, where appropriate, to remain safely with their families or return to their families in a timely manner;
4. Promoting the safety, permanence, and well-being of children in foster care and adoptive families; and
5. Providing training, professional development and support to ensure a well-qualified child welfare workforce.

The primary goals of PSSF are to prevent the unnecessary separation of children from their families, improve the quality of care and services to children and their families, and ensure permanency for children by reuniting them with their parents, by adoption or by another permanent living arrangement. States are directed to spend approximately 20% on each of the following service categories: family preservation, family support, family reunification and adoption promotion and support services.

Priority funding will be provided to agencies proposing services/programs for Commercial Sexual Exploitation of Children (CSEC).

The Division of Child and Family Services (DCFS) Grants Management Unit (GMU) seeks applications for programs to be funded for State Fiscal Year (SFY) 2023. This Notice of Funding Opportunity (NOFO) implements a funding process that combines a review of applications with grant allocations for specific program services throughout the geographic areas in Nevada.

Total Funding Amount: \$2,109,036: Funds awarded are for programs to begin July 1, 2022 and expire on June 30, 2023. Unused funds from one year will not be automatically carried forward to the next year.

This is a competitive process. Current subrecipients are not guaranteed funding in SFY2023 and applicants who receive awards through this NOFO are not guaranteed future funding.

Grant Requirements

Confidentiality: Applicants will be required to maintain the confidentiality of any information that would identify persons receiving services and to conduct background checks on all employees, volunteers and other workforce members that are in direct contact with children or families that are receiving services.

Eligibility: Community-based organizations, school districts, tribal governments, and local government agencies are eligible to apply.

Funding Period: Grants will be awarded for a 12-month period: July 1, 2022 through June 30, 2023.

Program Services: Funds are awarded on an SFY basis and are dependent upon availability of federal funding, compliance with grant requirements and proposed activities outlined in the Scope of Work (SOW). New and current subrecipients are encouraged to propose projects that are innovative and reach populations throughout geographical regions in the State of Nevada. Proposals must address one or more of the following four specific program areas: 1) Family Preservation; 2) Family Support; 3) Family Reunification; 4) Adoption Promotion and Support Services.

Financial Reporting: Monthly Request for Reimbursement and Financial Reports along with programmatic reports will be required by the 15th of each month for the previous month. A year-end report may also be required.

Match/Cost Sharing Requirement: Successful applicants will be required to match at least 25% of the total program cost in cash or in-kind.

Risk Assessment and Subrecipient Monitoring: Successful applicants must participate in risk assessment and subrecipient monitoring. Subrecipient monitoring is intended to provide ongoing technical support to subrecipients and gather information reportable by DCFS to the federal granting agency. To facilitate the review process, materials referred to in the review documents should be gathered prior to the review. The subrecipient's primary contact person and appropriate staff should make themselves available to answer questions and assist the reviewer(s) throughout the process. For non-governmental agencies, at least one board member must also be available during the exit discussion. The subrecipient monitoring reports or action items to be addressed will be sent to the agency within 30 working days following the conclusion of the subrecipient monitoring.

Program Requirements

Collaboration with Child Welfare Agencies: All applicants must demonstrate how they will ensure ongoing collaboration with their local child welfare agency in all aspects of service provisions (under Proposal Narrative Section B, Field 3). If funded, agencies will be required to collaborate with DCFS and regional designated Child Welfare representatives to develop appropriate outcome measures to be reported monthly.

Compliance with Changes to Federal and State Laws: As federal and state laws change and affect either the DCFS GMU process or the requirements of subrecipients, successful applicants will be required to respond to and adhere to all new regulations and requirements.

Evidence-Based and Evidence-Informed programs: Programs and practices recognized as evidence-based have demonstrated the highest level of evidence of effectiveness based on a set of evaluation or research criteria. Every funded program should:

- Be based on a logic model
- Have a written manual or protocol
- Be generally accepted
- Shown to do no harm
- Demonstrate a commitment to ongoing evaluation and the establishment of a process for continuous quality improvement

Nevada 2-1-1: All successful applicants will be required to add or update their agency's profile on Nevada's 2-1-1 website located at www.nevada211.org within 60 days after receiving notification of award and provide verification of enrollment. Nevada 2-1-1 is a statewide resource for individuals looking for assistance, services, and programs.

