**BACKGROUND:**

**Project Description**

General Summary

- Site Address: 2425 Apricot Lane & 5220 Smoke Ranch Road
- Site Acreage: 1.12
- Existing Land Use: Undeveloped

Applicant's Justification

The applicant states that other properties in the area, within the City of Las Vegas, have similar or higher densities than allowed by the proposed Mid-Intensity Suburban Neighborhood (MN) land use category. Such examples include an R-PD6 zoned development approximately 350 feet to the west, an R-PD11 zoned development approximately 1,200 feet to the west, an R-PD9 development approximately 2,100 feet to the west, and an R-PD6 development approximately 1,100 feet to the north. Designating the site to the proposed Mid-Intensity Suburban Neighborhood land use category will help fulfill the need for affordable single-family homes in Clark County. The property is also located adjacent to Smoke Ranch Road, an arterial street; and therefore, can handle additional traffic. The applicant indicates the non-permitted outside storage and fencing will be removed from the property.

### STANDARDS FOR ADOPTION:

The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

### Analysis

#### Comprehensive Planning

The applicant shall establish the request is consistent with the overall intent of the Master Plan by demonstrating the proposed amendment 1) is based on changed conditions or further studies; 2) is compatible with the surrounding area; 3) will not have a negative effect on adjacent properties or on transportation services and facilities; 4) will have a minimal effect on service provision or is compatible with existing and planned service provision and future development of the area; 5) will not cause a detriment to the public health, safety, and general welfare of the people of Clark County; and 6) adherence to the current goals and policies of the Master Plan would result in a situation neither intended by nor in keeping with other core values, goals, and policies.

The applicant requests a change from Ranch Estate Neighborhood (RN) to Mid-Intensity Suburban Neighborhood (MN). Intended primary land uses in the proposed Mid-Intensity Suburban Neighborhood (MN) land use category include single-family attached and detached, and duplexes. Supporting land uses include accessory dwelling units and neighborhood-serving public facilities, such as parks, trails, open space, places of assembly, schools, libraries, and other complementary uses.

Staff finds that the current land use category of Ranch Estate Neighborhood (RN) to be more appropriate for the area than the proposed Mid-Intensity Suburban Neighborhood (MN). The site is located within a County island within the Lone Mountain Planning Area, that is surrounded by the City of Las Vegas, where all the properties within the County island are planned for Ranch Estate Neighborhood (RN) uses. Changing the land use category to Mid-Intensity Suburban Neighborhood (MN) for this site would be out of character and not compatible with the adjacent and surrounding properties in the County's jurisdiction. The request does not comply with Policy LM-1.4 of the Master Plan which promotes protecting the character of existing Ranch Estate Neighborhoods by discouraging the development of lots less than 20,000 square feet; and Policy LM-1.2 which supports preserving the integrity of contiguous and uniform neighborhoods and encourages compatible in-fill development. For these reasons, staff finds the request for the Mid-Intensity Suburban Neighborhood (MN) land use category not appropriate for this location.

**Staff Recommendation**

Denial. This item has been forwarded to the Board of County Commissioners for final action.

If this request is adopted, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
