Educational and Training Vouchers (ETV) Program

Federal Fiscal Year 2023 Award

NOTE: This document is available online at <http://dcfs.nv.gov/Programs/GMU/GMU/>

Opportunity Summary

Summary

The Division of Child and Family Services (DCFS) Grants Management Unit (GMU) seeks a qualified agency to administer Nevada's ***Educational and Training Voucher Program (ETV)*** through State Fiscal Year 2025. The ETV program provides monetary assistance to eligible youth who are enrolled in an accredited postsecondary institution of higher education. DCFS receives Title IV-E federal funding to provide postsecondary educational and training vouchers to eligible youth who are in or age out of foster care or who have been adopted from foster care after turning 16 years old. The ETV program allows DCFS to expand and supplement assistance currently being provided to former and eligible foster care youth and specifically helps them to begin, continue or complete their educational and vocational goals. This Notice of Funding Opportunity (NOFO) implements a funding process that combines a review of applications with grant allocations for specific program services throughout the geographic areas in Nevada. Funds awarded are for programs to begin July 1, 2023 and expire on June 30, 2025. **This is a competitive process. Current subrecipients are not guaranteed funding in SFY 2024 and applicants who receive awards through this NOFO are not guaranteed future funding.**

Program Requirements

Eligibility: Eligible agencies may include nonprofit, community-based organizations, school districts, tribal governments, and local government agencies are eligible to apply. Funding may be awarded to **ONE** agency to provide services statewide or **TWO** separate agencies to provide services in the North and South regions of Nevada.

Performance Period: This Notice of Funding Opportunity will award funding for State Fiscal Year 2024 and 2025. Funds awarded are for programs to begin July 1st and expire on June 30th of each year. Funding for SFY2025 will be dependent upon availability of funding, compliance with grant requests and scope of work. A brief continuation application with an updated budget and scope of work will be required for continued funding in SFY25.

Match/Cost Sharing Requirement: Match is a mandatory requirement for the ETV Program. The minimum match amount for each ETV funding award is 20% of the total project cost. Match is calculated by dividing the amount requested by .80 then multiplying the result by .20. For example, the requested amount of \$100,000 divided by .80 = \$125,000, multiplied by .20 = match in the amount of \$25,000. Allowable match includes in-kind contributions and monetary funds from non-federal sources. Each recipient is responsible for providing match tracking and documentation for ETV awards.

Collaboration with Child Welfare Agencies: All applicants must demonstrate how they will ensure ongoing collaboration with their local child welfare agency in all aspects of service provisions. If funded, agencies will be required to collaborate with DCFS and regional designated Child Welfare representatives to develop appropriate outcome measures to be reported monthly.

Compliance with Reporting Requirements: Monthly Request for Reimbursement and Financial reports will be required by the 15th of each month for the previous month. Programmatic reports will be required quarterly.

Confidentiality: Applicants will be required to maintain the confidentiality of any information that would identify persons receiving services and to conduct background checks on all employees, volunteers and other workforce members that are in direct contact with children or families that are receiving services.

Scope of Work Requirements

The goal of Nevada's ETV program is to provide the economic and personal supports eligible youth need to attend and complete post-secondary training and education programs. ETV provides funding with support and guidance to youth 16-26 years of age as needed throughout their participation in a post-secondary or vocational training program. The ETV program will complement DCFS' Independent Living Program and provide a continuum of state services to help youth become educated, trained and ready to enter the workforce.

Participant Eligibility Requirements:

- Students must maintain a GPA of 2.0 and/or make satisfactory progress in your educational goals.
- Students from other states who already receive ETV program and move to Nevada for the sole purpose of attending postsecondary or vocational school should continue to receive ETV program support from their original state of residence as long as they remain eligible for the program.

Total Funding Amount: \$461,542

All awards are contingent upon availability of funds. The Division reserves the right to modify or reject applications. Applications must conform to the conditions or guidelines contained in this Notice of Funding Opportunity (NOFO). **A successful application is not a guarantee for receiving all or partial funding for the program, or, if initially funded, that the project will receive continued funding in subsequent grant cycles. DCFS reserves the right to fund or not fund any project based on scoring, available funds, or past grant performance. There is no appeals process.**

QUESTIONS AND ANSWERS

Please submit any questions regarding ETV program application process to DCFS Grants at dcfsgrants@dcfs.nv.gov.

