Why are you interested in becoming a member of your TAB or CAC? I would like to continue to serve

my community. I believe that I am making some what of an impact and that my voice does reflect a difference of opinion, occasionally to some of the longer serving board members

I also believe that sitting on the TAB helps give me better perspective on my day to day job, allowing me to see what entities and communities are looking for not just what might be the cheapest/most efficient alternatives.