Protective Factors Survey, 2nd Edition (PFS-2): Successful applicants that are non-profit agencies will be required to use the Protective Factors Survey. The Protective Factors Survey (PFS) is designed for use with parents and caregivers participating in family support and child maltreatment prevention services. By implementing that all subrecipients use and report the data captured by the PFS will provide us with information that will help us improve our services and our prevention efforts. The goal is to capture the following data:

- Provide agencies with a snapshot of the families they serve
- Measure changes in family protective factors, and
- Help identify areas where staff can focus on increasing protective factors for each family.

Quarterly Performance Reporting: Subrecipients who receive an award must complete performance reports on a quarterly basis and submit them as instructed by DCFS. The quarterly reports will be due by the 15th of the month following the end of the reporting quarter, please see the chart below. Successful applicants will report on their progress towards meeting their scope of work commitments and DCFS will provide a data reporting workbook for subrecipients to document their performance measures.

Application Review

DCFS staff along with application review panel members will review and evaluate each application based upon the GMU Scoring Matrix (See Appendix D). The evaluation of applications received in response to this NOFO will be conducted comprehensively, fairly and impartially. Structural, quantitative scoring techniques will be utilized to maximize the objectivity of the evaluation. The review process will include a technical review of applicant information, project narrative, program evaluation, cost effectiveness, project sustainability, scope of work, staff qualifications, collaboration and budget narrative. The review panel members will be comprised of individuals with experience and knowledge of grant management or responsibility for program service and financing.

Funding decisions will be based on the following factors:

- FFPSA criteria priority funding.
- Collaboration with the Child Welfare Agency.
- Target Population.
- Review panel scores;
- Geographic distribution of the proposed grant awards;
- Conflicts or redundancy with other funded programs or supplanting of existing funding.

Evaluation Process

Applications received by the published deadline of **5:00 pm Friday, April 15, 2022**, will be processed as follows:

STEP 1: Technical Review

DCFS staff will perform a technical review of each application to ensure that minimum standards are met.

- Applications **may** be disqualified if they are missing fundamental elements (i.e., unanswered questions, required attachments).

STEP 2: Application Review Panel

- A. Each application that passes the technical review will be evaluated for content and scored by at least two review panel members, see Appendix D: GMU Scoring Matrix.
- B. During the review process, staff will identify strengths and weaknesses and may recommend that if the application is funded:
 - Specific revisions are made to the budget or Scope of Work, or
 - Special conditions are placed on the award (e.g., certain fiscal controls, more stringent performance requirements, or more frequent reviews).
- C. The review panel will identify specific line-item areas for revision if funding limitations result in a reduction of an overall proposed budget. In the event budget reductions are necessary, an equitable formula based on application ranking and scores will be developed and applied in an impartial manner.
- D. Decisions will be based on GMU and review panel recommendations which will be provided to the Administrator of DCFS or designee for final approval.

STEP 3: Final Decisions

A successful application is not a guarantee that the applicant will receive all or partial funding for the program; or, if initially funded, that the project will receive continued funding in subsequent grant cycles.

Final funding decisions will be made by the DCFS Administrator or designee based on the following factors:

- FFPSA criteria priority funding;
- Review panel scores;
- Geographic distribution of the proposed grant awards;
- Conflicts or redundancy with other funded programs, or supplanting of existing funding;
- Alignment of the application with the four PSSF services categories.

Funding decisions made by the DCFS Administrator or designee are final. There is no appeals process.

Notification and Award Process

Successful applicants will be notified of their application status with a Letter of Intent after funding decisions have been made in June 2022

GMU staff will conduct negotiations with applicants regarding the recommendation for funding to address any specific issues identified by the GMU or the review panel. All related issues must be resolved before a grant will be awarded. These issues may include, but are not limited to:

- Revisions to the project budget;
- Revisions to the Scope of Work; and/or
- Enactment of Special Conditions (e.g., fiscal controls, performance requirements or frequency of reviews).