Application Process

Award Time Line

Event	Date/Time
Grant opportunity announced	April 12, 2023
Deadline for submission	May 31, 2023
Announcement of awards	Mid-June 2023
Performance Period	July 1, 2023 through June 30, 2024

Application Review

DCFS staff, along with application review panel members, will review and evaluate each application, see Appendix C: GMU Scoring Matrix. The evaluation of applications received in response to this NOFO will be conducted comprehensively, fairly and impartially. GMU will use structural, quantitative scoring techniques to maximize the objectivity of the evaluation. The review process will consist of a technical review of the applicant's information including the project and the budget (justification, cost effectiveness, project sustainability). The review panel members will be comprised of individuals with experience and knowledge of grant management or responsibility for program service and financing.

Evaluation Process

Applications received by the published deadline of **5:00 pm Wednesday May 31, 2023** will be processed as follows:

STEP 1: Application Review Panel

- A. Each application will be evaluated for content and scored by at least two review panel members, see Appendix C: GMU Scoring Matrix.
- B. As part of the review process, staff will identify strengths and weaknesses and may recommend, as a condition of funding the project, that
 - Specific revisions are made to the budget or Scope of Work, or
 - Special conditions are placed on the award (e.g., certain fiscal controls, more stringent performance requirements, or more frequent reviews).
- C. The review panel will identify specific line item areas for revision if funding limitations result in a reduction of an overall proposed budget. In the event budget reductions are necessary, an equitable formula based on application ranking and scores will be developed and applied in an impartial manner.
- D. GMU will submit review panel recommendations to the Administrator of DCFS or designee for final approval.

STEP 2: Final Decisions

Final funding decisions will be made by the DCFS Administrator or designee based on the following factors:

- Review panel scores;
- Geographic distribution of the proposed grant awards;
- Conflicts or redundancy with other funded programs, or potential for supplanting existing funds.

Funding decisions made by the DCFS Administrator or designee are final. There is no appeals process.

Notification and Award Process

Successful applicants will be notified of their application status with a Letter of Intent after funding decisions have been made in June 2023.

GMU staff will conduct negotiations with applicants regarding the recommendation for funding to address any specific issues identified by the GMU or the review panel. All related issues must be resolved before a grant will be awarded. These issues may include, but are not limited to:

- Revisions to the project budget;
- Revisions to the Scope of Work; and/or
- Enactment of Special Conditions (e.g., fiscal controls, performance requirements or frequency of reviews).

Upon successful conclusion of negotiations, GMU staff will complete a written grant agreement in the form of a Notice of Subaward (NOSA). The NOSA documents and Grant Instructions and Requirements (GIRs) will be distributed to the subrecipient upon approval of the subaward, see Appendix D: Notice of Subaward.

Post Award Requirements

Monthly Financial Status and Request for Funds Report

DCFS requires the use of a standardized Excel spreadsheet reimbursement request form that self-populates certain financial information. This form must be used for all reimbursement requests. Monthly reports are required even if no reimbursement is requested for a month. The monthly reports are due on the 15th of the month for the previous month. GMU staff will provide instructions and technical assistance upon the grant award.

Per Code of Federal Regulations [2 C.F.R. § 200.430](#), charges made to Federal awards for salaries, wages, and fringe benefits must be based on records that accurately reflect the work performed and comply with the established policies and practices of the organization.

- Charges must be supported by a system of internal controls that provides reasonable assurance that the charges are accurate, allowable and properly allocated.
- Documentation for charges must be incorporated into the official records of the organization.
- Support must reasonably reflect the total activity for which the employee is compensated by the organization and cover both federally funded and all other activities. The records may include the use of subsidiary records as defined in the organization's written policies.
- Where grant recipients work on multiple grant programs or cost activities, documentation must support a reasonable allocation or distribution of costs among specific activities or cost objectives. **** All expenses must be cost allocated based on ACTUAL time worked on the project. Allocations based on budgeted amounts will not be allowed.**
- Examples of items that may support salaries and wages include timesheets, time and effort reports, or activity reports that have been certified by the employee and approved by a supervisor with firsthand

knowledge of the work performed. Payroll records will need to reflect either after the fact distribution of actual activities or certifications of employee's actual work performed.

Subrecipient Monitoring

Successful applicants must participate in subrecipient monitoring. Subrecipient monitoring is intended to provide ongoing technical support to subrecipients and to gather information reportable by DCFS to federal or state agencies. To facilitate the review process, materials referred to in the review documents should be gathered prior to the review. The subrecipient's primary contact person and appropriate staff should make themselves available to answer questions and assist the reviewer(s) throughout the process. For non-governmental agencies, at least one board member must also be available during the exit discussion. The subrecipient monitoring reports or action items to be addressed will be sent to the agency within 30 working days following the conclusion of the subrecipient monitoring.

