Relevant Affiliations: Please list below any other committees you are currently serving on. Please list, if applicable, the jurisdiction and term of appointment. If you were appointed by an individual and not by a local jurisdiction, please include that information. If you need additional space, please attach an additional sheet of paper.

I am not serving on any current committees at this time.

Skills and Experience: Please provide a brief description of your qualifications for the seat; include any special skills, interests, experience, or training which you possess or have completed that would benefit the work of the Regional Opioid Task Force. If you need additional space, please attach an additional sheet of paper.

I am currently assigned as the supervisor for the LVMPD LVCII Overdose Response Team Task Force, (ORT). This team responds to the scene and investigates fentanyl related deaths and in some cases, near death situations. The purpose of the task force is to identify the source the deadly narcotics originated from and hold those persons responsible through the court of law for giving, providing, or selling the deadly narcotics that caused the death being investigated.

I have been a commissioned officer with the Las Vegas Metropolitan Police Department for 24 years and have served in many specialized units throughout my career. I have been assigned as a supervisor to the LVMPD Narcotics Crimes Section for the last 5 years and have supervised mid-level narcotics street teams, 2 separate high level federal task force teams, and am currently assigned to the ORT task force.

Joanna Jacob
Government Affairs Manager
Clark County Regional Opioid Task Force
Clark County, Nevada
500 S. Grand Central Parkway
Las Vegas, NV 89155

Dear Joanna Jacob,

I am writing to express my interest in becoming an integral part of the Clark County Regional Opioid Task Force, specifically contributing my expertise in fentanyl death investigations from a law enforcement perspective. Having dedicated my career to serving and protecting our community, I am committed to combating the opioid crisis that continues to threaten the well-being of our residents.

Throughout my tenure as the supervisor of the Overdose Response Team Task Force, I have been directly involved in investigating and combatting the illicit distribution and consumption of opioids, with a particular focus on fentanyl-related cases. My experience has provided me with a unique insight into the complexities of this crisis, including the ever-evolving tactics employed by those involved in the illicit drug trade.

My team works in concert with the Clark County District Attorney's Office for state prosecution and the United States Attorney's Office for federal prosecution for those individuals who have been proven to be selling and or providing deadly opioids within our community. I am looking forward to providing input from a law enforcement perspective to the Clark County Regional Opioid Task Force's comprehensive approach to addressing the opioid epidemic, which I'm assuming will include prevention, intervention, and enforcement. I firmly believe that a well-developed strategy is essential to disrupt the supply chains of dangerous opioids like fentanyl while providing vital resources to those struggling with addiction.

My background in fentanyl death investigations has equipped me with skills in evidence collection, analysis, and collaboration with other agencies and professionals in the field. I am eager to contribute

these skills to the committee's mission of developing strategies to combat opioid-related deaths and reduce the devastating impact of fentanyl in our community.

I am looking forward to meeting and working with other professionals and community leaders on the committee and providing what I have learned during my time with the ORT Task Force regarding opioid investigations and the challenges that come with these types of investigations.

Please feel free to contact me at [REDACTED] or [REDACTED] if any further information from me is needed. Thank you for considering my application, and I am looking forward to the prospect of contributing to the Clark County Regional Opioid Task Force.

Sincerely,

Greg Theobald
