BACKGROUND:

Clark County's Las Vegas Boulevard project between Tropicana Avenue and Flamingo Road (Phases E and F) requires additional power for new electrical improvements. In order to provide the additional power, it is necessary to grant Nevada Power Company an easement within County right-of-way to construct and operate above and underground electrical facilities.

The attached grant of easement further describes additional terms and conditions as they relate to both the County and Nevada Power Company.

The District Attorney's Office has reviewed and approved the grant of easement as to form.
