

**CLARK COUNTY BOARD OF COMMISSIONERS**  
**ZONING / SUBDIVISIONS / LAND USE**  
**AGENDA ITEM**

---

**Petitioner:** Lisa Kremer, Deputy County Manager

---

**Recommendation:** AMENDED ORD-24-900417: Conduct a public hearing on an ordinance to consider the adoption of a Development Agreement with Gypsum Resources, LLC on approximately 2,010 acres (previously 2,400 acres) for mixed-use comprehensive master planned development, generally located on the north side of State Highway 159, approximately 1.5 miles west of the intersection of State Highway 160 (Blue Diamond Road) and State Highway 159. (For possible action)

---

**FISCAL IMPACT:**

None by this action.

**BACKGROUND:**

In accordance with the Specific Plan and Public Facility Needs Assessment, the County and Gypsum Resources, LLC proposed to enter into a Development Agreement prior to any permits being issued in order to address public infrastructure needs in the area.

In accordance with the provisions of NRS 278.0203 of the Nevada Revised Statutes, a Development Agreement must be approved by ordinance.

Staff recommends the Board conduct a public hearing.

BILL NO. 6-18-24-5

SUMMARY - An ordinance to adopt the Development Agreement with Gypsum Resources, LLC for a mixed-use comprehensive master planned community on approximately 2,010 acres, generally located on the north side of State Highway 159, approximately 1.5 miles west of the intersection of State Highway 160 (Blue Diamond Road) and State Highway 159.

ORDINANCE NO. \_\_\_\_\_  
(of Clark County, Nevada)

AN ORDINANCE TO ADOPT THE DEVELOPMENT AGREEMENT WITH GYPSUM RESOURCES, LLC FOR A MIXED-USE COMPREHENSIVE MASTER PLANNED COMMUNITY ON APPROXIMATELY 2,010 ACRES, GENERALLY LOCATED ON THE NORTH SIDE OF STATE HIGHWAY 159, APPROXIMATELY 1.5 MILES WEST OF THE INTERSECTION OF STATE HIGHWAY 160 (BLUE DIAMOND ROAD) AND STATE HIGHWAY 159, AND PROVIDING FOR OTHER MATTERS PROPERLY RELATED THERETO.

THE BOARD OF COUNTY COMMISSIONERS OF THE COUNTY OF CLARK, STATE OF NEVADA, DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. In accordance with the provisions of Section 278.0203 of the Nevada Revised Statutes and Chapter 30.20 of the Clark County Code, the Development Agreement attached hereto with Gypsum Resources, LLC on approximately 2,010 acres for mixed-use comprehensive master planned development, generally located on the north side of State Highway 159, approximately 1.5 miles west of the intersection of State Highway 160 (Blue Diamond Road) and State Highway 159 is hereby adopted.

SECTION 2. If any section of this ordinance or portion thereof is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such holding shall not invalidate the remaining parts of this ordinance.

SECTION 3. All ordinances, parts of ordinances, chapters, sections, subsections, clauses, phrases or sentences contained in the Clark County Code in conflict herewith are hereby repealed.

SECTION 4. This ordinance shall take effect and be in force from and after its passage and the publication thereof by title only, together with names of the County Commissioners voting for or against its passage, in a newspaper published in and having a general circulation in Clark County, Nevada, at least once a week for a period of two (2) weeks.

ATTEST:

\_\_\_\_\_  
Lynn Marie Goya, County Clerk

This ordinance shall be in force and effect from and after the \_\_\_\_\_ day  
of \_\_\_\_\_ 2024.

**DEVELOPMENT AGREEMENT**

**BETWEEN**

**CLARK COUNTY**

**AND**

**GYPSUM RESOURCES, LLC**

**DEVELOPMENT AGREEMENT  
BETWEEN  
CLARK COUNTY  
AND  
GYPSUM RESOURCES, LLC**

THIS DEVELOPMENT AGREEMENT (this “Agreement”) is made and entered into as of July \_\_\_, 2024, by and between Clark County, a political subdivision of the State of Nevada (hereinafter, the “County”) and Gypsum Resources, LLC, a Nevada limited liability company (hereinafter, the “Owner”). The County and Owner and their successors and assigns are sometimes individually referred to as a “Party” and collectively as the “Parties.”

