## AWARD INFORMATION

**Incorporation:** In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federal-regulations-policies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number **CDC-RFA-SP18-1806**, entitled **Sudden Unexpected Infant Death (SUID) and Sudden Death in Young (SDY)**, and application dated **April 25, 2022**, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NoA).

**Approved Funding:** Funding in the amount of **\$90,986** is approved for the Year **05** budget period, which is **September 30, 2022** through **September 29, 2023**. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third party in-kind contribution when applicable.

**Component/Project Funding:** The NOFO provides for the funding of multiple components under this award. The approved component funding levels for this notice of award are:

NOFO Component	Amount
SUID	\$90,986
SDY Optional	\$0

**Financial Assistance Mechanism:** Cooperative Agreement

**Substantial Involvement by CDC:** This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all postaward monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities therein, as detailed in the NOFO.

**Use of Unobligated Funds:** This NoA includes use of Years 03 unobligated funds in the amount of \$89,000, which has been applied as an offset to the currently approved funding level for this budget period. The use of unobligated funds is approved based on the Year 03 Federal Financial Report (FFR) dated June 27, 2022. The amount of this NoA will be subject to reduction if the final amount of unobligated funds is less than the amount of unobligated funds reported on the referenced FFR.

**Budget Requirement:** Please provide the following information by submitting a grant note in GrantSolutions as soon as this information is available.

- Personnel – Provide the names, titles, and salaries of all grant staff; In-Kind personnel needs time and effort
- Supplies – Provide the quantity and cost of each item

- Travel – Need to add coordinator and assistant with time and effort as in-kind personnel. Itemized each travel

**Expanded Authority:** The recipient is permitted the following expanded authority in the administration of the award.

- Carryover of unobligated balances from one budget period to a subsequent budget period. Unobligated funds may be used for purposes within the scope of the project as originally approved. Recipients will report use, or intended use, of unobligated funds in Section 12 "Remarks" of the annual Federal Financial Report. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient's authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.
