### **Analysis**

#### **Current Planning**

A use permit is a discretionary land use application that is considered on a case by case basis in consideration of Title 30 and the Master Plan. One of several criteria the applicant must establish is that the use is appropriate at the proposed location and demonstrate the use shall not result in a substantial or undue adverse effect on adjacent properties.

Staff does not anticipate any adverse impacts from the pawn shop and finds that the use is a retail business to serve as a convenience to neighborhoods and is compatible with the C-2 zoning

district and existing development in the surrounding area. The proposed use places no additional demands on the site in terms of required parking, landscaping, or other design features; therefore, staff recommends approval.

**Staff Recommendation**

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
