STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis**Current Planning**

This request meets the tentative map requirements as outlined in Title 30.

Staff Recommendation

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:

Current Planning

- Applicant is advised that the County is currently rewriting Title 30 and future land use applications, including applications for extensions of time, will be reviewed for conformance with the regulations in place at the time of application; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; and that a final map for all, or a portion, of the property included under this application must be recorded within 4 years or it will expire.

Public Works - Development Review

- Drainage study and compliance;
- Drainage study must demonstrate that the proposed grade elevation differences outside that allowed by Section 30.32.040(a)(9) are needed to mitigate drainage through the site;
- Traffic study and compliance;
- Full off-site improvements;
- Right-of-way dedication to include 25 feet to the back of curb for Montessouri Street, an elbow for Agate Avenue and Montessouri Street, and associated spandrel;
- If required by the Regional Transportation Commission (RTC), and if permitted by Nevada Department of Transportation (NDOT), extend the proposed deceleration/right turn lane on Blue Diamond Road into this property such that it begins at the easternmost limit of the parcel, and provide a 10 foot by 50 foot bus shelter pad behind the sidewalk beginning approximately 100 feet west of the property line in accordance with RTC standards.
- Applicant is advised that the installation of detached sidewalks will require the vacation of excess right-of-way or the dedication to the back of curb and granting necessary easements for utilities, pedestrian access, streetlights, and traffic control or execute a License and Maintenance Agreement for non-standard improvements in the right-of-way; and that approval of this application will not prevent Public Works from requiring an alternate design to meet Clark County Code, Title 30, or previous land use approvals; and that Nevada Department of Transportation (NDOT) permits may be required.

Current Planning Division - Addressing

- Multi-family unit numbers shall be approved by Addressing during the building permit process.

Fire Prevention Bureau

- No comment.

Clark County Water Reclamation District (CCWRD)

- Applicant is advised that a Point of Connection (POC) request has been completed for this project; to email sewerlocation@cleanwaterteam.com and reference POC Tracking #0387-2022 to obtain your POC exhibit; and that flow contributions exceeding CCWRD estimates may require another POC analysis.

TAB/CAC: Enterprise - approval.
