**Project Description**

General Summary

- Site Address: N/A
- Site Acreage: 1.25
- Existing Land Use: Undeveloped

Applicant’s Justification

The applicant states that a single-family residential development was originally proposed for the site, but neighboring property owners expressed opposition to the residential development and indicated a preference for a commercial use instead. Therefore, the applicant is requesting a plan amendment for the Neighborhood Commercial (NC) land use category. The plan amendment is appropriate as it aligns with the evolving needs of the community and strategically complements the surrounding land use designations.

**STANDARDS FOR ADOPTION:**

The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

**Analysis**

**Comprehensive Planning**

The applicant shall establish the request is consistent with the overall intent of the Master Plan by demonstrating the proposed amendment 1) is based on changed conditions or further studies; 2) is compatible with the surrounding area; 3) will not have a negative effect on adjacent properties or on transportation services and facilities; 4) will have a minimal effect on service provision or is compatible with existing and planned service provision and future development of the area; 5) will not cause a detriment to the public health, safety, and general welfare of the

people of Clark County; and 6) adherence to the current goals and policies of the Master Plan would result in a situation neither intended by nor in keeping with other core values, goals, and policies.

The applicant requests a change from Low-Intensity Suburban Neighborhood (LN) to Neighborhood Commercial (NC). Intended primary land uses in the proposed Neighborhood Commercial (NC) land use category include a mix of retail, restaurants, offices, service commercial, and other professional services. Supporting land uses include public uses such as parks, trails, open space, places of assembly, schools, libraries, and other complementary uses.

The request for the Neighborhood Commercial (NC) land use category on the site is not compatible with the surrounding area. The site is within a predominantly residential area and is surrounded on all sides by existing single-family residential homes. Commercial planned uses in this area are located along arterial streets such as Decatur Boulevard, Cactus Avenue, Valley View Boulevard, and Silverado Ranch Boulevard. Immediately adjacent to the site to the north and east are large lot, low density homes zoned RS10 that would be adversely impacted by the request. The request does not comply with Policy 1.4.4 of the Master Plan which promotes development compatible with the scale and intensity of the surrounding area. For these reasons, staff finds the request for the Neighborhood Commercial (NC) land use category is not appropriate for this location.

#### **Staff Recommendation**

Denial. This item has been forwarded to the Board of County Commissioners for final action.

If this request is adopted, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
