Additional Comments:	N/A		

BACKGROUND:

On December 21, 2021, the Board of County Commissioners approved a pre-qualification list to be used to select professional service providers for the period of January 1, 2022 through December 31, 2023. Jacobs Engineering Group Inc. (Corporation) was selected from the pre-qualification list, [Service] Structural - Transportation and Flood Control, to provide engineering services for the design of a pedestrian bridge across Eastern Avenue, south of the CC 215 Beltway.

County staff negotiated the attached professional engineering services contract with Jacobs Engineering Group Inc. The contract describes the services to be provided and stipulated terms. The time of performance is effective to December 31, 2025, unless time extensions are granted. The project improvements to be designed include a pedestrian bridge, ramps, plantmix bituminous trail, trail lighting, fencing, signing, striping, and other necessary appurtenances to construct a complete and functional project.

Jacobs Engineering Group Inc. currently holds a Clark County Business License.

Pursuant to the Nevada Revised Statute 332.115(1)(b), contracts for professional services are not adapted to award by competitive bidding and, therefore, are exempt from the bidding requirements.

The District Attorney's Office has reviewed and approved the contract as to form.