Upon successful conclusion of negotiations, GMU staff will complete a written grant agreement in the form of a Notice of Subaward (NOSA). The NOSA documents and Grant Instructions and Requirements (GIRs) will be distributed to the subrecipient upon approval of the subaward, see Appendix F: Notice of Subaward.

APPENDIX B: BUDGET NARRATIVE INSTRUCTIONS

Budget Narrative Instructions

All applications must include a detailed project budget for the funding cycle. **A separate budget will need to be provided for each PSSF service category.** The budget needs to accurately represent the funds necessary to carry out the proposed Scope of Work and achieve the projected outcomes for SFY20.

Note: If the proposed project does not receive the full amount requested, the GMU will work with the applicant to modify the budget, the Scope of Work and the projected outcomes.

**** All expenses must be cost allocated based on ACTUAL time worked on the project. Allocations based on budgeted amounts will not be allowed.**

Applicants **must** use the budget template form (Excel file) provided for downloading in the Budget Section of the online application and use the budget definitions provided in the “Categorized Budgets” section below to complete the narrative budget (spreadsheet tab labeled Budget Narrative. Complete a detailed budget for each service category budget tab. This spreadsheet contains formulas to automatically calculate totals and links to the budget summary spreadsheet (tab labeled Budget Summary) to automatically complete budget totals in Column B. **Do not override formulas.**

For all budget categories, provide total amount requested, item details, and line-item justification.

Personnel:

Charges made to Federal awards for salaries, wages, and fringe benefits must be based on records that accurately reflect the work performed and comply with the established policies and practices of the organization. See [2 C.F.R. § 200.430](#).

Identify employees who provide direct services. The following criterion is useful in distinguishing employees from contract staff.

CONTRACTOR	EMPLOYEE
Delivers product	The applicant organization is responsible for product
Furnishes tools and/or equipment	The applicant organization furnishes workspace & tools
Determines means and methods	The applicant organization determines means and methods

In the narrative section, list each position and employee name, if known. Provide a breakdown of the wages or salary and the fringe benefit rate (e.g., health insurance, FICA, worker's compensation). For example:

Program Director: $(\$28/\text{hour} \times 2,080/\text{year} + 22\% \text{ fringe}) \times 25\% \text{ of time} = \$17,763$

Intake Specialist: $(\$20/\text{hour} \times 40 \text{ hours/week} + 15\% \text{ fringe}) \times 52 \text{ weeks} = \$47,840$

Only those staff whose time can be traced directly back to the grant project should be included in this budget category, includes those who spend only part of their time on grant activities. Administrative/Executive Staff salaries that are not readily assignable to a project are not allowed.

Travel/Training: Travel costs must provide direct benefit to this project. Identify staff that will travel, the purpose, frequency, and projected costs. U.S. General Services Administration (GSA) rates for per Diem and lodging, and the state rate for mileage (currently \$.58), should be used unless the organization's policies specify lower rates for these expenses. Local travel (i.e., within the program's service area) should be listed separately from out-of-area travel. Out-of-state travel and nonstandard fares/rates require special justification. GSA rates can be found online at <https://www.gsa.gov/portal/category/26429>.

Identify and justify any training costs specifically associated with the project, including type of training, location, # of staff attending, benefit to subrecipient and Scope of Work implementation of a subaward.

Operating: For agencies with multiple funding sources, costs must be consistently allocated as described in the organization's cost allocation plan.

Occupancy: Detail costs associated with maintaining a facility including rent, utilities, basic maintenance, etc. Mortgage, construction, remodeling, and repairs to current structures are not allowed.

Communications: List the costs of telephones, fax, postage, etc.

Supplies: Describe the cost of all consumable items needed for the project such as office supplies, client supplies, etc. Generally, supplies do not need to be priced individually, but a list of typical program supplies is necessary.

Other operating costs: This could include insurance, dues, subscriptions, program costs, and costs not covered in the other categories. Only consumer/service delivery activities are reimbursable.

