Opportunity Summary

Opportunity Summary

Community-Based Child Abuse Prevention (CBCAP) programs, which are authorized as part of the Child Abuse Prevention and Treatment Act (CAPTA), has a rich history of promoting efforts to support families and prevent child maltreatment. The law emphasizes support for community-based efforts to develop, operate, expand, enhance, and coordinate initiatives, programs and activities to prevent child abuse and neglect.

This aligns with the focus of the Children's Bureau (CB), which oversees the implementation of CBCAP programs and has prioritized efforts to support families before any child is harmed. Recognizing individual child abuse and neglect prevention programs cannot do this work alone, CB has made a call to action to the child welfare field to implement primary prevention strategies to strengthen families and prevent the unnecessary removal of children from their homes. CBCAP grantees are in a unique position of leadership in this effort, as CAPTA further promotes state lead agencies to develop networks of coordinated resources and activities and leverage funding streams to effectively strengthen and support families and reduce the likelihood of child abuse and neglect.

CAPTA also stresses the importance of identifying parent leaders and involving parents, including members from underrepresented and underserved groups, in the planning, implementation, and improvement of community-based child abuse prevention programs.

The Children's Trust Fund (CTF) is dedicated to the prevention of child abuse and neglect. It was established in 1985 by the State Legislature ([NRS 432.131](#)) and is administered by the Division of Child and Family Services Grant Management Unit (GMU). The CTF is a special account that receives fees from Nevada birth and death certificates. To supplement the Fund, the GMU submits an annual application for federal [Community-Based Child Abuse Prevention \(CBCAP\)](#) grant funds, established by Title II of the Child Abuse Prevention and Treatment Act Amendments of 1996 and most recently reauthorized by the CAPTA Reauthorization Act of 2010.

DCFS GMU is publishing a Notice of Funding Opportunity (NOFO) for State Fiscal Year 2022 for **primary and secondary prevention programs for child abuse and neglect funded through both CBCAP and CTF**. The [Grants Management Advisory Committee \(GMAC\)](#) reviews the applications and makes award recommendations.. The GMAC focuses on funding programs that provide parenting education, self-protection education for children, respite care, home visitation, and public awareness of child abuse and neglect.

Community-Based Child Abuse Prevention Purposes are:

1. To support community-based efforts to develop, operate, expand, enhance, and coordinate initiatives, programs, and activities to prevent child abuse and neglect and to support the coordination of resources and activities to better strengthen and support families to reduce the likelihood of child abuse and neglect; and
2. To foster understanding, appreciation, and knowledge of diverse populations in order to effectively prevent and treat child abuse and neglect.

Children's Trust Fund Purposes are:

As the state's prevention of child abuse and neglect program CTF's purpose is aligned with CBCAPs in an effort to unite forces to prevent child abuse and maltreatment in our state and to meet the performance measure.

Programs Target Population

- Parents (all, new, teens, etc.)
- Parents and/or children with disabilities
- Racial and ethnic minorities
- Members of underserved or underrepresented groups
- Fathers
- Homeless families and those at risk of homelessness
- Unaccompanied homeless youth
- Adult former victims of child abuse and neglect or domestic violence

Authorized Activities

- Comprehensive support for parents (CBCAP/CTF)
- Promote the development of parenting skills (CBCAP/CTF)
- Improve family access to formal and informal resources (CBCAP/CTF)
- Support needs of parents with disabilities through respite or other activities (CBCAP/CTF)
- Provide referrals for early health and development services (CBCAP/CTF)
- Promote meaningful parent leadership (CBCAP/CTF)
- Promote self-protection education for children (CTF)

Primary Prevention

Primary prevention consists of activities that are targeted toward the community at large. These activities are meant to impact families prior to any allegations of abuse and neglect. Primary prevention services include public education activities, parent education classes that are open to anyone in the community, and family support programs. Primary prevention can be difficult to measure because you are attempting to impact something before it happens, an unknown variable.

