EXHIBIT A YOUTH CRISIS TRIAGE AND INTERVENTION SERVICES SCOPE OF WORK

Program Design and Implementation

The main objective of the program is to help families develop tools and coping skills to resolve current as well as future issues or problems, improve the overall health of the family system, as well as the community. This program will provide family intervention on the front end in three different ways, the first is in the field responding once police have identified a family in crisis, but no arrest was warranted. Second, the Community Oriented Policing (COP) team identifies a youth and family in crisis and completes a referral to Harbor Crisis Response Services (HCRS). Thirdly, HCRS staff will continue to respond to Juvenile Booking, but will expand services to youth transitioning back to the home and provide crisis stabilization services for the whole family.

HCRS completes an initial intake that includes assessments, youth and family interviews, safety plan, and case plan. The case plan is developed with the voice of the youth and family and the results of the assessments and interviews. The case plan is designed with specific, measurable, attainable, relevant, and timely goals to set up the youth up for success. HCRS staff utilize skills in building relationships and family engagement to increase family success. HCRS will coordinate with Mobile Crisis Response Team to ensure a streamlined approach to crisis intake and triage in order to provide a continuity of care.

HCRS will provide 60 days of case management services that include subsequent in-home visits with the youth and family. During the case management period, staff will continue to monitor the case plan and initial safety plan for effectiveness. At 30 days, the case plan will be fully reviewed with the youth and family to determine additional needs and progress towards goals. DJJS engages with numerous community providers to support youth and families. Community providers undergo a comprehensive process to become a vetted provider. HCRS will identify services needed to meet the needs of youth and families with access to the DJJS vetted providers. These providers offer services for mental health, parenting, behavioral health, substance abuse, housing, employment, and educational support.

Goal 1: 80% of youth and families served will complete their case plan successfully.

Goal 2: 90% of youth and families will be referred to two or more resources.

Goal 3: 80% of youth will not escalate to the juvenile justice system three years post services.

The HCRS as a program within The Harbor will focus on the most underserved populations within our community, just as The Harbor does. The Harbor Juvenile Assessment Center opened with the goal of diverting youth of color from the juvenile justice system. The HCRS will continue that mission to serve youth of color.

HCRS will respond to homes, eliminating transportation barriers. The program will seek out bilingual specialists as well as those that sign to best serve the clients of the program. We will also advertise the program with agencies that specialize in serving the LGBTQIA+, community. Current trainings offered are being reviewed in order to enhance curriculum specific to underserved and specialty populations. The Harbor partners with The Center, which provides programs, resources, and services to meet the needs of the LGBTQIA+ community.

The Harbor provides direct services to referred youth and their families. Harbor locations are open for community members to seek guidance, assistance, or direction. HCRS staff engage youth and families by providing services in-person, in the home, at Juvenile Booking, at a Harbor location, or community. Also, Harbor staff is comprised of multi-disciplinary teams including but not limited to Mental Health Providers, Case Managers, Outreach Workers, Attendance Officers, and Family Services Specialists.

The Harbor is currently offering HCRS in partnership with the Eighth Judicial Court specific to youth with first and/or second Battery Domestic Violence charges. Currently there is no waitlist for services.

Availability of Services

Services are available to Clark County residents. HCRS will operate seven days a week from 10:00 am-11:00 pm.

Clark County Department of Juvenile Justice Services is funded by Clark County, Nevada. Clark County employs more than 10,000 people in 38 departments. The County is known for its strong ending fund balance, overall financial strength, and an investment-quality credit rating. Annual revenue for DJJS secured through 6/30/24 totaled \$59,004,013. DJJS obtains funding from numerous resources to sustain its programs. Federal, state, and local government dollars provide the foundation for the agency, augmented by grant funds from both public and private sources. DJJS is the local public agency whose role is to provide juvenile justice services. There are dedicated full-time staff from multiple agencies who work at The Harbor. DJJS has interlocal agreements in place with local government agencies and has agreements with providers such as Eagle Quest.

Measurable, Goals, and Objectives: Scope of Work

HCRS will maintain an average case load of 24 families. Maintaining low case load will increase attention and quality provided to each case. HCRS will serve approximately 775 families per year.

Target Population

The purpose of this proposal is to serve Southern Nevada's youth aged 17 years old or younger and their families experiencing crisis and other emergent issues within the home. The HCRS, will provide crisis intervention, triage, and follow-up, ensuring the entire family system is assessed, a safety plan is developed, and services and supports are initiated. Appropriate services and supports are driven by assessment results that include youth and family feedback and information gleaned from validated tools administered. The initial part of the program is specifically designed to divert youth and families from entering formal systems such as juvenile justice and child welfare when families can safely receive services within the community, thereby reducing traumatic experiences, building family resilience, and creating community connectedness. The goal is to strengthen the family by providing resources and supports that address the family system as a whole.

The Harbor Division is within the Department of Juvenile Justice Services. The Harbor has five locations throughout Clark County and is open seven (7) days a week. The Harbor is a safe network where families and youth can seek guidance. The Harbor operates in three cities within Clark County: Las Vegas, North Las Vegas, and Henderson. Within the Harbor network are agencies and resources for families that can provide family counseling, mental health counseling, anger management, youth mentorship, substance abuse counseling, tutoring, truancy prevention, distance learning support, as well as food and clothing assistance. HCRS supports underserved population through no cost access to assessment, intervention, and case management services.

Methods of Accomplishments
