CONTRACT

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Kenworth Truck Company, a Division of PACCAR Inc., 10630 NE 38th Place, Kirkland, WA 98033 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Class 4-8 Chassis and Cabs with Related Equipment, Accessories, and Services from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.

EXPIRATION DATE AND EXTENSION. This Contract expires July 9, 2028, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

B. **SURVIVAL OF TERMS.** Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. **EQUIPMENT, PRODUCTS, OR SERVICES.** Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship pursuant to the express vehicle warranty and extended warranties provided with all Supplier's vehicles. Supplier does not warrant or accept responsibility or liability for any parts separately warranted, for example, body installations, or engines not manufactured by Supplier (which carry a separate manufacturer's warranty). In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that is effective past the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. **DEALERS, DISTRIBUTORS, AND/OR RESELLERS.** Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcwell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcwell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. **SALES TAX.** Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. **HOT LIST PRICING.** At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This

approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. **ORDERS AND PAYMENT.** To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. **GOVERNING LAW AND VENUE.** The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. **PRIMARY ACCOUNT REPRESENTATIVE.** Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. **BUSINESS REVIEWS.** Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. **CONTRACT SALES ACTIVITY REPORT.** Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

B. **ADMINISTRATIVE FEE.** In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and

Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

No other understanding regarding this Contract, whether written or oral, may be used to bind either party. 11. INDEMNITY AND HOLD HARMLESS

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any claims or causes of action, including attorneys' fees incurred by Sourcewell or its Participating Entities, to the extent arising out of any act or omission in the performance of this Contract by the Supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications. Table 7: Marketing Plan

Line Item	Question	Response
36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	<p>The primary strategy for promoting the contract involves leveraging our vast dealership network and approximately 1,660 dealer sales executives, sales managers, and sales representatives calling on and visiting municipal agencies. We have implemented a Sourcewell support program and online training modules accessible to all Kenworth dealers via our primary internal website. Nearly all of our dealers are actively engaged in promoting and selling the benefits of Sourcewell contract. Dealer promotion of the contract is through various means such as personal outreach, distributing flyers, hosting open house events, and utilizing additional printed materials. A professional brochure was developed specific for the Sourcewell contract and is being updated to include the latest models and battery electric vehicles. Examples have been uploaded in the supporting documents.</p> <p>Kenworth is committed to the ongoing development of marketing materials. The Sourcewell contract is actively promoted at national trade shows as well as local or regional trade shows in which the local dealership supports. Kenworth and dealers use the Sourcewell promotional materials available such as the "Awarded Contract" flags and giveaway items.</p> <p>Many dealers also participate in regional exhibitions specifically targeting the government and municipal sectors. We support and encourage dealer participation and assist with the dealers' creation of their own promotional materials for distribution and display at these events.</p> <p>Kenworth public relations department distributes national press release to the media to announce the Sourcewell contract, a practice we intend to maintain. Additionally, the Kenworth PR Department conducts customer testimonials and key purchases, such as the King County Battery Electric Order, and released to the national media. A sampling of a past press release is uploaded.</p>
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	<p>The Kenworth Truck Company's website serves as the primary source for information on all its models and provides a comprehensive directory of all Kenworth dealers. In addition to our website, we actively engage with our audience through various social media platforms, including Facebook, Twitter, and LinkedIn. Our dealer network also leverages these digital tools to promote involvement with the Sourcewell contract and to communicate announcements related to customer procurement through this contract.</p> <p>Over the next several years, Kenworth Truck Company plans to significantly increase our social media presence, with a particular focus on content related to Sourcewell.</p> <p>Furthermore, Kenworth maintains a YouTube channel offering valuable content about our models and featuring customer testimonials. We also offer a mobile app, enabling users to conveniently access information on Kenworth models and locate dealer facilities using their smartphones.</p>
38	<p>In your view, what is Sourcewell's role in promoting contracts arising out of this RFP?</p> <p>How will you integrate a Sourcewell-awarded contract into your sales process?</p>	<p>Sourcewell's main role in promoting this contract will be to make it as easy as possible for agencies to find the appropriate equipment, parts, and truck related services through the various online resources available - primarily the main sourcewell-mn.gov website. Additionally, the training for dealer salespeople through in person courses, webcasts, or personal visits that Sourcewell personnel, such as those conducted in the past, are key to continually promoting the use of the contract. The training about the benefits and continual development of how to approach, listen and respond to agency needs is key to helping dealer salespeople develop the strong trusting relationship with their local agencies. Every day a Kenworth dealer somewhere in the United State and Canada is working with an agency or potential participating agency to quote equipment to meet a specific need. We have already integrated the process to quote complete vehicle solutions to agencies under the awarded contract. The additional lead generating online process that Sourcewell has implemented has only enhanced and provides a means to help promote and connect agencies to Kenworth dealers. The process we deploy is similar to the normal sales process and is constantly being refined to provide agencies superior service and responsiveness.</p>
39	<p>Are your products or services available through an e-procurement ordering process?</p> <p>If so, describe your e-procurement system and how governmental and educational customers have used it.</p>	<p>Because of their custom nature, Kenworth trucks cannot be ordered through an e-procurement process. Trucks are exclusively available for purchase through Kenworth dealers.</p> <p>However, parts can be easily obtained through our industry-leading eCommerce tool, Online Parts Counter (OPC). Participating agencies will have access to over 1.4 million parts, available for order 24/7 from any location. This tool boasts mobile-friendly designs, advanced search and filtering options, alternative parts suggestions, and comprehensive product details.</p>