Secondary Prevention

Secondary prevention consists of activities targeted to families that have one or more risk factors including families with substance abuse, teen parents, parents of special need children, single parents, and low-income families. Secondary prevention services include services such as, parent education classes targeted for high risk parents, respite care for parents of a child with a disability, or home visiting programs for new parents.

Grant Requirements

Eligibility: Community-based organizations, school districts, tribal governments, and local government agencies.

Funding Period: Grants will be awarded for a 12-month period: July 1, 2021 through June 30, 2022.

Program Services: Funds are awarded on an SFY basis and are dependent upon availability of federal or state funding, compliance with grant requirements and proposed activities outlined in the Scope of Work (SOW). New and current subrecipients are encouraged to propose projects that are innovative and reach populations throughout geographical regions in the State of Nevada.

Financial Reporting: Monthly Request for Reimbursement and Financial Reports will be required by the 15th of each month for the previous month.

Quarterly Performance Reporting: The quarterly reports will be due by the 15th of the month following the end of the reporting quarter. A year-end report is also required and is due July 15, 2022

Confidentiality: Applicants will be required to maintain the confidentiality of any information that would identify persons receiving services and to conduct background checks on all employees, volunteers and other workforce members that are in direct contact with children or families that are receiving services.

Program Requirements

Coordination with Other Systems: As a child abuse prevention program, it is required that all successful subrecipients participate in the collaborative effort of various agencies or organizations by working with existing programs or forming new partnerships to provide the proposed services. Successful applicants agree to collaborate with the agency, Prevent Child Abuse Nevada.

Compliance with Changes to Federal and State Laws: As federal and state laws change and affect either the DCFS GMU process or the requirements of subrecipients, successful applicants will be required to respond to and adhere to all new regulations and requirements.

Evidence-Based and Evidence-Informed programs: Programs and practices recognized as evidence-based have demonstrated the highest level of evidence of effectiveness based on a set of evaluation or research criteria. Every funded program should:

- Be based on a logic model
- Have a written manual or protocol
- Be generally accepted
- Shown to do no harm
- Demonstrate a commitment to ongoing evaluation and the establishment of a process for continuous quality improvement

Nevada 2-1-1: All successful applicants will be required to add or update their agency's profile on Nevada's 2-1-1 website located at www.nevada211.org within 60 days after receiving notification of award and provide verification of enrollment. Nevada 2-1-1 is a statewide resource for individuals looking for assistance, services, and programs.

Parent Leadership and Involvement: Parents are central to family support models and should be encouraged to develop to their potential. Parent support, education, and leadership work together to help them develop the skills to do just that. By fostering parents in the role of experts and leaders, families benefit from improved self-worth and act as better advocates for their needs. In contrast, programs benefit from being more responsive and accountable to the families they serve.

Required Training: Data Management is an online course offered by FRIENDS ([Friends NRC I](#)) through their Online Learning Center as a resource designed to meet the demands of providing high quality, subject-specific training free. GMU requires that all successful subrecipients comply with this course within the first six month of the project year. To access the course visit [FRIENDS Online Learning Center \(remote-learner.net\)](#).

Protective Factors Survey, 2nd Edition (PFS-2): Successful applicants will be required to use the Protective Factors Survey. The Protective Factors Survey (PFS) is designed for use with parents and caregivers participating in family support and child maltreatment prevention services. By implementing that all subrecipients use and report the data captured by the PFS will provide us with information that will help us improve our services and our prevention efforts. The goal is to capture the following data:

- Provide agencies with a snapshot of the families they serve

- Measure changes in family protective factors, and
- Help identify areas where staff can focus on increasing protective factors for each family.

Application Review

DCFS GMU staff along with application review panel members will review and evaluate each application based upon the GMU Scoring Matrix (See Appendix C). The evaluation of applications received in response to this NOFO will be conducted comprehensively, fairly, and impartially. Structural, quantitative scoring techniques will be used to maximize the objectivity of the evaluation. The review process will include a technical review of applicant information, project narrative, program evaluation, cost effectiveness, project sustainability, scope of work, staff qualifications, collaboration and budget narrative.

