Rural Alliance Advisory Committee

The RAAC consists of individuals that reside within a residential neighborhood in Clark County, with densities of 2 dwelling units per acre or less, areas designated with a rural neighborhood preservation overlay, or other spaces that are rural in nature. Members will offer input on issues that directly impact these areas. Members serve without compensation for two-year terms and attend regularly scheduled public meetings throughout the year.

List 3 issues impacting rural communities?

1. Limited access to healthcare, workforce housing, and economic diversification opportunities necessary to sustain long-term rural community vitality.
 2. Ensuring equitable educational opportunities for rural students within a large urban-centered school district, including access to advanced coursework, career and technical education, extracurricular programs, technology resources, and adequate staffing for rural schools.
 3. Rural growth-friendly codes that encourage reliable infrastructure development, including electric transmission, water resources, and transportation improvements needed to support growth and economic stability.
-

Why are you interested in becoming a member of the RAAC?

I am interested in serving on the Clark County Rural Alliance Advisory Committee because I believe rural communities deserve strong representation in the decisions that shape their future. As a longtime resident of Moapa Valley, I understand the unique opportunities and challenges facing northeastern Clark County, including infrastructure, education, economic development, public lands, and access to services. Through my professional and community involvement, I have worked with local organizations, elected officials, and residents to support projects and policies that strengthen our communities. I would welcome the opportunity to contribute my experience, communication skills, and community perspective to the Committee's important work. I value collaboration, thoughtful planning, and practical solutions that support the long-term success and sustainability of rural communities.
