**Project Description**

General Summary

- Site Address: N/A
- Site Acreage: 0.8
- Project Type: Tavern
- Number of Stories: 1
- Building Height (feet): 24
- Square Feet: 4,600
- Parking Required/Provided: 46/49

### Site Plan

The previously approved plans depict a tavern building located near the south portion of the property at the corner of Silverado Ranch Boulevard and Arville Street. Access to the site is provided by 1 driveway on Arville Street. Parking for the tavern is located on the northerly portion of the parcel with a future cross access easement provided along the east side of the parcel. The building is set back 35 feet from Silverado Ranch Boulevard and 12 feet 6 inches from Arville Street.

The revised plans submitted with companion item WS-23-0709 depict a similar design for a proposed tavern and on-site consumption of alcohol with restricted gaming. Access to the site is provided by 1 driveway on Arville Street. Parking for the tavern is located on the northerly portion of the parcel. The building is set back 35 feet from Silverado Ranch Boulevard and 12 feet 6 inches from Arville Street. The applicant is now requesting to allow an attached sidewalk, to increase wall height and to reduce departure distance. In addition, the applicant is requesting to reduce the 36 foot minimum driveway width.

In 2022, the adjacent properties were approved to be rezoned to Residential Urban Density for the development of single family residential development (NZC-22-0381). Since then, the connectivity between the project and a planned residential development is not suited for the project. The applicant has submitted 2 companion application requests. Companion application WC-23-400155 (ZC-0339-08) is to waive the prior conditions for a cross access and parking easements and WS-23-0709 requests waivers to Title 30 standards for attached sidewalks, retaining wall height, parking lot landscaping, reduce driveway width, and reduce departure distance.

### Landscaping

The previously approved plans show an approximate 15 foot wide landscape area with a detached sidewalk along both Arville Street and Silverado Ranch Boulevard, and a 10 foot wide landscape area consisting of trees and groundcover along the north and east property lines. Interior to the site, landscaping is distributed throughout the parking lot and around portions of the building footprint. The landscape materials include large trees, shrubs, and groundcover.

Per the waiver of development standards included in the companion application (WS-23-0709) a 10 foot wide landscape area consisting of trees and groundcover is located along the south and west property lines, behind an attached sidewalk. Interior to the site, minimal landscaping is distributed throughout the parking lot and around portions of the building footprint. The landscape materials include large trees, shrubs, and groundcover. An intense landscape buffer is shown on the plan where residential uses are adjacent to the proposed project per Figure 30.64-12. This new application submitted by the applicant includes waivers to eliminate parking lot landscaping and landscape finger islands within the proposed parking lot.

### Elevations

The approved building is proposed to be 1 story, with the height of the building varying from 20 feet to 24 feet with elements to break-up the roofline. Materials will consist of colored stucco, decorative cornice molding, and aluminum storefront window system.

### Floor Plan

The approved tavern will have an area of 4,600 square feet consisting of a bar, dining area, separate seating area, kitchen, offices, and restrooms.

### Signage

Signage is not a part of this request.

### Previous Conditions of Approval

Listed below are the approved conditions for ET-22-400102 (WS-19-0816):

#### Current Planning

- Until December 04, 2023 to commence.
- Enter into a standard development agreement prior to any permits or subdivision mapping in order to provide fair-share contribution toward public infrastructure necessary to provide service because of the lack of necessary public services in the area.
- Applicant is advised that the County is currently rewriting Title 30 and future land use applications, including applications for extensions of time, will be reviewed for conformance with the regulations in place at the time of application; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; and that the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified.

#### Public Works - Development Review

- 30 days to coordinate with Public Works - Design Division and to dedicate any necessary right-of-way and easements for the Silverado Ranch Boulevard and the Silverado Ranch Detention Basin improvement projects;
- Compliance with previous conditions.

### Applicant's Justification

The requested extension of time will allow the applicant to work through the necessary project development permitting approvals prior to commencing construction. Concurrently, the applicant has submitted related entitlement requests for the project (WS-23-0709). The applicant hereby requests a second extension of time for WS-19-0816, to allow a 2 year extension to commence construction by December 4, 2025.

### STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

#### Analysis

##### Comprehensive Planning

Title 30 standards of approval on an extension of time application state that such an application may be denied or have additional conditions imposed if it is found that circumstances have substantially changed. A substantial change may include, without limitation, a change to the subject property, a change in the areas surrounding the subject property, or a change in the laws or policies affecting the subject property. Using the criteria set forth in Title 30, no substantial changes have occurred at the subject site since the original approval. **Staff supports the request since per the revised Title 30, a use permit is no longer required for a tavern.**

##### Public Works - Development Review

There have been no significant changes in this area. Staff has no objection to this extension of time.

##### Staff Recommendation

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
