**BACKGROUND:**

The Navigation Center is officially now open and provides assistance to the homeless community in Clark County. The Clark County Navigation Center is a former Motel 6 that has been renovated to provide temporary housing and wraparound services for up to 70 people experiencing homelessness. The center is also one of the latest properties being redeveloped by Clark County in an effort to help the unhoused community, as part of our housing continuum of care.

County staff are here to provide a presentation to the Board.
