Project Description

General Summary

- Site Address: N/A
- Site Acreage: 7.06
- Existing Land Use: Undeveloped

Applicant's Justification

The applicant is requesting a Master Plan Amendment from Business Employment (BE) to Corridor Mixed-Use (CM). More specifically, the site is proposed for development of a shopping center consisting of 5 buildings. The applicant is also requesting a zone change on these parcels from IP to CG. This zone change requires a Master Plan Amendment to the Corridor Mixed-Use (CM) land use category. According to the applicant, the amendment is compatible with the surrounding area, being that it will provide an opportunity for moderate commercial development that will serve the adjacent neighborhoods in the surrounding area. Furthermore, the request will meet County policies that encourage commercial services along transit oriented roadways that will lessen the reliance of automobile.

STANDARDS FOR ADOPTION:

The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

Analysis**Comprehensive Planning**

The applicant shall establish the request is consistent with the overall intent of the Master Plan by demonstrating the proposed amendment 1) is based on changed conditions or further studies; 2) is compatible with the surrounding area; 3) will not have a negative effect on adjacent properties or on transportation services and facilities; 4) will have a minimal effect on service provision or is compatible with existing and planned service provision and future development of the area; 5) will not cause a detriment to the public health, safety, and general welfare of the people of Clark County; and 6) adherence to the current goals and policies of the Master Plan

would result in a situation neither intended by nor in keeping with other core values, goals, and policies.

The applicant requests a change from Business Employment (BE) to Corridor Mixed-Use (CM). Intended primary land uses in the proposed Corridor Mixed-Use (CM) land use category include a mix of retail, restaurants, offices, service commercial, entertainment, and other professional services. Supporting land uses include moderate density multi-family residential dwellings, as well as public facilities such as civic and government uses, plazas, pocket parks, places of assembly, schools, libraries, and other complementary uses.

The site is located on the boundary of the Arden Industrial area. Policy EN-5-1 of the Master Plan supports the retention and expansion of light-industrial and employment uses in the Arden Area. However, given the location of the site adjacent to Blue Diamond Road and existing commercial development to the west, staff finds the request for the Corridor Mixed-Use (CM) land use category appropriate for this location. Several similar commercial centers exist farther west along this portion of Blue Diamond Road. Approval of this request will provide a transition area between the commercial and residential developments to the north and west from the industrial developments to the south and southeast. The request complies with Policy 1.3.3 of the Master Plan which encourages the integration of restaurants, medical offices, and other daily needs services as part of or adjacent to new neighborhoods to minimize the need for longer vehicle trips. For these reasons, staff finds the request for the Corridor Mixed-Use (CM) land use category is appropriate for this location.

Staff Recommendation

Adopt and direct the Chair to sign a resolution adopting the amendment. This item will be forwarded to the Board of County Commissioners' meeting for final action on January 7, 2026 at 9:00 a.m., unless otherwise announced.

If this request is adopted, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
