**STANDARDS FOR ADOPTION:**

The applicant shall demonstrate that the proposed request meets the goals and purposes of the Master Plan and Title 30.

**Analysis**

**Comprehensive Planning**

Urban Neighborhood is identified in the Master Plan with the following characteristics:

**Primary Land Uses**

- Single family attached and detached homes, duplexes, triplexes, fourplexes, townhomes, and multiple family.

**Supporting Land Uses**

- Accessory dwelling units (where allowed by underlying zoning), multiple family dwellings, and neighborhood serving public facilities.

**Density**

- Greater than 18 dwelling units per acre.

## Characteristics

- Includes a wide variety of attached and detached housing types on small lots.
- Some Urban Neighborhoods include or have direct access to retail, offices, commercial services, and activity centers.
- Density and building height vary based on location specific character (the highest possible density is not always appropriate).
- Amenities rich with quality pedestrian and bicycle infrastructure and feature robust transit service.

## Plan Amendment

The current uses in the surrounding area are a mix of higher density residential, offices, service commercial, and business employment services. The request to redesignate the existing land use category from Corridor Mixed-Use (CM) to Urban Neighborhood (UN) for a proposed senior housing development closely identifies with the Urban Neighborhood land uses and characteristics in the area as identified in the Master Plan. It also follows a pattern of increased residential densities along this portion of Russell Road near Boulder Highway, which features robust transit service. Staff finds the request for the Urban Neighborhood (UN) land use designation appropriate for this location.

## **Staff Recommendation**

Adopt and direct the Chair to sign a resolution adopting the amendment. This item has been forwarded to the Board of County Commissioners' meeting for final action.

If this request is adopted, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