**RECITALS**

A. WHEREAS, on April 21, 2010, Owner and Clark County entered into a Stipulation and Settlement Agreement pursuant to Court Ordered Settlement Conference in Case No. CV S 05 0583-RCJ (LRL) concerning Owner’s approximately 2,400 +/- acres of real property located on and around Blue Diamond Hill. A majority of Owner’s property is located outside the boundaries of the Red Rock Canyon National Conservation Area (“RRCNCA”). Approximately 192+/- acres are located within the RRCNCA and that portion of the Property bearing Clark County Assessor Parcel Number 165-24-000-003 and commonly referred to as the “Margo Claim.”

B. WHEREAS, On May 17, 2019, Owner commenced the action styled Gypsum Resources, LLC v. Clark County, et al., United States District Court, District of Nevada Case No. 2:19-cv-00850-GMN-EJY, alleging federal claims and state-law claims, including for breach of the settlement agreement entered by the Parties in 2010 (the “Federal Action”). On November 30, 2020, Clark County filed counterclaims against Owner, alleging state law contract counterclaims.

C. WHEREAS, on July 26, 2019, Owner and its wholly owned subsidiary, Gypsum Resources Materials, LLC (“GRM” and, together with Owner, “Debtors”) each filed for protection under Chapter 11 of the Bankruptcy Code with the United States Bankruptcy Court, District of Nevada (the “Bankruptcy Court”). On October 6, 2023, the Bankruptcy Court entered an order which substantively consolidated the Debtors’ bankruptcy cases under Case No. BK-S-19-14796-mkn (the “Bankruptcy Case”).

D. WHEREAS, on May 26, 2023, the court in the Federal Action entered summary judgment in Clark County’s favor concerning Owner’s federal law claims. The court in the Federal Action dismissed Owner’s state law claims without prejudice, declining to exercise jurisdiction over Owner’s state law claims reasoning that they were more appropriately addressed by a Nevada state court.

E. WHEREAS, on June 26, 2023, Owner filed an appeal with the Ninth Circuit Court of Appeals in the case styled Gypsum Resources, LLC v. Clark County, et al., Case No. 23 15924, challenging the summary judgment order in the Federal Action (the “Federal Appeal”).

F. WHEREAS, on June 7, 2023, Owner commenced the action styled Gypsum Resources, LLC v. Clark County, et al., Case No. A-23-871997-B, asserting multiple state-law claims and on October 5, 2023, Clark County asserted state law contractual counterclaims (collectively, the “State Action” and, together with the Federal Action and Federal Appeal, the “Action”).

G. WHEREAS, the Parties attended two full day mediation sessions, and, resulting from such mediation, have agreed to settle the Action upon the terms set forth in that certain Stipulated Order and Settlement Agreement, approved by the County Commission on June 18, 2024 (the “Settlement

Agreement”), a copy of which is attached hereto as **Exhibit A** and incorporated into this Agreement as if fully set forth herein.

H. WHEREAS, Owner and Clark County have arrived at the Settlement Agreement and this Agreement to provide for the orderly and timely development of the Property and ultimate resolution of the Action.

I. WHEREAS, pursuant to Nevada Revised Statutes (“NRS”) Chapter 278 the County is authorized to enter into binding development agreements with persons having a legal or equitable interest in real property to establish long range plans for the development of such property.

J. WHEREAS, Owner represents that it has fee title ownership of the real property known as Assessor’s Parcel Numbers referenced on **Exhibit B-1**, and legally described in **Exhibit B-2**.

K. WHEREAS, in accordance with the legislative intent evidenced by NRS Chapter 278 authorizing development agreements and the intent of the County in adopting an ordinance allowing development agreements, Owner desires to obtain assurances that it may develop the Planned Community in accordance with the terms, conditions and intent of this Agreement. Owner acknowledges that there are insufficient public services, which includes facilities and infrastructure, existing or planned at this time and in order to develop the Planned Community. The Owner is willing to enter into this Agreement in order to provide certain public services, facilities and infrastructure necessitated by the development of the Planned Community. The Owner further acknowledges that this Agreement is made a part of the County record at the time of its approval by the County Commission and that the Owner agrees without protest to the requirements, limitations, or conditions imposed by this Agreement and the Land Use Approvals. Owner’s decision to enter into this Agreement and commence development of the Planned Community is based on expectations of proceeding and the right to proceed with the Planned Community in accordance with this Agreement, the Settlement Agreement and the Applicable Rules.