Performance Reports

Subrecipients must complete performance reports on a quarterly basis and submit them as instructed by DCFS. Quarterly reports are due by the 15th of the month following the end of the quarter. Successful applicants will report the type of services provided, demographic information for individuals served and progress towards meeting Scope of Work commitments. DCFS will provide a data reporting workbook for subrecipients to document performance progress and outcomes. Subrecipients will be required to provide source documentation that corresponds to the data reported.

Compliance with Changes to Federal and State Laws

As federal and state laws change and affect either the DCFS GMU process or the requirements of subrecipients, successful applicants will be required to respond to and adhere to all new regulations and requirements.

Nevada 2-1-1

All successful applicants will be required to add or update their agency's profile on Nevada's 2-1-1 website located at www.nevada211.org within 60 days after receiving notification of award and provide verification of enrollment. Nevada 2-1-1 is a statewide resource for individuals looking for assistance, services, and programs.

Budget Narrative Instructions

All applications must include a detailed project budget for the one-year funding cycle. The budget needs to accurately represent the funds necessary to carry out the proposed Scope of Work and to achieve the projected outcomes for the award funding period.

Note: If the proposed project does not receive the full amount requested, the GMU will work with the applicant to modify the budget, the Scope of Work and the projected outcomes.

Applicants **must** use the budget template form (Excel file) provided for downloading in the Budget Section of the online application and use the budget definitions provided in the “Categorized Budgets” section below to complete the narrative budget (spreadsheet tab labeled Budget Narrative). Complete a detailed budget for each line item. This spreadsheet contains formulas to automatically calculate totals and links to the budget summary spreadsheet (tab labeled Budget Summary) to automatically complete budget totals in Column B. **Do not override formulas.**

For all budget categories, provide total amount requested, item details, and line item justification.

Total Fringe Cost					\$ -	Total: \$ -

Personnel:

Charges made for salaries, wages, and fringe benefits must be based on records that accurately reflect the work performed and comply with the established policies and practices of the organization. See [2 C.F.R. § 200.430](#).

Identify employees who provide direct services. The following criterion is useful in distinguishing employees from contract staff.

CONTRACTOR	EMPLOYEE
Delivers product	The applicant organization is responsible for product
Furnishes tools and/or equipment	The applicant organization furnishes work space & tools
Determines means and methods	The applicant organization determines means and methods

In the narrative section, list each position and employee name, if known. Provide a breakdown of the wages or salary and the fringe benefit rate (e.g., health insurance, FICA, worker's compensation). For example:

Program Director: $(\$28/\text{hour} \times 2,080/\text{year} + 22\% \text{ fringe}) \times 25\% \text{ of time} = \$17,763$

Intake Specialist: $(\$20/\text{hour} \times 40 \text{ hours/week} + 15\% \text{ fringe}) \times 52 \text{ weeks} = \$47,840$

Only those staff whose time can be traced directly back to the grant project should be included in this budget category, including those who spend only part of their time on grant activities. Administrative/Executive Staff salaries that are not readily assignable to a particular project are not allowed.

Travel/Training: Travel costs must provide direct benefit to this project. Identify staff that will travel, the purpose, frequency, and projected costs. U.S. General Services Administration (GSA) rates for per Diem and lodging, and the state rate for mileage (currently \$.58), should be used **unless** the organization's policies specify lower rates for these expenses. Local travel (i.e., within the program's service area) should be listed separately from out-of-area travel. Out-of-state travel and nonstandard fares/rates require special justification. GSA rates can be found online at <https://www.gsa.gov/portal/category/26429>.

Identify and justify any training costs specifically associated with the project, including type of training, location, # of staff attending, benefit to subrecipient and Scope of Work implementation.

Operating: For agencies with multiple funding sources, costs must be consistently allocated as described in the organization's cost allocation plan.

Occupancy: Detail costs associated with maintaining a facility including rent, utilities, basic maintenance, etc. Mortgage, construction, remodeling, and repairs to current structures are not allowed.

Communications: List the costs of telephones, fax, postage, etc.

Supplies: Describe the cost of all consumable items needed for the project such as office supplies, client supplies, etc. Generally, supplies do not need to be priced individually, but a list of typical program supplies is necessary.

Other operating costs: This could include insurance, dues, subscriptions, program costs, and costs not covered in the other categories. Only consumer/service delivery activities are reimbursable.