Equipment:

List and justify equipment to be purchased with for this grant project (all non-consumable items). Equipment under \$5,000 should be included under Operating Costs, Supplies. All equipment costing \$5,000 and over must be listed separately and itemized. List any computer hardware to be purchased regardless of the cost. Equipment purchased for this project must be labeled, inventoried, and tracked and remains the property of the Division of Child and Family Services (DCFS). Equipment that does not directly facilitate the purpose of the project, as an integral component, is not allowed.

Contractual/Consultant Services:

Identify project workers who are not employees of the applicant organization. Any costs associated with these workers, such as travel or per diem, should also be identified in this budget category. Explain the need and/or purpose for the contractual/consultant service and justify these costs. Describe each consultant's scope of work, list rate, hours, and cost. DCFS approval is required prior to the use of subcontractors. Written sub-agreements must be maintained and the applicant is responsible for administering sub-agreements in accordance with all requirements identified for grants administered under the PSSF. A copy of written agreements must be provided to GMU.

Other Expenses:

This category includes any relevant expenditure associated with the project not covered by the above. Wraparound funds are allowable for such items as rental assistance, transportation, utilities, children's clothing, etc. Programs requesting these funds must adhere to the following requirements: 1) Maximum per family per year = \$2,000; 2) Subgrantees must document that there was an attempt to access all other possible resources prior to use of wraparound funds; 3) Detailed documentation of where these funds were used is required.

Indirect Costs:

Indirect costs may be included in the budget and represent the expenses of doing business that are not readily identified with or allocable to a specific grant, contract, project function or activity, but are necessary for the general operation of the organization and the conduct of activities it performs. Indirect costs include but are not limited to depreciation and use allowances, facility operation and maintenance, memberships, and general administrative expenses such as management/administration, accounting, payroll, legal and data processing expenses that cannot be traced directly back to the grant project.

Subrecipients without a negotiated indirect rate with their cognizant federal agency may use a 10% *de minimis* rate of "modified total direct costs" (MTDC). The *de minimis* rate is only an option for subrecipients that have **never** received an approved federally negotiated indirect cost rate. The MTDC base includes all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards up to the first \$25,000 of each subaward. MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$25,000. [2 C.F.R. § 200.68](#)

When the *de minimis* rate is used, costs must be consistently charged as either indirect or direct costs. Double charging is not permitted. Transferring funds into or out of the indirect cost category is not allowable without prior approval and a budget modification is required.

Subrecipients that have a current federally approved indirect cost rate with their federal cognizant agency for indirect costs may include the negotiated percentage rate in their budgets. A copy of the negotiated indirect agreement must be attached to the application.

Organizations planning to use the *de minimis* MTDC indirect rate can identify indirect costs in the narrative section, but do not need to enter any dollar values. The form contains a formula that will automatically calculate the indirect expense at 10% of the MTDC.

Budget Summary Form 2

After completing Budget Narrative Form 1, turn to Budget Summary Form 2. Column B of Form 2 ("DCFS") should automatically update with the category totals from Budget Narrative Form 1. Column B should reflect only the amount requested in this application.

Complete Columns C through G of the form for all other funding sources that are either secured or pending for this project (not for the organization as a whole). Use a separate column for each separate source, including in-kind, volunteer, or cash donations. Replace the words "Other Funding" in the cell(s) in Row 6 with the name of the funding source. Enter either "Secured" or "Pending" in the cell(s) in Row 7. If the funding is pending, note the estimated date of the funding decision in Section B below the table, along with any other explanation deemed important to include.

Enter the "Total Agency Budget" in Cell I-26 labeled for this purpose. **This should include all funding available to the agency for all projects including the proposed project.** Cell I-27 directly below, labeled "Percent of Total Budget," will automatically calculate the percentage that the funding requested from the DCFS for the proposed project will represent.

Budget Summary Form 3

After completing Budget Narrative Forms 1 and 2, turn to Budget Summary Form 3 to provide Match Information. Identify and justify match of 25% for the subaward project. All funds designated as match are restricted to the same uses as the subaward funds and must be expended within the grant period.