The review panel members will be comprised of individuals with experience and knowledge of grant management or responsibility for program service and financing. GMU will gather the review panel's funding suggestion to submit to the GMAC for final funding decision based on the following:

- Review panel scores.
- Programs priority funding populations.
- Geographic distribution of the proposed grant awards.
- Conflicts or redundancy with other funded programs.
- Supplanting of existing funding.

Evaluation Process

Applications received by the published deadline of **5:00 pm Friday, March 5, 2021** will be processed as follows:

STEP 1: Technical Review

DCFS staff will perform a technical review of each application to ensure that minimum standards are met.

- Applications may be disqualified if they are missing fundamental elements (i.e., unanswered questions, required attachments). The DCFS staff will reach out to applicants for clarification on missing documents, attachments that cannot be opened, or any other application issues. If the applicant does not respond within 3 business days, the application may be disqualified.

STEP 2: Application Review Panel

- A. Each application that passes the technical review will be evaluated for content and scored by at least two review panel members using the Scoring Matrix (See Appendix C).
- B. During the review process, staff will identify strengths and weaknesses and may recommend that if the application is funded:
 - Specific revisions are made to the budget or Scope of Work; or
 - Special conditions are placed on the award (e.g., certain fiscal controls, more stringent performance requirements, or more frequent reviews).
- C. The review panel will identify specific line-item areas for revision if funding limitations result in a reduction of an overall proposed budget. In the event budget reductions are necessary, an equitable formula based on application ranking and scores will be developed and applied in an impartial manner.
- D. Decisions will be based on the review panel and the GMAC's recommendations.

STEP 3: Final Decisions

A successful application does not guarantee an agency will receive all or partial funding for the program, or, if initially funded, that the project will receive continued funding in subsequent grant cycles.

Final funding decisions will be made by the DHHS Director or designee based on the identified factors listed under the Application Review section.

Note: Funding decisions made by the DCFS Administrator or designee are final. There is no appeals process.

Notification and Award Process

Applicants will be notified of their status with a Letter of Intent after decisions have been made in May 2021. Subrecipients will have 15 days from the date the Letter of Intent is sent to respond.

GMU staff will conduct negotiations with the applicants regarding the recommendation for funding to address any specific issues identified by the GMU or review panel. All related issues must be resolved before a grant will be awarded. These issues may include but are not limited to:

- Revisions to the project budget,
- Revisions to the Scope of Work, and/or
- Enactment of Special Conditions (e.g., certain fiscal controls, more stringent performance requirements or more frequent reviews).

Upon successful conclusion of negotiations, GMU staff will complete a written grant agreement in the form of a Notice of Subaward (NOSA). The NOSA documents and Grant Instructions and Requirements (GIRs) will be distributed to the subrecipient upon approval of the subaward.

Post Award Requirements

A. Monthly Financial Status and Request for Reimbursements (RFR)

DCFS requires the use of a standardized Excel spreadsheet reimbursement request form that self-populates certain financial information. This form must be used for all reimbursement requests. Monthly reports are required even if no reimbursement is requested for a month. Instructions and technical assistance will be provided upon award of funds. The monthly reports will be due by the 15th of the following month.

- Instructions and technical assistance will be provided upon the awarding of funds.
- Support must reasonably reflect the total activity for which the employee is compensated by the organization and cover both federally funded and all other activities. The records may include the use of subsidiary records as defined in the organization's written policies.
- Where grant recipients work on multiple grant programs or cost activities, documentation must support a reasonable allocation or distribution of costs among specific activities or cost objectives. **** All expenses must be cost allocated based on ACTUAL time worked on the project. Allocations based on budgeted amounts will not be allowed.**
- In cases where two or more grants constitute one identified activity or program, salary charges to one grant may be allowable after written permission is obtained from the awarding agency.