L. WHEREAS, Owner further acknowledges that this Agreement was made a part of the record at the time of its approval by the County Commission and that Owner agrees without protest to the requirements, limitations, and conditions imposed by this Agreement.

M. WHEREAS, all preliminary processing with regard to the Planned Community has been duly completed in conformance with all applicable laws, rules and regulations. The County Commission, having given notice as required by law, held a public hearing on the Owner’s application seeking approval of this Agreement and the execution hereof by the County. After the public hearing, the County Commission found that this Agreement is consistent with the County’s plans, policies and regulations, including the County Master Plan, that this Agreement meets the requirements of Title 30 of the Code, and execution hereof by and on behalf of the County is in the public interest and is lawful in all respects. During the same meeting at which the public hearing was held, the County Commission adopted the Ordinance approving this Agreement and authorizing the execution hereof by duly constituted officers of the County. Said ordinance was scheduled to be effective two weeks after adoption. The County agrees to record a certified copy of the ordinance as required by NRS 278.0207.

N. WHEREAS, the County desires to enter into this Agreement in conformity with the requirements of NRS and as otherwise permitted by law to better provide for public services, public uses and urban infrastructure, to promote the health, safety and general welfare of the County and its inhabitants, to minimize uncertainty in planning for and securing orderly development of the Project and surrounding areas, to ensure attainment of the maximum efficient utilization of resources within the County at the least economic cost to its citizens and otherwise achieve the goals and purposes of the Code and County Master Plan. In exchange for these and other benefits to the County, the Owner will receive the assurance that it

may develop the Planned Community during the Term in accordance with the Applicable Rules, subject to the terms and conditions herein contained.

NOW, THEREFORE, in consideration of the foregoing recitals which are hereby incorporated herein by this reference, the mutual promises, covenants, and conditions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

## **SECTION 1 DEFINITIONS**

For all purposes of this Agreement, except as otherwise expressly provided or unless the context otherwise requires, the following terms shall have the following meanings:

**“Affiliate”** of any person means (a) any other person directly or indirectly controlling or controlled by or under direct or indirect common control with such person and (b) any other person that beneficially owns at least fifty percent (50%) of the voting common stock or partnership interest or limited liability company interest, as applicable, of such person. For the purposes of this definition, “control” when used with respect to any person, means the power to direct the management and policies of such person, directly or indirectly, whether through the ownership of voting securities, partnership interests, by contract or otherwise; and the terms “controlling” or “controlled” have meanings correlative to the foregoing.

**“Agreement”** has the meaning assigned to it in the Recitals hereof. Agreement at any given time includes the Settlement Agreement and all agreements, addenda and exhibits incorporated by reference and all amendments which hereafter are duly entered into in accordance with the terms of this Agreement.

**“Applicable Rules”** means and refers to the following:

- (a) Land Use Approvals,
- (b) The Development Guide,
- (c) This Agreement,
- (d) The County Master Plan as of the Effective Date (except those portions adopted pursuant to NRS 543 known as the Flood Control Master Plan),
- (e) The rules, regulations and official policies set forth in the Code, except as modified by this Agreement, which shall be locked in for the Term of this Agreement;
- (f) The term “Applicable Rules” does not include:
  - i. Any ordinance, laws, policies, regulations or procedures adopted by a governmental entity other than the County;
  - ii. Any fee or monetary payment prescribed by County ordinance which is uniformly applied to all development and construction subject to the County’s jurisdiction except as otherwise specifically set forth in this Agreement; or
  - iii. Any applicable state or federal law or regulation.

**“Batch Plant”** means a mining and processing facility for the production of concrete, asphalt, and related materials. The term includes the extraction, crushing and processing of any materials relating to such production. Materials produced shall be utilized for onsite construction or in the construction of area improvements required for development of the Planned Community.

