

**LICENSE AGREEMENT
BETWEEN CLARK COUNTY AND
LV STADIUM EVENTS COMPANY, LLC (STADCO) FOR
INSTALLATION AND MAINTENANCE OF STREET BANNERS**

This License Agreement (“Agreement”) is entered into by and between the LV Stadium Events Company, LLC (“Stadco”) and Clark County, Nevada (“County”), a political subdivision of the State of Nevada. The term “Party” or “Parties” refers to the County, Stadco, or both.

WITNESSETH:

WHEREAS, the County is the owner of streetlight poles in the right-of-way owned or controlled by the County; and

WHEREAS, Stadco desires to place banners for the community purpose of supporting the Raiders, on certain Street Light Poles and/or Smart Poles owned by the County and located on County right-of-way in unincorporated Clark County along Dean Martin Drive, West Hacienda Avenue, and Polaris Avenue, on the specific Street Light Poles and/or Smart Poles at the locations set forth in Exhibit “A”; and

WHEREAS, the County is willing to allow Stadco to place such banners on certain Street Light Poles in County right of way subject to approval by the County and the terms and conditions of this Agreement.

NOW, THEREFORE, in consideration of the foregoing and the terms and conditions set forth herein, the Parties agree as follows:

SECTION 1. DEFINITIONS

1.1 As used in this Agreement the following words or phrases, or those words or phrases set aside in quotation marks elsewhere in this Agreement, when capitalized, have the meaning ascribed to them. When not inconsistent with the context, words used in the present tense include the future tense, words in the plural number include the singular number and vice-a-versa, and the masculine gender includes the feminine gender. The words “shall,” “must,” and “will” are mandatory, and “may” is permissive:

1.1.0 “Designee” means the entity designated by Stadco to install and/or maintain the street banners.

1.1.1 “Street Banner” means a fabric display sign not to exceed three feet (3’) in width and eight feet (8’) in height; shall have vent holes and mounted to a Street Light Pole or Smart Poles with spring loaded brackets to reduce wind loading. Said fabric display sign is to display only Raiders information for the community purpose of supporting the Raiders as depicted on Exhibit “B” attached hereto and incorporated herein. Banners displaying information related to a community supported special event held at Allegiant Stadium may be authorized under a separate special event permit approved by the Director of Public Works.

1.1.2 “Install and Maintain” means to install, operate, maintain, use, repair, replace, improve, or remove, or any combination of such activities.

1.1.3 “Street Banner Brackets” means bands, brackets, and hardware specifically designed and manufactured to secure Street Banners to Street Light Poles or Smart Poles.

1.1.4 “Street Light Poles” means a pole owned by the County, and erected in the County right-of-way or public easement for the purpose of illuminating the public right-of-way and does not also contain traffic control lighting. This does not include Smart Poles.

1.1.5 “Smart Poles” means a pole owned by the County, erected in the County right-of-way or public easement for the purpose of illuminating the public right-of-way, and primarily installed for smart cell sites.

SECTION 2. USE OF RIGHTS-OF-WAY

2.1 The County agrees to allow Stadco or its Designee to install and maintain Street Banners on Street Light Poles or Smart Poles as approved by the County as set forth herein, within the streets identified in Exhibit “A” – “Street Banner Location Map” attached hereto and by this reference incorporated herein. As Street Light Poles and/or Smart Poles are added and removed from Exhibit “A” due to, but not limited to interferences, conflicts, or other occurrences, Stadco and the Director of Public Works for the County may revise Exhibit “A” to properly reflect the locations of the Street Light Poles and/or Smart Poles where Raiders Street Banners are permitted. At a minimum, Exhibit “A” will be reviewed and updated each year by the 1st of October and be available in each Party’s records office.

2.2 Street Banners shall not obstruct or interfere with vehicular or pedestrian travel and shall not constitute a hazard to the intended public use of the right-of-way. Street Banners must contain appropriate wind slits, as approved by the County, to reduce wind load.