Examples: Items that may support salaries and wages must include timesheets, time and effort reports, or activity reports that have been certified by the employee and approved by a supervisor with firsthand knowledge of the work performed. Payroll records should also reflect either after the fact distribution of actual activities or certifications of employee's actual work performed.

Note: Per the DOJ Grants Financial Guide: Charges made to Federal awards for salaries, wages, and fringe benefits must be based on records that accurately reflect the work performed and comply with the established policies and practices of the organization. See 2 C.F.R. § 200.430.

B. Risk Assessment and Subrecipient Monitoring

Successful applicants must participate in risk assessment and subrecipient monitoring. Subrecipient monitoring is intended to provide ongoing technical support to subrecipients and gather information reportable by DCFS to the federal granting agency. To facilitate the review process, materials referred to in the review documents should be gathered prior to the review. The subrecipient's primary contact person and appropriate staff should make themselves available to answer questions and assist the reviewer(s) throughout the process. For non-governmental agencies, at least one board member must also be available during the exit discussion. The subrecipient monitoring reports or action items to be addressed will be sent to the agency within 30 working days following the conclusion of the subrecipient monitoring.

C. Performance Reports

Subrecipients who receive an award must complete performance reports on a quarterly basis and submit them as instructed by DCFS. The quarterly reports will be due by the 15th of the month following the end of the reporting quarter, please see the chart below. Successful applicants will report on their progress towards meeting their scope of work commitments and DCFS will provide a data reporting workbook for subrecipients to document their performance measures. Subrecipients will be required to provide source documentation that corresponds to the data reported. The reporting timeframe is below:

Reporting Period	Type of Data Required	Due Dates
July 1 — September 30	Program Performance Measures	October 15
October 1 — December 31		January 15
January 1 — March 31		April 15

APPENDIX A: BUDGET NARRATIVE INSTRUCTIONS

Budget Narrative Instructions

All applications must include a detailed project budget for the funding cycle. The budget needs to accurately represent the funds necessary to carry out the proposed Scope of Work and achieve the projected outcomes for SFY20.

Note: If the proposed project does not receive the full amount requested, the GMU will work with the applicant to modify the budget, the Scope of Work and the projected outcomes.

Applicants **must** use the budget template form (Excel file) provided for downloading in the Budget Section of the online application and use the budget definitions provided in the “Categorized Budgets” section below to complete the narrative budget (spreadsheet tab labeled Budget Narrative. Complete a detailed budget for each service category budget tab. This spreadsheet contains formulas to automatically calculate totals and links to the budget summary spreadsheet (tab labeled Budget Summary) to automatically complete budget totals in Column B. **Do not override formulas.**

For all budget categories, provide total amount requested, item details, and line item justification.

Personnel:

Charges made to Federal awards for salaries, wages, and fringe benefits must be based on records that accurately reflect the work performed and comply with the established policies and practices of the organization. See [2 C.F.R. § 200.430](#).

Identify employees who provide direct services. The following criterion is useful in distinguishing employees from contract staff.

CONTRACTOR	EMPLOYEE
Delivers product	The applicant organization is responsible for product
Furnishes tools and/or equipment	The applicant organization furnishes workspace & tools
Determines means and methods	The applicant organization determines means and methods

In the narrative section, list each position and employee name, if known. Provide a breakdown of the wages or salary and the fringe benefit rate (e.g., health insurance, FICA, worker’s compensation). For example:

Program Director: $(\$28/\text{hour} \times 2,080/\text{year} + 22\% \text{ fringe}) \times 25\% \text{ of time} = \$17,763$

Intake Specialist: $(\$20/\text{hour} \times 40 \text{ hours/week} + 15\% \text{ fringe}) \times 52 \text{ weeks} = \$47,840$

Only those staff whose time can be traced directly back to the grant project should be included in this budget category, includes those who spend only part of their time on grant activities. Administrative/Executive Staff salaries that are not readily assignable to a project are not allowed.