**“Best Efforts”** means the efforts a person or entity desiring in good faith to achieve a result would use in the circumstances to ensure such result is achieved as expeditiously as possible to accomplish the stated goal, task, project or promised performance; provided, such term does not imply a legal obligation to take any specific action, if, (i) in the case of a County obligation, such action would, in the good faith opinion of the County Commission, be imprudent given competing public needs and projects unless required by the terms, covenants and conditions of this Agreement and/or the Settlement Agreement, or (ii) in the case of an Owner obligation, such action would, in the good faith opinion of the Owner, be commercially unreasonable unless required by the terms, covenants and conditions of this Agreement and/or the Settlement Agreement. In either case, upon request, the responsible party shall give written notice to the other party that it has considered such contingent obligation and the reason for its decision not to perform.

**“BLM”** means the Bureau of Land Management.

**“BLM Right-Of-Way Grant Application Process,”** attached as **Exhibit C** and incorporated herein by this reference, is the process and document submittal requirements a developer must follow in order for the County to make an application to the BLM for a public roadway.

**“Builder”** means any person or entity which constructs final improvements (other than off-site improvements or infrastructure) with respect to a subdivision or parcel of the Property.

**“Business Day”** means a day when the County is open for public access, currently Mondays through Thursdays, unless the County is not open for the celebration or observation of holidays, or is otherwise declared not open to the public by the County Manager.

**“CCRFCD”** means the Clark County Regional Flood Control District.

**“CCSD”** means the Clark County School District.

**“CCWRD”** means the Clark County Water Reclamation District.

**“Code”** means Title 30 of the Clark County Code dated April 2010, attached as **Exhibit D**, including all rules, regulations, standards, criteria, manuals and other references adopted therein.

**“Concept Plan”** means the Gypsum Reclamation Concept Plan dated June 29, 2011, attached as **Exhibit E**.

**“County”** means the County of Clark, State of Nevada and any public entities for which the County Commission is the governing body together with their successors and assigns.

**“County Commission”** means the Board of County Commissioners of the County of Clark, State of Nevada.

**“County Master Plan”** means the comprehensive plan adopted by the Planning Commission of Clark County and County Commission in 1983 and all amendments thereto including, but not

limited to, all adopted land use and development guides and elements that are applicable to the Property as of the Effective Date.

**“Development Guide”** means the Design Guidelines and Development Standards dated September 28, 2011 attached hereto as **Exhibit F** and incorporated herein by this reference.

**“Effective Date”** means the date on which this Agreement, approved by the County Commission and signed by both Parties, is recorded in the Office of the Clark County Recorder, Clark County, Nevada. The Effective Date is noted on the recording stamp of the Clark County Recorder's Office, affixed hereto.

**“Final Map”** means a final map prepared in accordance with the tentative map, for the entire area for which a tentative map has been approved pursuant to NRS 278.330 through 278.460.

**“Improvements”** means private or public facilities that may include, but are not limited to, roadway, fire hydrants, sidewalks, curbs, gutters, pavement, gravel, aggregate base, streetlights, street name signs, traffic signals and signs, pavement markings, other applicable traffic control devices, survey monuments, flood control and drainage facilities which are required by the County in direct connection with and as part of the development and use of the Planned Community.

**“LVVWD”** means the Las Vegas Valley Water District.

**“Land Use Approvals”** means land use applications concurrently approved by the County as PA-24-700013 and ZC-24-0294, any approvals or waivers subsequent to this Agreement, and all applicable conditions for the Planned Community, including without limitation those approvals and conditions of the approved 2011 Concept Plan, Development Guide, Specific Plan, PFNA, and the Notices of Final Action. The County agrees that Owner's development rights are fully entitled and vested upon approval of this Agreement, general plan amendment, and final zone change applications.

**“Land Use Plan”** means the approved plan for the Planned Community, which is attached as **Exhibit G**.

**“Master Drainage Study”** means the comprehensive hydrologic and hydraulic study approved prior to the recordation of each development phase Final Map, including updates required by the County when changes to the conditionally approved study are proposed that must also be approved by the County.

