

## STATE EMERGENCY RESPONSE COMMISSION (SERC)

### Hazardous Materials Emergency Preparedness (HMEP)

#### For Local Emergency Planning Committees

This grant is to provide for Planning and Training to prevent, mitigate and respond to hazardous materials incidents. Application and award of grants from the HMEP funds are managed pursuant to SERC policy 8.2 and 8.5. SERC policies may be reviewed at <http://serc.nv.gov>.

LEPCs are eligible for funding through this grant if they are in compliance with the Emergency Planning and Community Right-to-Know Act (EPCRA), Nevada Administrative Code (NAC), and SERC policies. Eligibility requirements can be found in SERC policies 8.1, 8.2 and 8.3.

The source of funding is derived from a federal grant from the U.S. Department of Transportation with a focus of preparation and response for incidents involving transportation of hazardous materials. Funds must be accounted for separate from all other grants. The Catalog of Federal Domestic Assistance (**CFDA**) number for this grant is 20.703.

Complete all forms and pages, while providing complete information in the format as outlined. All of the applicable sections of the template **must** be completed. Minor adaptations to the template may be made keeping the requirements and the purpose of the sections intact. Applications for funding must relate to the prevention of mitigation of, and/or response to hazardous materials incidents involving transportation.

Funds may only be used for expenditures incurred during the grant period specified on the sub-grant award. The federal grant expires September 30<sup>th</sup> each year. Any unexpended funds at the end of the grant period may be de-obligated.

Grant applications may need to be approved by the USDOT prior to preparation of a grant award. This process may take some time. The more detailed the activity request, the better helpful to expedite. Therefore, please consider the timing of the project request when submitting applications through the mid-cycle process. Please submit grant applications as soon as possible so we can start the federal approval process.

Grant funds are distributed on a reimbursement's basis. However, the LEPC may request advance funding for expenses over \$2,000 (SERC policy 8.5).

The application format is as follows:

- I. **Goals** - Identify what the LEPC would like to accomplish with the requested grant funds to prevent, mitigate and/or respond to hazardous materials incidents involving transportation. Provide detailed proposed training needs for the period ending October 15.
- II. **Objectives** - Identify the specific approaches to achieve the goals through prevention of, mitigation of and/or response to hazardous materials incidents involving transportation. Objectives need to be specific and measurable.

**Clark County Local Emergency Planning Committee's (LEPC) goal is to obtain funding to maintain educational needs for Southern Nevada's first responders to ensure safety and effective methods for response. Clark County Local Emergency Planning will sub-grant finding to the City of Las Vegas Fire and Rescue.**

**A. City of Las Vegas Fire And Rescue will conduct a exercise with the HazMat team ,LVFR training, and the Combined Communication Center.**

## **II. OBJECTIVES:**

*How do you plan to achieve the goals listed above? Include specific uses of this grant funding to prevent, mitigate and/or respond to hazardous materials incidents involving transportation. Objectives focus on the methods/activities to be used to achieve the goals they support.*

*Click inside gray box to begin typing*

**The exercise will be to evacuate the Administrative building for a simulated roadway HazMat incident, to include the Combined Communications Center to move half of staff to the alternative back up site at Veterans Tribute Career Academy for the 911 lab for continuity of operations and ½ of the staff to dispatch using cell phones and portable radios. The requested funding will be used to pay employees whom are off the day of the training to come in for 4 hours of overtime for this training.**

**Note: The combined communications center resides in Las Vegas Fire & Rescue's Fire Administration building that is adjacent to the US95 with an overpass that covers an area of staff parking. The potential for a HazMat incident to occur on the US95 and cause an evacuation is real.**

## **III. BUDGETS:**

Hotel receipts are required for all lodging reimbursement requests, including in state lodging. Meals included in registration fees will not be reimbursed. Travel eligibility requirements and rates are further defined in SERC policy 8.5.

Requests for a consultant/contractor to provide training must be accompanied by at least two competitive bids. The bids must include an itemized quote and detailed scope of work from the consultant/contractor.