Equipment:

List and justify equipment to be purchased for this grant project (all non-consumable items). Equipment under \$5,000 should be included under Operating Costs, Supplies. All equipment costing \$5,000 and over must be listed separately and itemized. List any computer hardware to be purchased regardless of the cost. Equipment purchased for this project must be labeled, inventoried, and tracked and remains the property of the Division of Child and Family Services (DCFS). Equipment that does not directly facilitate the purpose of the project, as an integral component, is not allowed.

Contractual/Consultant Services:

Identify project workers who are not employees of the applicant organization. Any costs associated with these workers, such as travel or per diem, should also be identified in this budget category. Explain the need and/or purpose for the contractual/consultant service and justify these costs. Describe each consultant's scope of work, list rate, hours, and cost. DCFS approval is required prior to the use of subcontractors. Written sub-agreements must be maintained and the applicant is responsible for administering sub-agreements in accordance with all requirements identified for grants administered under ETV. A copy of written agreements must be provided to GMU.

Other Expenses:

This category includes any relevant expenditure associated with the project not covered by the above. Wraparound funds are allowable for such items as rental assistance, transportation, utilities, children's clothing, etc. Programs requesting these funds must adhere to the following requirements: 1) Maximum per family per year = \$2,000; 2) Subgrantees must document that there was an attempt to access all other possible resources prior to use of wraparound funds; 3) Detailed documentation of where these funds were used is required.

Indirect Costs:

Indirect costs may be included in the budget and represent the expenses of doing business that are not readily identified with or allocable to a specific grant, contract, project function or activity, but are necessary for the general operation of the organization and the conduct of activities it performs. Indirect costs include but are not limited to: depreciation and use allowances, facility operation and maintenance, memberships, and general administrative expenses such as management/administration, accounting, payroll, legal and data processing expenses that cannot be traced directly back to the grant project.

Subrecipients without a negotiated indirect rate with their cognizant federal agency may use a 10% *de minimis* rate of "modified total direct costs" (MTDC). The *de minimis* rate is only an option for subrecipients that have **never** received an approved federally-negotiated indirect cost rate. The MTDC base includes all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards up to the first \$25,000 of each subaward. MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$25,000. [2 C.F.R. § 200.68](#)

When the *de minimis* rate is used, costs must be consistently charged as either indirect or direct costs. Double-charging is not permitted. Transferring funds into or out of the indirect cost category is not allowable without prior approval and a budget modification is required.

Subrecipients that have a current federally-approved indirect cost rate with their federal cognizant agency for indirect costs may include the negotiated percentage rate in their budgets. A copy of the negotiated indirect agreement must be attached to the application. Please note that in some instances, federal law (statutes or regulations) may cap or otherwise limit the indirect costs that subrecipients may charge in connection with a particular award. Subrecipients must comply with any such applicable federal-law restrictions on charging indirect costs.

Organizations planning to use the *de minimis* MTDC indirect rate can identify indirect costs in the narrative section, but do not need to enter any dollar values. The form contains a formula that will automatically calculate the indirect expense at 10% of the MTDC. **Budget Summary Form 2**

After completing Budget Narrative Form 1, turn to Budget Summary Form 2. Column B of Form 2 ("DCFS") should automatically update with the category totals from Budget Narrative Form 1. Column B should reflect only the amount requested in this application.

Complete Columns C through G of the form for all other funding sources that are either secured or pending for this project (not for the organization as a whole). Use a separate column for each separate source, including in-kind, volunteer, or cash donations. Replace the words "Other Funding" in the cell(s) in Row 6 with the name of the funding source. Enter either "Secured" or "Pending" in the cell(s) in Row 7. If the funding is pending, note the estimated date of the funding decision in Section B below the table, along with any other explanation deemed important to include.

Enter the "Total Agency Budget" in Cell I-26 labeled for this purpose. **This should include all funding available to the agency for all projects including the proposed project.** Cell I-27 directly below, labeled "Percent of Total Budget," will automatically calculate the percentage that the funding requested from the DCFS for the proposed project will represent.

Budget Summary Form 3

After completing Budget Narrative Forms 1 and 2, turn to Budget Summary Form 3 to provide Match Information. Identify and justify match of 20% for the subaward project. All funds designated as match are restricted to the same uses as the subaward funds and must be expended within the grant period.

APPENDIX B: DESCRIPTION OF SERVICES, SCOPE OF WORK AND DELIVERABLES