**“Master Homeowner's Association”** means a unit-owners' association organized pursuant to NRS 116.3101, that is comprised of owners of residential dwelling units in the Planned Community.

**“Master Sanitary Sewer Study”** means the comprehensive study to be approved prior to the recordation of each development phase of the Final Map, including updates required by the County where changes to the approved densities or layout of the development are proposed that would impact downstream pipeline capacities and that may result in additional required off-property sewer improvements.

**“Master Studies”** means the Master Transportation Study, the Master Drainage Study, the Master Water Study, and the Master Sanitary Sewer Study.

**“Master Transportation Study”** means a transportation study for the Planned Community and submitted to and approved by the County which includes any and all addendums acceptable to the County and all comments by the County, NDOT, if applicable, and other public entities.

**“Master Water Study”** means a comprehensive water network analysis prepared for this Property attached as **Exhibit H**.

**“Neighborhood Park”** means an approximately 5-acre park.

**“NRS”** means the Nevada Revised Statutes, as amended from time to time.

**“Occupancy Permit”** means a certificate of completion or certificate of occupancy issued by the County.

**“Owner”** means Gypsum Resources LLC, a Nevada limited liability company, and its respective successors and assigns.

**“Off-Property Improvements”** means infrastructure improvements that are required for the Property but are located outside of the Property and are required by the Master Studies to be completed by Owner due to the necessity of these improvements for the Planned Community.

**“Offsite Improvements”** with respect to any particular parcel means improvements within the Property and off of the parcel, but necessary for the development of the Planned Community.

**“P-C Zoning”** means the zoning overlay district for the Planned Community approved through Application No. ZC-24-0294 and all conditions thereto, a copy of which is attached hereto as **Exhibit I**.

**“PFNA”** means the Public Facility Needs Assessment dated September 14, 2018, attached hereto as **Exhibit J**.

**“Phase of Development”** shall mean the area located within the limits of any land division map for the Planned Community, or any other non-single family residential development within the Planned Community, or portions thereof, and being a part of the Development Guide.

**“Planned Community”** means the Property and any and all Improvements provided for or constructed thereupon.

**“Property”** means that certain real property owned by Owner containing approximately 2,010.6 acres located in the County and more particularly described on **Exhibit B-2**.

**“Qualified/Community Park”** means a 25 acre (gross) park approved by the Clark County Department of Parks and Recreation, which shall include, unless otherwise expressly provided in this Agreement, programmable space turf areas for play, playground equipment, picnic areas, and may include tennis courts, outdoor basketball courts, and athletic fields such as baseball, soccer, football, and softball. The acreage shall be defined as park acreage separate from private trails. The acreage may be located in a detention facility, drainage channel or floodway subject to the restrictions set forth by the County and the Clark County Regional Flood Control District, if applicable.

**“RTC”** means the Regional Transportation Commission of Southern Nevada.

“**State**” means the State of Nevada.

“**Specific Plan**” means the Specific Plan amended September 2018, attached hereto as **Exhibit K**, and that has been approved by the County Commission. Adoption of the Specific Plan defines land use and development standards for the Planned Community, which shall control in the event of a conflict with the Code.

“**Streetscape Area**” means the street medians and landscaping areas adjacent to all County roads within the Planned Community.

“**Sub-HOA**” means a unit-owners’ association organized pursuant to NRS 116.3101, that is comprised of owners of residential dwelling units in the Planned Community and is subordinate to the Master HOA.

“**Submittals**” means studies, maps, plans, applications or any other requirements deemed necessary by the County for permits and other authorizations for development of and within the Planned Community.

“**Technical Drainage Study**” means a comprehensive hydrologic study prepared under the direction of and stamped by a Nevada-licensed professional engineer, in accordance with the CCRFCD Hydrologic Criteria and Drainage Design Manual, to:

- (a) Estimate the impact of storm water run-off affecting a development parcel from on-property and off-property sources;
- (b) Estimate the impact of any storm water run-off that will affect down-stream off-property real property;
- (c) Identify the impacts of any storm water run-off that will affect the development parcel; the on-property proposed drainage facilities and patterns and any off-property drainage facilities and patterns;
- (d) Identify the means and methods necessary to mitigate such impact, including a commitment to implement, or pay for such mitigating improvements within a specified time frame; and
- (e) Identify the future elevations of roadways.

