BACKGROUND:

On April 18, 2022, the Clark County Board of Commissioners originally approved the interlocal agreement between The State of Nevada Department of Health and Human Services Division of Health Care Financing and Policy and Clark County Department of Family Services in the amount of \$2,155,063.00.

This amendment increases the maximum amount from \$2,155,063.00 to \$15,155,063.00 due to the increased need for TCM services. The original interlocal amount did not include costs associated with TCM.

The State of Nevada Department of Health and Human Services Division of Health Care Financing and Policy is the federally recognized agency authorized to receive Title XIX funding. Approval of this amendment to the interlocal contract will provide Clark County Department of Family Services the ability to receive Federal reimbursement for Title XIX administrative costs and Medicaid services which may include, but not be limited to Targeted Case Management Services to eligible recipients under Titles XIX and XXI, utilization review, referral, arranging and follow up for Medicaid services, resolving Medicaid eligibility and coverage issues for the current and increasing needs of children in the child welfare system within Clark County.

The term of the contract is from July 1, 2022 through June 30, 2026, unless sooner terminated by either party as set forth in the Contract.

The Clark County Department of Family Services has reviewed the scope of work, contract language, and budget proposal and found them to be appropriate for the work to be performed.

In accordance with NRS 277.180, the parties are authorized to enter into interlocal contracts to perform governmental functions and activities.

Upon the Board's approval, this interlocal contract will go before the next Nevada Board of Examiners for approval.