2.3 When the Street Banner or Street Banner Bracket is above the roadway surface, the lowest portion of the Street Banner or Street Banner Bracket must be at least twenty feet (20') above any roadway surface, which is the area in between curbs but excluding the area within a median. The lowest portion of the Street Banner or Street Banner Bracket must be at least fourteen feet (14') above any sidewalk or median.

2.4 At least thirty (30) calendar days prior to a banner installation or event, Stadco or its Designee shall, submit to the County for approval a location map showing each Street Light Pole or Smart Poles on which it plans to install a Street Banner and a plan showing how the banners will be secured to the Street Light Pole or Smart Pole. Stadco understands and agrees that the County may at any time reject the use of any or all Street Light Poles or Smart Poles and Stadco will not be allowed to use the rejected Street Light Poles and Smart Poles. The County can also at any time require Stadco to change the method of how the Street Banners are secured to the Street Light Poles or Smart Poles. Stadco further understands and agrees that it must submit an individual and separate plan prior to each and every use of any Street Light Pole or Smart Poles. Approval of the use of one Street Light Pole and Smart Pole does not guarantee subsequent use.

2.5 Street Banner Brackets may remain on the Street Light Poles or Smart Poles during periods after termination of this Agreement. However, due to the safety of the public, as solely determined by the County or Director of Public Works, at any time, Stadco or its Designee may be required, at the County's discretion, to remove the Street Banner Brackets. If Stadco fails to remove the Street Banner Brackets within thirty (30) days after written notice requested by the County, the County; at its own discretion, may do so at Stadco's cost and expense. Stadco agrees to pay the County for this work within thirty (30) days of receipt of the invoice. No other person, organization or entity may use the brackets without permission of Stadco. This provision does not in any way nullify or impact Section 12.

2.6 Installation of Street Banners shall not interfere with any existing use of the Street Light Pole or Smart Pole. Existing facilities, Street Light Poles, or Smart Poles shall not be removed, destroyed, or modified. Any existing facilities on the Street Light Poles or Smart Poles shall not be removed, destroyed, or tampered with.

2.7 Stadco agrees it is subject to all state, federal, and local laws, permits, regulations, standards, rules, and approvals required by the County. Stadco further agrees to require its Designee and/or contractor to be subject to all state, federal, and local laws, permits, regulations, standards, rules, and approvals required by the County. Stadco acknowledges that the rights set forth herein do not constitute a property interest and are subject to all franchises, licenses, agreements, and rights others have to use streetlight poles as approved by the Clark County Board of County Commissioners or allowed by law.

2.8 Street Light Poles or Smart Poles may be available for other uses such as wireless communication facilities. If a wireless provider requests a specific Street Light Pole or Smart Pole for 5G or any new global wireless standard, the wireless provider's request takes precedence over Street Banners. If a wireless provider requests a Street Light Pole or Smart Pole occupied by Raiders Street Banner, Stadco understands and agrees that it will need to immediately remove any Street Banner at the County's request, and the County may, but is not required, to provide an alternative Street Light Pole or Smart Pole for the Street Banner to relocate.

SECTION 3. STREET BANNERS

3.1 Stadco or its Designee intends to install Street Banners on Street Light Poles or Smart Poles at the locations identified in Exhibit "A" on County streets, which include Dean Martin Drive, West Hacienda Avenue, and Polaris Avenue. Further, this Agreement does not authorize the placement of Street Banners on Street Light Poles or Smart Poles on property or right-of-way not controlled or owned by the County or is outside the parameters set forth in Exhibit "A".

3.2 Unless this Agreement is otherwise terminated or the use of Street Light Poles or Smart Poles are rejected by the County pursuant to Section 2.4 herein, or the Street Light Poles or Smart Poles are relocated pursuant to Section 2.8, Street Banners will be installed per Exhibit B "Raiders Banner Signage".

3.3 No commercial advertising or third-party sponsor logos will be included on the Street Banners. Notwithstanding the above, the Street Banners and its message will be in a form substantially similar to those depicted in Exhibit "B" or as expressly approved by the Director of

Public Works in a special event permit.

