### Elevations

The plans show a 140 foot high communication tower with an 8 foot high chain-link fence around the equipment shelter.

### Signage

Signage is not a part of this request.

### Applicant's Justification

The applicant indicates that the proposed tower is needed to better serve the public traveling within the I-15 corridor. The proposed location will not have a negative impact on the surrounding area.

### **Surrounding Land Use**

	<b>Planned Land Use Category</b>	<b>Zoning District</b>	<b>Existing Land Use</b>
North & West	Open Lands	R-U	I-15 & undeveloped
South & East	Open Lands	R-U & H-2	Railroad, Las Vegas Boulevard, & undeveloped

### **STANDARDS FOR APPROVAL:**

The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

### **Analysis**

#### **Current Planning**

#### Use Permits & Design Review

A use permit is a discretionary land use application that is considered on a case by case basis in consideration of Title 30 and the Master Plan. One of several criteria the applicant must establish is that the use is appropriate at the proposed location and demonstrate the use shall not result in a substantial or undue adverse effect on adjacent properties.

The proposed tower is consistent with towers located in non-urban areas to predominantly provide service for the traveling public. Overall staff finds this request is in keeping with the intent of Title 30 requirements and the tower will not have a negative impact on the surrounding area. The overall design works with existing site conditions; therefore, staff can support these requests.

### **Staff Recommendation**

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.

## **PRELIMINARY STAFF CONDITIONS:**

### **Current Planning**

- Applicant is advised that a bond (or other guarantee per Table 30.44) is required prior to the construction of the tower; that this approval also includes all future antennas proposed in conjunction with this tower, provided all future antennas are determined to not be visually obtrusive to this area; and that in order to construct this tower, building permits must be obtained for this tower prior to building permits being issued for any other communication tower within a radius of 600 feet otherwise additional land use applications may be required; the County is currently rewriting Title 30 and future land use applications, including applications for extensions of time, will be reviewed for conformance with the regulations in place at the time of application; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; and that this application must commence within 2 years of approval date or it will expire.