If a privately owned vehicle is used for agency convenience, mileage may be reimbursed at the State rate, currently .575 cents per mile. If a personal vehicle is used for personal convenience, the reimbursement allowed is .2875 cents per mile. ## **APPENDIX A: OVERTIME AND BACKFILL POLICY**

### **OVERTIME AND BACKFILL POLICY FOR HMEP APPROVED TRAINING & EXERCISES**

#### **1. SCOPE:**

This policy applies to sub-recipients and sub sub-recipients of Department of Transportation (DOT) Pipeline & Hazardous Materials Safety Administration (PHMSA) Hazardous Materials Emergency Preparedness (HMEP) Planning and Training grant funds.

#### **2. POLICY:**

As outline in the HMEP Notice of Funding Opportunity (NOFO) overtime/backfill and volunteer stipend expenses are permitted under this grant in order to perform allowable HMEP training activities and that can include training exercises. To be eligible for any form of personnel time reimbursements, individual's employing department must have experienced as actual cost beyond normal operational personnel expenses. Qualified expenses may include overtime, backfill or loss of salary/compensation by the individual attending a grant eligible **activity approved by PHMSA.**

**A. RESTRICTIONS:**

1. Overtime related to planning activities will not be approved.
2. Overtime to attend training conferences or symposiums will not be covered.
3. PHMSA must not be billed for overtime and backfill related to the same individual/training course. This means that an individual attending training that results in overtime would not require someone backfilling that time.
4. PHMSA will allow recipients up to 30 percent of its award for backfill, overtime and stipend costs.
5. Course instructors and administrative staff are not eligible to be reimbursed under this guidance.
6. Expenses are limited to the actual costs that result from an individual who performs the duties of another individual while they are attending an HMEP approved training activity.
7. If the backfill employee is a regular employee who is called in on his/her day off (weekend or other off day), there may be an extra cost to the applicant. Regular and overtime costs may be eligible.
8. If the backfill employee is called in from scheduled leave, there should be no extra cost as the leave can be rescheduled. Only the overtime is eligible.
9. For hybrid fire departments (volunteer and career), the value of volunteer's backfilling for a career employee can be credited toward the non-Federal cost share or the volunteer may receive a stipend but not both.

**B. RECORD KEEPING REQUIREMENTS:**

1. Grant recipients must provide SERC and retain a list of all individuals involved in these costs and their salary (individual trained and individual backfilling).
2. Grant recipients must provide SERC with and retain an internal management plan/policy to ensure adequate oversight for these costs prior to the activity occurring.
3. Grant recipients must provide SERC with and retain a training record and actual payroll records which must be maintained for all responders who receive overtime, backfill or stipends by name, County LEPC or State Agency, training date(s) and the total amount paid to each individual volunteer for each training event.

**C. DOCUMENTATION:**

1. Grant applicants must submit the following information: estimated number of employees to be trained while on overtime/backfill/stipend pay; average hourly rate of firefighter/emergency responders in jurisdiction; estimated total overtime hours or stipend pay; total costs for overtime and/or stipends due to HMEP training; name and date of training course(s).
2. SERC will conduct spot check/desk review/audits and will make sure the following information is being retained: names of individuals trained; individual hourly rates for individuals trained; total overtime hours or stipend pay per individual (pay stub, payroll printout); total actual costs for overtime or stipend pay due to HMEP training; name and date of training course(s).

**D. REIMBURSEMENT LIMITATIONS INCLUDE:**

1. Only personnel time directly related to the grant activity is allowed. Travel time to and from the event is not eligible. However, requested reimbursement for travel/per diem costs is eligible.  
Note: that if overtime or backfill is charged against any cost categories and the individual(s) is in travel to the approved training, the completion of a "Travel Request" form as outlined in SERC Policy 8.5 is required for reimbursement for travel/per diem cost.
2. Normal salaried time of team members is not eligible for reimbursement due to supplanting issues.
3. Salaried employees participating outside their normal work hours are not eligible for reimbursement.

PHMSA will allow HMEP recipients to be reimbursed for nominal volunteer stipends if it does not **exceed 20 percent** of what the fire department would otherwise pay a full-time firefighter to perform response services. HMEP recipients should develop and submit to the SERC a policy for the standardized stipend amount to be provided for participation in HMEP training and training-related exercises. Prior approval must be received before issuing stipends. All costs must be related to a HMEP training activity.

**Please review SERC Policy 8.16 for additional information regarding requirements for overtime/backfill and stipend.**