Table 9A: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure.

You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
46	Do your warranties cover all products, parts, and labor?	<p>Yes, the Kenworth warranty covers our products parts and labor. Details regarding standard and extended warranty schedules are included in the uploaded documents.</p> <p>The coverage of warranties for Kenworth products varies depending on the specific model and components chosen. While Kenworth provides warranties that parts and labor for its products, some components may be covered by their respective manufacturers. For instance, Cummins engines come with a Cummins warranty, and warranty services for these engines are performed at Kenworth dealerships, with claims directly processed through Cummins. Similarly, Allison transmissions are covered by an Allison warranty. If a Kenworth dealer is not an authorized Allison warranty service provider, they would usually coordinate with a local authorized Allison repair center for any necessary repairs.</p> <p>Additionally, any add-on bodies or other truck-related equipment are covered by the warranties of their respective suppliers. Dealers generally collaborate with these suppliers to facilitate warranty repairs through the appropriate subcontractors.</p>
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	<p>If a Kenworth truck is used in what is defined as a severe service application, a specific standard warranty is defined separately for units that fall into this category. Severe service definition and the specific warranty is included in the warranty documents uploaded.</p> <p>A Vehicle Warranty Quick Reference Guide has been uploaded to help further define.</p>
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Every breakdown scenario is unique. Kenworth dealers are equipped with the training to make critical decisions required to ascertain the best approach to rectify a warrantable breakdown. Should the breakdown occur within the initial 6 months, or 100,000 miles, and the dealer possesses the necessary resources and capability, and concludes that dispatching a technician for a road call is the most suitable solution, then the dealer will receive reimbursement for such calls under a Kenworth warranty repair.
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	<p>Kenworth has more than 450 authorized dealers situated across all states of the U.S. and throughout Canada. You can easily find these locations by using the dealer locator tool on www.kenworth.com. It's important to note that for warranty repairs on Kenworth products, they must be carried out by an authorized Kenworth dealer. However, it's also worth mentioning that some warrantable repairs on specific components may be conducted by any authorized location that deals with that component make.</p> <p>Kenworth ensures that Sourcewell participating entities in the United States and Canada receive comprehensive warranty service. All warranty claims will be honored in line with the Kenworth Warranty Agreement applicable at the time of the initial purchase. Furthermore, warranty repairs will be executed following Kenworth's detailed policies and procedures, regardless of whether the truck was purchased from the servicing dealer. Kenworth is dedicated to maintaining the highest standard of service in fulfilling your warranty requirements.</p>
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Items manufactured by other companies, such as bodies and additional equipment, are covered by the warranties provided by those specific manufacturers or service providers. The Kenworth dealer will help coordinate or perform the warrantable repair of the add on equipment and manage the claim with the appropriate entity. For items installed by the Kenworth factory but warranted by the component manufacturer, the repairs, when conducted at a Kenworth dealer, are processed through Kenworth Truck Company and then forwarded to the original manufacturer.
51	What are your proposed exchange and return programs and policies?	Since each Kenworth truck is custom-built to meet the specific requirements of the purchaser, we do not offer a standard exchange or return program. Any exceptions to this policy are subject to the judgement and approval of the selling Kenworth dealer.
52	Describe any service contract options for the items included in your proposal.	<p>Service contract options would be managed through the Kenworth dealer network. Most dealers provide service contracts offering a range of options such as preventative maintenance, towing service, DOT inspections, tire exchange programs, oil analysis, and winter preparation.</p> <p>Service contracts directly through the Kenworth Truck Company are exclusively available through Kenworth's company-owned lease operations, PacLease. PacLease, a division of PACCAR Inc., offers full maintenance leases, rental units, contract maintenance, and other fleet services as part of a comprehensive vehicle solution tailored to meet the needs of its customers. Many Kenworth dealers are involved in this type of business and are equipped to provide these services to customers.</p>

