BACKGROUND:

On February 20, 2001, the Board of County Commissioners (Board) adopted a Resolution to Exchange Real Property within the Cooperative Management Area (CMA), in which Department of Aviation (DOA) obtained fee ownership of several parcels including Assessor's Parcel Number 162-31-401-015. This parcel is split by the Union Pacific Railroad right-of-way (UPRR ROW) and the area lying west of the UPRR ROW was dedicated for drainage and flood control purposes. The area lying east of the UPRR ROW is now identified as Assessor's Parcel Number 162-31-401-043 (Property) and totals 6,098 square feet (0.14 acre). The Property is landlocked and there are no known or anticipated uses by Clark County. Staff believes it is in the best interest of Clark County to sell the Property.

NRS 244.281 allows for the sale of a parcel, that as a result of its size, is too small to establish an economically viable use by anyone other than the person who owns property adjacent to the real property for sale.

Two appraisals were prepared for the Property and the average of the two determined the sale price of \$30,250 as required by NRS 244.281.

The quitclaim deed conveying the Property will include a Restrictive Covenant and Reservation of Avigation & Clearance Easement, so that future uses are compatible with airport operations. The sale proceeds will be distributed under the Southern Nevada Public Lands Management Act of 1998 (SNPLMA) as follows: 85% to the Bureau of Land Management, 5% to the State of Nevada, and the remainder to DOA.
