**BACKGROUND:**

The Regional Transportation Commission of Southern Nevada (RTC) has approved and budgeted funding for the RTC Traffic Signal Detection project (Clark County Public Works Project No. PW.R262CFT) in the amount of \$500,000 in RTC's Highway Improvement Acquisition Fund for Fiscal Year 2022. RTC plans to repair and replace traffic signal detection devices at various locations throughout jurisdictions within Clark County, City of Las Vegas, City of North Las Vegas, City of Henderson, City of Boulder City, and City of Mesquite (collectively "Member Entities").

The attached Interlocal Contract No. 1319 identifies RTC as the lead agency and responsible party for all costs associated with this project. Interlocal Contract No. 1319 allocates funds for engineering, including the identification of malfunctioning traffic signal detectors to be repaired or replaced, procurement of detectors per the corresponding local specifications, installation, integration, and any other miscellaneous labor or appurtenances to complete the project. The time of performance is effective to December 31, 2026, unless time extensions are granted.

This project is included on the adopted RTC Capital Improvement Plan. RTC approved the interlocal contract at its meeting on November 18, 2021.

Each of the Member Entities is scheduled to approve the interlocal contract at their respective Board/Council meetings.

The District Attorney's Office has reviewed and approved the interlocal contract as to form.
