#### **Current Planning**

A use permit is a discretionary land use application that is considered on a case-by-case basis in consideration of Title 30 and the Master Plan. One of several criteria the applicant must establish is that the use is appropriate at the proposed location and demonstrate the use shall not result in a substantial or undue adverse effect on adjacent properties.

This site is in a rural outlying area, and the applicant lives adjacent to the property. The use of the parcel for storage of additional vehicles will not impact the other uses in this rural area. Staff can support this request.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
