

CLARK COUNTY BOARD OF COMMISSIONERS

AGENDA ITEM

Petitioner: Marci Henson, Department of Environment and Sustainability

Recommendation:

Introduce an ordinance to create a new Clark County Air Quality Regulation Section 12.14, "Regional Haze Requirements," for stationary sources that may reasonably be anticipated to cause or contribute to visibility impairment in any federal Class 1 area, and authorize permanent and enforceable emission reduction measures and monitoring, recordkeeping, and reporting requirements sufficient to comply with the Nevada Regional Haze State Implementation Plan; provide for other matters properly related thereto; and set a public hearing. (For possible action)

Additional Comments:	N/A		

BACKGROUND:

The proposed ordinance will create Clark County Air Quality Regulation Section 12.14, "Regional Haze Requirements," to address Clark County's requirements to comply with the Nevada Regional Haze State Implementation Plan. The provisions of this regulation apply to any stationary source in operation or existence that may reasonably be anticipated to cause or contribute to visibility impairment in any federal Class 1 area identified in 40 CFR 81, Subpart D, such as the Grand Canyon National Park. The regulation will authorize the Department of Environment and Sustainability, Division of Air Quality to include permanent emission reduction measures, along with monitoring, recordkeeping, and reporting requirements, in stationary source permits in accordance with the Nevada Regional Haze State Implementation Plan. Staff recommends that a public hearing be set for June 7, 2022, at 10:00 a.m.