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *
53	Describe your payment terms and accepted payment methods.	The base payment terms are net 15 days after released from the Kenworth factory assembly plant with freight prepaid to the first destination in the continental U.S., or Canada. However, most chassis will require a body installation so it will be mutually agreed upon between the Kenworth dealer and participating agency the appropriate payment terms. The selling dealer and participating agencies will mutually determine the best payment method. The Kenworth dealer can coordinate and assist in evaluating alternative payment strategies through Paccar Financial or other financial institutions.
54	Describe any leasing or financing options available for use by educational or governmental entities.	Kenworth dealers will offer a full range of financing and leasing options including municipal leases through Paccar Financial, banks, dealer owned financial entities or other institutions such as those that have a Sourcewell contract.
55	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	<p>The primary standard transaction system used to quote and order the custom class 5, 6, 7 or 8 truck is the Kenworth proprietary PremierSpec sales tool. All vehicle quotes and orders will be through a Kenworth authorized dealer. Dealer Salesperson determines truck model and generates compatible specifications that meet the customers need, meet the specific body installation need, and meets local road regulations and any other requirements. The Kenworth PremierSpec chassis summary report generated will show the proposed chassis specification and total list price (also shown as Total Adjusted Price) equal to the base model list plus all the selected chassis options. This is the list price that the agency discount will apply and include freight to the first continental U.S., or Canada for Canadian members, destination after chassis assembly at the Kenworth factory. An example vehicle summary report is uploaded.</p> <p>Since every State has unique laws and requirements and each total vehicle solution vary greatly depending on use application and body type, each dealership has truck order forms and unique terms and conditions to that are specific to the dealer group and/or area. Kenworth Truck Company does provide a standard Sourcewell contract calculator for all dealerships to use when quoting to help assure pricing integrity to the contract pricing matrix.</p> <p>Given the unique nature of commercial vehicles and the vast number of different bodies that may be installed, the final terms and conditions are mutually agreed upon between the dealer management and participating agency.</p> <p>Standard and optional extended warranty agreements are generated by Kenworth Truck Company and are the same for all dealers in the U.S. or same for the dealers in Canada. Copies are uploaded. Custom warranty agreements are available specific to the end user and are generated by Kenworth Truck Company.</p>
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	P-card payment process is typically not used for commercial truck procurement. However, this would be mutually determined between the member and the selling Kenworth dealer.

