LAND USE PLAN:

SPRING VALLEY- URBAN NEIGHBORHOOD (GREATER THAN 18 DU/AC)

BACKGROUND:

Project Description

The previously approved plans depict the vacation and abandonment of 33 foot wide government patent easements located within the interior of the project site in addition to the vacation of an 8 foot wide patent easement adjacent to the east side of Quarterhorse Lane (alignment). The applicant states that due to the development of the surrounding areas, the street patterns have been established and the patent easements are no longer needed to serve the public interest for roadway or utility purposes.

The plans also depicted the vacation and abandonment of a portion of right-of-way being Sunset Road, with an area of 2,491 square feet, located at the southwest corner of Sunset Road and Roy Horn Way. The applicant states that the right-of way proposed to be vacated is no longer needed by the public due to the re-design of the drainage channel in the surrounding area, and the vacation of the previous right-of-way directly to the east associated with drainage facilities is no longer needed by the public.
