Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2021 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile)must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2021 Continuum of Care (CoC) Program Competition. For more information see FY 2021 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2021 CoC Program NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2019 Project Application will be imported into the FY 2021 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2021 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

Due to e-snaps limitations, only previously submitted renewal applications can import data into the FY 2021 renewal project application. The data from previously submitted new and renewal project applications can be imported into a FY 2021 renewal project application. The “Submit without Changes” process is not applicable for:
- first time renewing project applications
- a project application that did not import last FY 2019 information
- a project that had Issues or Conditions that were addressed in FY 2019 Post-Award and updates need to be reflected in the FY 2021 project application
- a project that had amendments approved in FY 2019 or FY 2020 that need to be reflected in the FY 2021 project application

e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

Renewal projects that brought forward data from FY 2019 and have either a Leasing budget, Operating budget or use HUD PAID RENTS (Actual Rents) instead of FMR MAY NOT use the “Submit Without Changes” process and e-snaps will automatically be set to “Make Changes”. All Leasing and Operating budgets, along with Rental Assistance budgets that use HUD PAID Rent will need to be updated in the application. Refer to the GIW posted on the HUD Exchange for accurate budget information on leasing and operating budgets and refer to the HUD PAID RENT document sent by your field office from HUD HQ to accurately set your rental assistance budgets that use HUD PAID rents. This will only impact the FY 2021 competition.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:

- Recipient Performance Screen
- Consolidation and Expansion

Renewal Grant Consolidation or Renewal Grant Expansion

The FY2021 CoC Competition will continue offering opportunities to expand or consolidate CoC projects. A few changes have occurred that differentiate the process from FY 2019.

1. Expansions and Consolidations will submit individual applications.
   a. Expansions will ONLY submit a Stand-Alone Renewal application and a Stand-Alone New application.
   b. Consolidations will ONLY submit individual renewal project applications, identifying the renewal application that will survive, and the renewal applications that will terminate. Up to 10 grants may be included in a consolidation.

2. HUD HQ will combine the data (e.g., units, budgets) for Expansion or Consolidation requests from the individual project applications selected for conditional award and provide a data report with further instructions for the field office and conditional recipient.

1. Provide a description that addresses the entire scope of the proposed project.

This project includes continuing the operational capabilities of Clarity, the homeless management information system (HMIS) for the Southern Nevada Continuum of Care. Goals include continued upgrades to integrate tools for Coordinated Entry capabilities, such as modifications as needed to coordinated entry housing assessment tools for adults without children, youth, families, and those experiencing domestic violence in the compatible database. Refinements will further assess, triage, and determine local prioritization. Improved scoring mechanisms are augmented as needed for prioritization by adding specific questions or scoring to further detail and capture vulnerability. These tools assist with prioritization of the most vulnerable to access available permanent supportive housing or rapid rehousing services first. It also includes refined reporting abilities across all of the tools to allow fair housing opportunities to clients when housing availability for multiple populations exists. Adjustments and improvements will continue to be made in Clarity per the request of the Coordinated Entry Working Group as coordinated entry continues to be fine-tuned with the greater implementation and dynamic prioritization.
The abilities of Clarity will also continue to integrate functions for capturing system performance measures. Technical assistance will be available to aid providers towards comprehensive data collection and quality, which will reflect in improvements in system performance, housing inventory utilization data, and point-in-time measurements. Reporting capabilities will be available to demonstrate progress towards meeting Federal benchmarks towards ending homelessness.
Clarity will continue to integrate HUD HMIS Data Standards that require modifications to screens, interfaces, reporting, performance monitoring, analytic tools, and data collection integration tools. This grant will also continue the current accessibility of Clarity to social service providers to access HMIS data collection, reporting, data analysis, licensing, software maintenance and technical support for the local Continuum of Care.
This grant will also continue the current accessibility of Clarity to homeless service providers to access HMIS data collection, reporting, data analysis, licensing, software maintenance and technical support for the local Continuum of Care. Providers include nonprofit partners, health care providers, first responders, government agencies and other entities serving those experiencing homelessness in the Southern Nevada community.

To Whom It May Concern,

Clark County Department of Social Service (CCSS) serves as the Collaborative Applicant for NV-500, also known as the Las Vegas/Clark County Continuum of Care (CoC). CCSS also serves as the fiduciary agent for the Southern Nevada Homelessness Continuum of Care Board. I am pleased to provide this letter of match support for this CoC's Homeless Management Information System (HMIS) renewal project application. As this CoC's HMIS utilization grows, this grant provides for the operation and maintenance for the HMIS, while expanding its capabilities for service tracking and reporting in alignment with U.S. Department of Housing and Urban Development's requirements.

CCSS commits $215,039 in cash match from the Interlocal Agreement for Shared Funding of the HMIS. This interlocal is supported by the five local government jurisdictions of Boulder City, Clark County, Henderson, Las Vegas, and North Las Vegas. These funds are currently under contract for HMIS Administration with Bitfocus, Inc.

We look forward to the opportunity to continue fostering partnerships through the HMIS for the benefit of those who are served by our Continuum of Care.

Sincerely,

Kristin Cooper