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	<p>Truck Chassis Pricing is based on product model discounts: Kenworth truck chassis pricing for class 5 through 8, including battery electric vehicles (BEV), is the custom spec'd truck chassis list price, also known as the "Total Adjusted Price (w/o freight & warranty & surcharges)" in the PremierSpec chassis summary report, less the contract discount for the specific model. Any Tax, CARB required warranty or surcharge, or FET and other Government fees will be applied if applicable. The prices will be in US Dollars. For Canadian agencies purchasing through Canoe, an exchange rate will be added by the dealer at the time of proposal.</p> <p>Each truck quote is custom to meet the needs of the participating agency and therefore final list price varies greatly based on the final set of specifications desired and required to meet the agencies application need. This calculated agency price includes the standard freight from Kenworth factory assembly plant to the first delivery destination in the continental U.S. or Canada. See the uploaded "Sourcewell Discount Matrix for Kenworth Trucks" with the specific discounts by each truck model, the instructions to calculate pricing, and a pricing example that includes a sourced body. Agency price for all vehicle bodies and equipment needed to offer a complete vehicle solution will be at Kenworth dealer sales department cost plus no more than 5%. This includes all potential truck mounted bodies, add on equipment, special training requests, additional or special manuals, special software and/or hardware, subscriptions, special transportation (other than the transport included from the chassis assembly plant to the first specified delivery location which is included in the agency chassis pricing), any and all truck related type services (for body swap from old chassis to new chassis for example) and any flooring or storage costs required, or as mutually agreed upon, for time to allow body installations or services. Agency prices for all electric vehicle support services, infrastructure analysis, and charging systems pricing will be quoted at dealer truck sales department cost plus no more than 5%.</p> <p>Kenworth Truck Parts - PACCAR Parts: The pricing for PACCAR parts is based on product category discounts. The discounts are a percentage off list price amount that range from 0% to 62.96%. Participating agencies will apply for a Paccar Parts Fleet Services (PPFS) account. After applying, establishing credit, and receiving approval, a PPFS account number will be assigned. The PPFS account is required to assure the Sourcewell Kenworth Parts discounts are provided, PACCAR Parts purchases tracked (other truck parts that may be available from the dealer are not included), and PACCAR Parts purchases reported quarterly. The Sourcewell Discount Matrix for Kenworth Parts – United States and one for Canadian is uploaded under Pricing.</p> <p>Used Trucks: Used truck pricing is not to exceed 110% of the NADA calculated retail value of the vehicle plus any existing or add on equipment or services retail value such as, but not limited to, truck bodies, chrome items, headache racks, reconditioning work, repair services, parts, flooring and storage, painting, special warranties, cleaning, transport, inspections and fuel.</p>
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	<p>For Kenworth truck chassis the discount from the total list price, generated through the selection of custom options in the PremierSpec System, ranges from 7% to 42.8% depending on the specific model. See the uploaded Kenworth contract discount price matrix for the schedule of discounts off list price for each truck model. Again, it's important to note that each vehicle is custom designed, and the final list price will vary depending on final specifications selected to meet application requirements and agency needs. Truck bodies, equipment, and services and limited to dealer truck sales department cost plus no more than 5% markup.</p> <p>For Kenworth – PACCAR Parts: The discount from the list price ranges from 0% to 62.96% for United States participating agencies from 0% to 60.81% for Canadian participating agencies. The PPFS account is required to assure the Sourcewell Kenworth Parts discounts are provided, the PACCAR Parts purchases tracked (other truck parts that may be available from the dealer are not included), and PACCAR Parts purchases reported quarterly. The Sourcewell Discount Matrix for Kenworth Parts – United States and one for Canadian is uploaded under Pricing.</p> <p>For Used Trucks, it's extremely difficult to quantify a discount due to the extreme variability of custom specification, truck conditions, geographic impacts, body types and condition, and overall market demand. For this reason, used trucks offered by Kenworth Truck dealers are set at a "not to exceed" price of 110% of the NADA calculated retail value of the vehicle plus any existing or add on equipment or services retail value, or truck sales department cost plus 5%, value such as, but not limited to, truck bodies, chrome items, headache racks, reconditioning work, repair services, parts, flooring and storage, painting, special warranties, cleaning, transport, inspections and fuel.</p>
59	Describe any quantity or volume discounts or rebate programs that you offer.	The pricing included in this offer includes discounts that take into account the total potential volume of all participating agency purchases combined. However, for high volume purchases in a single event, additional discounts will be considered on a case by case by the Kenworth dealer and Kenworth Truck Company cooperatively.
60	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	<p>All sourced products and services are priced at the Kenworth Truck Dealer New Truck Sales Department cost plus no more than 5% markup.</p> <p>The Kenworth dealer will solicit offers from sub-contractors for sourced goods and services needed to offer a complete vehicle solution that meets the end users need. These sourced goods and services include, but are not limited to, any truck body, trailers, truck equipment, tools, support devices, parts and/or maintenance parts kits to be included with the chassis, additional or custom manuals, software, subscriptions, special transportation (other than the standard transportation included in the chassis price to the first delivery destination after the Kenworth factory assembly plant), requested training, extended warranties, and any specialized body or specialized service. Chassis storage and flooring costs may also be quoted, if needed and agreed upon between member and dealer, to manage the costs associated with a chassis waiting for a period of time to allow a body or service installation. All related products mentioned above will be priced no higher than the Kenworth dealer new truck sales department cost plus 5 percent.</p> <p>An example of the common sourced bodies are : Ambulance Truck, Armored Truck, Asphalt Spreader, Attenuator Truck, Auto Carrier, Belly Plow Truck, Beverage Hauling Truck, Block Truck, Boom Truck, Bulkhead, Conveyor Truck, Crane Truck, Crewcab, Day Cab Tractor, Drilling Truck, Dual Drive Truck, Dump Truck, Dumping Flatbed Truck, Expeditor Truck, Extended Cab, Feed Truck, Fire Pumper, Fire Service, Fire Truck, Flatbed Truck, Flatbed with Moffit Forklift, Fork Lift Truck, Fuel Delivery Truck, Garbage Packer, Garbage Side Loader, Grapple Truck, Heavy Haul Tractor, Hook and Lift Truck, Hook Truck, Hopper Truck, Landscape Truck, Logger Truck, Maintenance, Marine Truck, Mixer Truck, Oil Tank Truck, Pintle Hook , Pot Hole Patcher, Potable Water Truck, Pumper Truck, Recycling Truck, Refrigerated Van Truck, Refuse, Rescue Hauler, Roll-Back Recovery Truck, Roll-off Truck, Roll-on/off Truck, Route Tractor, Scissor Lift, Sewer Vac Truck, Side Dump Truck, Sleeper Truck, Snow Plow Truck, Stake Truck, Street Sweeper, Sweeper Truck, Trailers, Transport Truck, Utility bucket truck, Utility Digger Derrick, Utility Service Truck, Utility Truck, Vacuum, Van Truck, Vocational Tractor, Waste Hauling Truck, Water Tank Truck, Wing Plow Truck, and Wrecker Truck.</p> <p>An example of common add on truck equipment is wheel nut covers, mudflaps, fairings, pintle hook, trailer brakes and electrical connections, sleepers, crewcab and extended cab modifications, dual steering modifications, bulkhead, GPS devices, etc.</p> <p>An example of some specialized services are body swaps, body modifications, chassis wheelbase modifications, specialized training, maintenance program, etc.</p> <p>An example of special transportation that might be requested and required would be when needed truck related equipment, a body for example, is assembled and installed on incomplete truck chassis beyond the members community. Or when the members location requires specialized transport such as Hawaii or Alaska.</p>