3.4 Stadco or its Designee shall be responsible for installation, removal, repair, and replacement of Street Banners and Street Banner Brackets.

3.5 Stadco or its Designee agree to maintain the banners in an aesthetically pleasing condition to the satisfaction of the County. If the banners become faded, torn, or unpleasing to the eye as solely determined by the County, Stadco or its Designee shall remove or replace said banner. If Stadco or its Designee does not perform the removal or replacement, County, in its sole discretion, will perform the work and invoice Stadco for the costs related to the removal.

SECTION 4. INSURANCE

4.1 Stadco shall require its Designee and contractor installing, removing, repairing, or replacing Street Banners and Street Banner Brackets to furnish certificates of insurance as indicated below as a condition of their being awarded a contract to perform the rights and obligations set forth herein. The certificates for each insurance policy are to be signed by a person authorized by that insurer and licensed by the State of Nevada.

4.2 Stadco's Designee and contractor shall have on file with Stadco and the County current certificates of insurance evidencing the required coverage.

4.3 Each insurance company's rating as shown in the latest Best's Key Rating Guide shall be fully disclosed and entered on the required certificate of insurance. The adequacy of the insurance supplied by Stadco's Designee and contractor, including the rating and financial health of each insurance company providing coverage, is subject to the approval of the County.

4.4 Stadco shall furnish renewal certificates for the required insurance during the period of coverage required by this Agreement. Stadco's Designee will furnish renewal certificates for the same minimum coverage, as required in this Agreement. The notice for renewal will be submitted by Stadco to the County thirty (30) calendar days in advance of the expiration date shown on the certificate of insurance.

4.5 The County, Stadco, and their officers, employees, and agents must be expressly covered as additional insured with respect to liability arising out of the activities by or on behalf of the named insured in connection with the installation and maintenance of Street Banners.

4.6 Stadco's Designees' and its contractor's insurance shall be primary as respects to the County, their officers, employees, and agents. Any other coverage (insurance or otherwise) available to the County, their officers, employees, and agents shall be excess over the insurance required of Stadco's contractors and franchisees and shall not contribute with it.

4.7 Each insurance policy supplied by Stadco's Designee and contractor and franchisees must be endorsed to provide that the coverage shall not be suspended, voided, canceled, or reduced in coverage or in limits except after sixty (60) calendar days' prior written notice by certified mail "return receipt requested" has been given to the County. This notice requirement does not waive

the insurance requirements contained herein, and if insurance is not obtained then all Street Banners and Street Banner Brackets must be removed within thirty (30) calendar days of notification from the County.

4.8 All deductibles and self-insured retention shall be fully disclosed in the certificate of insurance.

4.9 If aggregate limits are imposed on the insurance coverage, then the amount of such limits must not be less than \$2,000,000 per occurrence or per accident. All aggregates must be fully disclosed and the amount entered on the required certificate of insurance. Stadco's Designees' and its contractor's insurer must notify the County of any erosion of the aggregate limits. The "per occurrence" limits of insurance required herein must be maintained in full, irrespective of any erosion of aggregate.

4.10 Stadco shall require its Designee and its contractor to obtain and maintain for the duration of this Agreement or longer period if specified herein, insurance against claims for injuries to persons or damage to property which may arise from or in connection with the performance of Stadco's Designee, their contractors, agents, representatives, employees or subcontractors of any tier installation and maintenance of the Street Banners and Street Banner Brackets. Stadco will require its Designee and its contractor to obtain and maintain:

"General Liability" insurance coverage on "occurrence" basis only and not "claims made." The coverage must be provided either on an ISO Commercial General Liability form or an ISO Broad Form Comprehensive General Liability Form. Any exceptions to coverages must be fully disclosed on the required certificate. If other than these forms are submitted as evidence of compliance, complete copies of such policy forms must be submitted to the County within ten (10) calendar days after notice of award. Policies must include, but need not be limited to, coverages for bodily injury, property damage, personal injury, Broad Form property damage, premises and operations, severability of interest, products and completed operations, and contractual and independent contractors. Stadco's Designee and contractor shall maintain limits of no less than \$2,000,000 combined single limit per occurrence for bodily injury (including death), personal injury, and property damages.