Travel/Training: Travel costs must provide direct benefit to this project. Identify staff that will travel, the purpose, frequency, and projected costs. U.S. General Services Administration (GSA) rates for per Diem and lodging, and the state rate for mileage (currently \$.58), should be used unless the organization's policies specify lower rates for these expenses. Local travel (i.e., within the program's service area) should be listed separately from out-of-area travel. Out-of-state travel and nonstandard fares/rates require special justification. GSA rates can be found online at <https://www.gsa.gov/portal/category/26429>.

Identify and justify any training costs specifically associated with the project, including type of training, location, # of staff attending, benefit to subrecipient and Scope of Work implementation of the a subaward.

Operating: For agencies with multiple funding sources, costs must be consistently allocated as described in the organization's cost allocation plan.

Occupancy: Detail costs associated with maintaining a facility including rent, utilities, basic maintenance, etc. Mortgage, construction, remodeling, and repairs to current structures are not allowed.

Communications: List the costs of telephones, fax, postage, etc.

Supplies: Describe the cost of all consumable items needed for the project such as office supplies, client supplies, etc. Generally, supplies do not need to be priced individually, but a list of typical program supplies is necessary.

Other operating costs: This could include insurance, dues, subscriptions, program costs, and costs not covered in the other categories. Only consumer/service delivery activities are reimbursable.

Equipment:

List and justify equipment to be purchased with for this grant project (all non-consumable items). Equipment under \$5,000 should be included under Operating Costs, Supplies. All equipment costing \$5,000 and over must be listed separately and itemized. List any computer hardware to be purchased regardless of the cost. Equipment purchased for this project must be labeled, inventoried, and tracked and remains the property of the Division of Child and Family Services (DCFS). Equipment that does not directly facilitate the purpose of the project, as an integral component, is not allowed.

Contractual/Consultant Services:

Identify project workers who are not employees of the applicant organization. Any costs associated with these workers, such as travel or per diem, should also be identified in this budget category. Explain the need and/or purpose for the contractual/consultant service and justify these costs. Describe each consultant's scope of work, list rate, hours, and cost. DCFS approval is required prior to the use of subcontractors. Written sub-agreements must be maintained and the applicant

is responsible for administering sub-agreements in accordance with all requirements identified for grants administered under the CBCAP/CTF. A copy of written agreements must be provided to GMU.

Other Expenses:

This category includes any relevant expenditure associated with the project not covered by the above. Wraparound funds are allowable for such items as rental assistance, transportation, utilities, children's clothing, etc. Programs requesting these funds must adhere to the following requirements: 1) Maximum per family per year = \$2,000; 2) Subrecipients must document that there was an attempt to access all other possible resources prior to use of wraparound funds; 3) Detailed documentation of where these funds were used is required.

Indirect Costs:

Indirect costs may be included in the budget and represent the expenses of doing business that are not readily identified with or allocable to a specific grant, contract, project function or activity, but are necessary for the general operation of the organization and the conduct of activities it performs. Indirect costs include but are not limited to depreciation and use allowances, facility operation and maintenance, memberships, and general administrative expenses such as management/administration, accounting, payroll, legal and data processing expenses that cannot be traced directly back to the grant project.

Subrecipients without a negotiated indirect rate with their cognizant federal agency may use a 10% *de minimis* rate of "modified total direct costs" (MTDC). The *de minimis* rate is only an option for subrecipients that have **never** received an approved federally negotiated indirect cost rate. The MTDC base includes all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards up to the first \$25,000 of each subaward. MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$25,000. [2 C.F.R. § 200.68](#)

When the *de minimis* rate is used, costs must be consistently charged as either indirect or direct costs. Double charging is not permitted. Transferring funds into or out of the indirect cost category is not allowable without prior approval and a budget modification is required.