“**Term**” means the term of this Agreement pursuant to Section 15.03 hereof.

“**Village Park**” means an approximately 10-acre park.

## SECTION 2 APPLICABLE RULES AND CONFLICTING LAWS

2.01 **Reliance on the Applicable Rules.** County and Owner agree that Owner will be permitted to carry out and complete the development of the Planned Community in accordance with the terms of this Agreement, the Settlement Agreement, and the Applicable Rules. The terms of this Agreement shall supersede any conflicting provision of the Code except as provided in Section 2.02 below. County agrees it will not adopt any ordinance, rule, regulation, policy or guideline that would have

the effect of violating or abrogating any provision of this Agreement or evading or frustrating the clear intent of this Agreement. By way of clarification and not limitation, the Property and its development is excluded from the Red Rock Overlay District and the Hillside Development and Design Requirements.

2.02 **Application of Subsequently Enacted Rules by the County.** Unless a written application is submitted by Owner to County, the County shall not amend, alter or change any Applicable Rules as applied to the development of the Planned Community, or apply a new fee, rule regulation, resolution, policy or ordinance to the development of the Planned Community, except as follows:

(a) The development of the Planned Community shall be subject to the Building Codes and Fire Codes in effect at the time of issuance of the permit for the particular development activity.

(b) The application of a new uniformly-applied rule, regulation, resolution, policy or ordinance to the development of the Planned Community is permitted, provided that such action is necessary to protect the health, safety and welfare of County residents, and provided that County gives Owner written notice thirty (30) days prior to implementing a new uniformly-applied rule, regulation, resolution, policy or ordinance.

(c) Nothing in this Agreement shall preclude the application to the Planned Community of new or changed rules, regulations, policies, resolutions or ordinances specifically mandated and required by changes in state or federal laws or regulations. In such event, the provisions of Section 2.04 to 2.06 of this Agreement are applicable.

(d) Should the County adopt or amend rules, regulations, policies, resolutions or ordinances and apply such rules to the development of the Planned Community, other than pursuant to one of the above Sections 2.02(a), 2.02(b) or 2.02(c), the Owner shall have the option, in its sole discretion, of accepting such new or amended rules by giving written notice of such acceptance. County and the Owner shall subsequently execute an amendment to this Agreement evidencing the Owner's acceptance of the new or amended ordinance, rule, regulation or policy within a reasonable time.

2.03 **Application of New Fees.** Notwithstanding Section 2.02 above, County may increase fees imposed by ordinance, cost-based processing fees, entitlement processing fees, inspection fees, plan review fees, facility fees, that uniformly apply to all development in County; provided, however, the terms of the Settlement Agreement and this Agreement shall control and all fees under Title 30 shall be waived, excepting 1) any bonds required under Title 30, and 2) all multiple species habitat conservation plan mitigation fees on undisturbed lands, with the previously disturbed portion of the land consisting of approximately 1139+/- acres.

2.04 **Conflicting Federal or State Rules.** In the event that any federal or state laws or regulations prevent or preclude compliance by County or Owner with one or more provisions of this Agreement or require changes to any approval given by County, this Agreement shall remain in full force and effect as to those provisions not affected.

2.05 **Notice of Conflict.** Either Party, upon learning of any such matter, will provide the other Party with written notice thereof and provide a copy of any such law, rule, regulation or policy together with a statement of how any such matter conflicts with the provisions of this Agreement.