4.11 If Stadco's Designee and its contractor fail to maintain any of the insurance coverages required herein, then the County will have the option to purchase replacement insurance or pay the premiums that are due on existing policies in order that the required coverages may be maintained. Stadco is responsible for any expenses paid by the County to maintain such insurance.

4.12 Stadco is responsible for and must remedy all damage or loss to any property, including property of the County, caused in whole or in part by Stadco, its Designee, its contractor, or anyone employed, directed, or supervised by Stadco. Stadco is responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work. The County makes no warranties or guarantees as to the condition, design, suitability, or structural integrity of the Street Light Poles or Smart Poles for the use of Street Banners and/or Street Banner Brackets. Stadco's Designee and its contractor accepts all risks and liability associated with the use of Street

Light Poles or Smart Poles for Street Banners and/or Street Banner Brackets.

4.13 Stadco, its Designee and contractor agrees, as a condition precedent to the performance of any work under this Agreement and as a precondition to any obligation of the County to make any payment under this Agreement, to provide County with a certificate issued by the Employer's Insurance Company of Nevada or other approved insuring organization in accordance with NRS Chapter 616, A-D, inclusive. Prior to the expiration or cancellation of such coverage, Stadco, its Designee and contractor shall provide County with proof of continued coverage as a condition precedent to the continuation of work and payments under this Agreement.

4.14 Stadco, its Designee and contractor agrees to maintain coverage for industrial insurance pursuant to the terms of NRS Chapter 616, A-D, inclusive, throughout the term of this Agreement. If Stadco, its Designee and contractor does not maintain such coverage, or fails to provide proof of continued coverage, Stadco, its Designee and contractor agrees that the County may withhold payment, order Stadco, its Designee and contractor to stop work, suspend the Agreement, or terminate the Agreement.

SECTION 5. INDEMNITY / LIABILITY

5.1 Stadco shall require its Designee and its contractor to indemnify, defend, and hold harmless Stadco and the County, their officers, directors, and employees, from any and all causes of actions, claims, suits, whether legal or equitable, and/or damages arising out of and or relating to this Agreement, including, but not limited to, the rights granted herein, the use of the County's right-of-way and/or Street Light Poles or Smart Poles, the operation and maintenance of the Street Banner and Street Banner Bracket, injuries, property, damages and/or death arising and/or related to the use of the County's right-of-way, placement of the Street Banners and Street Banner Brackets, approval process for Street Banners and Street Banner Brackets, the purpose for which the banners are being used, design of Street Banners and Street Banner Brackets, and constitutional rights allegations.

5.2 Notwithstanding any other provision in this Agreement, the County may request Stadco, in its sole discretion and without cause to remove the Street Banners and/or Street Brackets within thirty (30) days of receipt of written notice. If Stadco fails to remove the Street Banners and/or Street Banner Brackets within thirty (30) days after written notice requested by the County, the County, at its own discretion, may do so at Stadco's cost and expense. Stadco agrees to pay the County for this work within thirty (30) days of receipt of the invoice.

SECTION 6. RIGHT-OF-WAY USE FEE PAYMENTS TO COUNTY

No advertising will be sold as part of the Street Banners permitted under this Agreement and no revenue will be generated. The County agrees to provide the use of the Street Light Poles or Smart Poles and right-of-way without fee, except for fees required by the Clark County Code including, but not limited to, plan review fees, inspection fees, and permit fees.

SECTION 7. REPORTS AND AUDITS OF THIS AGREEMENT

Any party, to this Agreement, may request an audit or review of any income, expense, cost, or statistic as to this Agreement by submitting its request to the other party or their Designees in writing. Upon request of an audit, the parties shall use their best good faith efforts to cooperate to supply records to perform such audit.