61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Many States or local political divisions have unique laws and potential taxes that are not included and would be added by the selling dealer as required by law. Additionally, unique surcharges may or may not be required depending on the State of registry or use. An example is with the California Air Resources Board (CARB) and the State of California in which a surcharge is required for certain engines to be used in that State. Generally, any federal, state, or local taxes, fees, tag, title, permit, CARB compliance, or other miscellaneous requirements are not included and will be determined and added by the Kenworth dealer as required with each unique state and vehicle offering.
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Freight from the Kenworth factory to the first specified delivery location in the continental United State or Canada is included. Additional transport, most often from the body installer to the local dealer and then for final delivery to the end user, will be arranged by the selling dealer and included in the complete vehicle offer at a price not higher than the dealer sales department cost plus 5 percent. Transport required to deliver to Alaska, Hawaii or other U.S. territories would be offered and priced the same as the additional transport associated with body installations mentioned above.
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Freight from the Kenworth factory to the first specified delivery location in the continental United State or Canada is included. This could include a port in the continental United States, or Canada. Any additional freight for ocean shipment, rail, flatbed, or other transport service required to deliver to Alaska, Hawaii or off-shore would be priced at the Kenworth dealer sales department cost plus no more than 5 percent.
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	The Kenworth offer includes all dealer stock units ready for service. The discount matrix applies and supports those participating agencies with the ability to purchase and place in-service needed equipment within weeks compared to months. Additionally, any unique delivery requested by the participating agency is possible. For example, if the agency wishes to purchase the truck chassis separately from the truck body, the delivery of the cab and chassis can be made to any location as they need which would be arranged, and quoted, if necessary, by the Kenworth dealer. For ordered units that require the highest level of expedited shipping from the Kenworth factory, dealer factory pickup or a single drive versus 3 way or 4 way transport may be available and would be determined and quoted by the Kenworth dealer at no more than the sales department cost plus 5 percent.

Kenworth is providing a pricing structure that is better than what is being offered through other cooperative organizations. Additionally, for quantity deals Kenworth and the Kenworth dealer have provided, and will continue to provide, additional special discounts and incentives.

66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	A pricing calculator has been developed for dealer sales personnel to use when quoting vehicle solutions to participating agencies. The calculator assures the pricing is correct up front during the initial quoting process and assists the dealer in documenting all the economic details. Units are ordered using a special tracking code which assure the units will be reported when final delivery and in-service takes place. At that point, the dealer will use an online link to report additional and final information needed to populate all the required information in the quarterly report. This process has been in place for the past 24 months and has resulted in a substantial improvement in timely reporting and fee remittance. Additionally, the same online link is used by dealers to manage offering participating agencies units from pre-made dealer stock, reporting the detailed information necessary for the quarterly report, and assuring a process and action to assure the administrative fee is collected. All reporting, collection of administrative fees, and final remittance are completely managed by Kenworth Truck Company.
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	The primary measurement of success has been unit delivery metrics by state measured quarterly. In addition, those areas that appear to lack typical volumes are addressed by regional sales managers with dealer management to assure sales representatives are properly trained, have the tools to seek out and connect with potential agencies.
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Kenworth proposes a \$750 flat administrative fee per New Truck or Tractor vehicle to be paid quarterly. Kenworth proposes a 0.5% administrative fee for parts purchases quarterly provided there is a minimum \$250,000 total purchases in the quarter. For quarters with total parts purchases less than \$250,000 the proposed fee is 0.0%. Kenworth proposes a \$250 flat administrative fee per used truck or tractor vehicle to be paid quarterly.