- 2.06 **Modification Conferences.** The Parties shall, within 30 calendar days of the notice referred to in the preceding subsection, meet and confer in good faith and attempt to modify this Agreement to bring it into compliance with any such federal or state law, rule, regulation or policy.
- 2.07 **County Commission Hearings.** In the event either Party believes that an amendment to this Agreement is necessary due to the effect of any federal or state law, rule, regulation or policy, the proposed amendment shall be scheduled for hearing before the County Commission. The County Commission shall determine the exact nature of the amendment necessitated by such federal or state law, rule, regulation, or policy. Owner shall have the right to offer oral and written testimony at the hearing. In the event any amendment is not agreed to in writing by the Parties, any amendment ordered by the County Commission pursuant to a hearing contemplated by this Section 2.07 is subject to judicial review, but such review shall be filed within 25 calendar days from the date of the hearing. The Parties agree that any matter submitted for judicial review shall be subject to expedited review in accordance with Rule 2.15 of the Eighth Judicial District Court of the State of Nevada.
- 2.08 **County Cooperation.** County shall cooperate in good faith with Owner in securing any County permits, licenses or other authorizations that may be required as a result of any amendment resulting from actions initiated under this Section. As required by the Applicable Rules, Owner shall be responsible to pay all applicable fees in connection with securing of such permits, licenses or other authorizations.

### **SECTION 3 PLANNING AND DEVELOPMENT OF THE PLANNED COMMUNITY**

- 3.01 **The Gypsum Master Planned Community.** One of the primary objectives of the Parties is that development of the Property be undertaken in an organized fashion so as to ensure a well-integrated, quality community with a mix of residential, commercial, open space, recreational, and public uses. To further that end, the County agrees that the Property will be zoned and Owners agree that the Property will be developed under a single master plan, incorporating residential (including age-targeted development), commercial, and public uses (including charter schools), and marketed as a “master planned community.” The Parties acknowledge that the Planned Community will provide desirable housing, employment, commercial centers, public and recreational opportunities for the County. This Agreement sets forth the terms and conditions of development. Subject to the terms of this Agreement, the Settlement Agreement, and the Applicable Rules, Owner shall have discretion as to the time of commencement, construction, phasing and completion of any and all development of the Planned Community. Nothing herein shall be construed to require an Owner to develop its Planned Community.
- 3.02 **Permitted Uses, Density, Height and Size of Structures.** Pursuant to NRS § 278.0201, this Agreement must describe the land which is the subject of this Agreement and specify the duration of this Agreement, the permitted uses of the land, the density or intensity of its use, the maximum height and size of the proposed buildings and any provisions for the dedication of any portion of the land for public use. Subject to the conditions and requirements of the Applicable Rules and Development Guide, the County agrees and warrants that the Planned Community may be developed and constructed pursuant to the parameters set forth in the Land Use Approvals and this Agreement.
- (a) **Residential Dwelling Units Permitted.** The number of residential dwelling units within the Planned Community shall be 3,500.

(b) Other Permitted Uses. In addition to the 3,500 residential dwelling units in Section 3.02(a), Owner shall be permitted the other uses as set forth in the land use summary in the Owner's approved 2011 Concept Plan.

(c) Permitted Unit Types. The types of buildings and dwelling units permitted in the Planned Community are as set forth in the Development Guide.

(d) Density. The maximum density permitted on the Property shall be as set forth in the residential land use table and the related Land Use Plan. Subject to 3.02(a), Owner shall have the right to determine the number of residential dwelling units to be developed on the Property so long as all the terms and conditions of the Applicable Rules and Development Guide that relate to product density and product type are observed.

(e) Maximum Height and Size of Structures. The maximum height and size of structures within the Planned Community is as set forth in the Applicable Rules and Development Guide.

3.03 **Modifications to Statistical Summary**. The Specific Plan depicts the general allocation and location of land use, open space, and circulation patterns. Actual land uses and specific locations will be refined subject to future phase entitlement studies and reports, planning and technical considerations, market and economic factors, and more detailed analysis and design. For these and other reasons, it is assumed for the Specific Plan that the land use allocations maintain a flexibility of up to 20% of the acreage in each non-residential category and 10% of the acreage in each residential land use category. The Statistical Summary attached as **Exhibit L** may be revised to increase or decrease the number of acres and/or dwelling units in each land use category or district. Revisions to the Statistical Summary will be processed with a tentative map submittal where said plan or map modifies the land uses and/or number of units. No amendment to the Specific Plan or associated documents shall be required solely for the purpose of modifying the configuration or acreage of land use categories or districts and/or dwelling units within the Planned Community. Any modification pursuant to this Section shall be deemed a Minor Modification.

