Related Applications

Application Number	Request
ZC-25-0230	Zone change to RS40 for the parcel 155 feet to the north of the subject site is a related item on this agenda.
ZC-25-0267	Zone change to RS40 for the parcel north of the subject site is a related item on this agenda.

STANDARDS FOR APPROVAL:

The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

Analysis**Comprehensive Planning**

In addition to the standards for approval, the applicant must demonstrate the zoning district is compatible with the surrounding area. The request is to rezone the property, which has a single-family residence on it, from RS80, which allows 1 home per 2 acres, to RS40 zoning. RS40 zoning allows one home per acre and is a conforming zone to the Mid-Intensity Suburban Neighborhood Master Plan category of the subject site. The 2 adjacent properties to the north also have zone change requests for RS40, with separate applications which are related items on this agenda. These 3 parcels, with a total acreage of 10 acres, are owned by the same family. There are a large number of existing RS40 zoned parcels located northwest of the subject site. These RS40 properties are located near Riverside Road, the main thoroughfare within Bunkerville. Existing single-family residences north of the subject site are zoned RS5.2, which has a higher density allowance than the requested RS40 zone. Rezoning the subject parcel to RS40 would not cause adverse effects on the surrounding properties, as these properties are zoned or planned for higher density. For these reasons, staff finds the request for the RS40 zone is appropriate for this location.