Subrecipients that have a current federally approved indirect cost rate with their federal cognizant agency for indirect costs may include the negotiated percentage rate in their budgets. A copy of the negotiated indirect agreement must be attached to the application.

Organizations planning to use the *de minimis* MTDC indirect rate can identify indirect costs in the narrative section, but do not need to enter any dollar values. The form contains a formula that will automatically calculate the indirect expense at 10% of the MTDC.

Budget Summary Form 2

After completing Budget Narrative Form 1, turn to Budget Summary Form 2. Column B of Form 2 (“DCFS”) should automatically update with the category totals from Budget Narrative Form 1. Column B should reflect only the amount requested in this application.

Complete Columns C through G of the form for all other funding sources that are either secured or pending for this project (not for the organization as a whole). Use a separate column for each separate source, including in-kind, volunteer, or cash donations. Replace the words “Other Funding” in the cell(s) in Row 6 with the name of the funding source. Enter either “Secured” or “Pending” in the cell(s) in Row 7. If the funding is pending, note the estimated date of the funding decision in Section B below the table, along with any other explanation deemed important to include.

Enter the “Total Agency Budget” in Cell I-26 labeled for this purpose. **This should include all funding available to the agency for all projects including the proposed project.** Cell I-27 directly below, labeled “Percent of Total Budget,” will automatically calculate the percentage that the funding requested from the DCFS for the proposed project will represent.

Budget Summary Form 3

After completing Budget Narrative Forms 1 and 2, turn to Budget Summary Form 3 to provide Match Information. Identify and justify match of 25% for the subaward project. All funds designated as match are restricted to the same uses as the subaward funds and must be expended within the grant period.

GRANT CONDITIONS AND ASSURANCES

General Conditions

1. Nothing contained in this Agreement is intended to, or shall be construed in any manner, as creating or establishing the relationship of employer/employee between the parties. The Recipient shall at all times remain an "independent contractor" with respect to the services to be performed under this Agreement. The Department of Health and Human Services (hereafter referred to as "Department") shall be exempt from payment of all Unemployment Compensation, FICA, retirement, life and/or medical insurance and Workers' Compensation Insurance as the Recipient is an independent entity.
2. The Recipient shall hold harmless, defend and indemnify the Department from any and all claims, actions, suits, charges and judgments whatsoever that arise out of the Recipient's performance or nonperformance of the services or subject matter called for in this Agreement.
3. The Department or Recipient may amend this Agreement at any time provided that such amendments make specific reference to this Agreement, and are executed in writing, and signed by a duly authorized representative of both organizations. Such amendments shall not invalidate this Agreement, nor relieve or release the Department or Recipient from its obligations under this Agreement.
 - The Department may, in its discretion, amend this Agreement to conform with federal, state or local governmental guidelines, policies and available funding amounts, or for other reasons. If such amendments result in a change in the funding, the scope of services, or schedule of the activities to be undertaken as part of this Agreement, such modifications will be incorporated only by written amendment signed by both the Department and Recipient.
4. Either party may terminate this Agreement at any time by giving written notice to the other party of such termination and specifying the effective date thereof at least 30 days before the effective date of such termination. Partial terminations of the Scope of Work in Section B may only be undertaken with the prior approval of the Department. In the event of any termination for convenience, all finished or unfinished documents, data, studies, surveys, reports, or other materials prepared by the Recipient under this Agreement shall, at the option of the Department, become the property of the Department, and the Recipient shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents or materials prior to the termination.
 - The Department may also suspend or terminate this Agreement, in whole or in part, if the Recipient materially fails to comply with any term of this Agreement, or with any of the rules, regulations or provisions referred to herein; and the Department may declare the Recipient ineligible for any further participation in the Department's grant agreements, in addition to other remedies as provided by law. In the event there is probable cause to believe the Recipient is in noncompliance with any applicable rules or regulations, the Department may withhold funding.
