Description:	N/A		
Additional Comments:	N/A		

BACKGROUND:

Las Vegas Boulevard pavement will be reconstructed from the Clark County 215 Bruce Woodbury Beltway to Sahara Avenue. In conjunction with the pavement reconstruction, Las Vegas Valley Water District will be replacing waterline along the same section on Las Vegas Boulevard. In addition, portions of Las Vegas Boulevard will be widened, smart poles installed, and multi-duct conduit will be placed for future use to avoid further trenching and preserve the pavement surface.

Clark County Public Works is coordinating phasing of the improvements planned for Las Vegas Boulevard between the Clark County 215 Bruce Woodbury Beltway and Sahara Avenue with the Nevada Department of Transportation's Interstate 15 and Tropicana Avenue improvements project.

Public Works staff is present to provide an update to the Board of County Commissioners on these improvements.
