Staff Recommendation

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:**Current Planning**

- Applicant is advised that the County is currently rewriting Title 30 and future land use applications, including applications for extensions of time, will be reviewed for conformance with the regulations in place at the time of application; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; and that a final map for all, or a portion, of the property included under this application must be recorded within 4 years or it will expire.

Public Works - Development Review

- Drainage study and compliance;
- Traffic study and compliance;
- Traffic study to also address circulation needs of this site and applicant to be aware that any additional applicable development of the Coyote Springs site will require master traffic study to address right-of-way needs and roadway design;

- Full off-site improvements.

Current Planning Division - Addressing

- No comment.

Clark County Water Reclamation District (CCWRD)

- Applicant is advised that the CCWRD is unable to verify sewer capacity based on this zoning application; and may find instruction for submitting a Point of Connection (POC) request on the CCWRD's website; and that a CCWRD approved POC must be included when submitting civil improvement plans.