3.04 **Minor Modifications**. Minor modifications to the approved Development Guide and Applicable Rules, which do not affect the general intent of the Specific Plan and associated documents are permitted and do not require approval by the County. The Development Guide and Applicable Rules are intended to allow for the use of creative design concepts that encourage a "complete community" that emphasizes diversity, flexibility, and sustainability while adapting to topographic features, best practices, infrastructure design, new housing programs and architecture to ensure pedestrian-friendly, livable neighborhoods. To effectively implement these goals, react to market influences, and adapt to the evolving community needs and desires within the context of a multi-phased planned community, a level of flexibility in land use and zoning is required. Administrative design reviews are not required for the following minor modifications:

(a) Realignment and/or changes in location of infrastructure (such as roadways, utilities, drainage facilities, public facilities, etc.) prior to obtaining approval of a tentative map;

(b) Changes or modifications in locations, configurations, and programs of park and recreational facilities so long as the total acreage requirement is met;

(c) Density transfer between planning areas in the same category, land use areas, and/or districts without exceeding the applicable zoning district density;

(d) Changes in locations and alignments of trails, pedestrian pathways;

(e) Parking reduction not in excess of 20% (except for in single-family residential developments);

(f) Modifications or adjustments to building types, orientations, footprints, lot configurations, increase in height and/or decrease in setbacks not in excess of 20% as described in the typical examples shown in the Development Guide and associated documents due to final planning and design;

(g) Modifications in monument and signage design, increase in height not in excess of 20%, materials, and colors as described in the Development Guide;

(h) Changes in wall design, materials, and colors, and increase in height not in excess of 30%; and/or

(i) Additional architectural styles, configurations, materials, and colors so long as they are in keeping with the overall character, integrity, and quality of the overall community.

3.05 **Commercial Development.** An administrative design review will be required for all commercial development within the Planned Community.

3.06 **Interim Uses.** The following interim uses are permitted in all planning areas within the Planned Community prior to such time as a Final Map is recorded for that area; provided, however, nothing in this Section shall be applicable to Owner's current and continued commercial mining operations:

(a) **Interim Batch Plant Mining and Processing.** In connection with Owner's development of the Property, mining and processing operations will be necessary to process on-site and offsite materials. Materials may be exported only if they are used for offsite improvements contemplated by the accepted Master Studies. Pursuant to the Code, County agrees that Owner is approved for a special use permit for a Batch Plant–Temporary, Gravel Pit–Temporary (including, without limitation, batch plant and gravel pit operations for sand and gravel processing, stockpiling, and rock crushing), and other related uses that are in conjunction with providing materials for development of the Property.

(b) Grading, excavation for borrow and fill purposes (an area from which construction material such as sand and gravel which is taken for use as fill at another location);

(c) Construction offices, staging, materials storage; and/or

(d) Water storage facilities, reservoirs, etc.

3.07 **Early Grading and Related Matters.** The County agrees it shall allow the Owner to commence early grading (at risk) of the Property in accordance with the Applicable Rules, so long as the Owner has an approved drainage study and early grading permit.

Concurrent with the early grading permit process and associated studies, Owner will retain a qualified Clark County-approved QAA Agency to perform full-time observation and testing with a G-b qualified inspector, at Owner's expense, with the intent that the areas disturbed by mining be certified as "engineered fill" to facilitate the needed earthwork construction of future development. Observation and testing will be conducted and completed to the standards of the applicable TG-50 and be in accordance with the applicable version of the International Building Code (IBC) and the Clark County amendments to the IBC.

3.08 **Anti-Moratorium**. The Parties agree that no moratorium or future ordinance, resolution or other land use rule or regulation imposing a limitation on the construction, rate, timing or sequencing of the development of property including those that affect parcel or subdivision maps, building permits, occupancy permits or other entitlements to use land that are issued or granted by County shall apply to the development of the Planned Community or portion thereof. Notwithstanding the foregoing, County may adopt ordinances, resolutions or rules or regulations that are necessary to:

- (a) Comply with any state or federal laws or regulations;
- (b) Alleviate or otherwise contain a legitimate, bona fide harmful and/or noxious use of the Property, in which event the ordinance shall contain the most minimal and least intrusive alternative possible, and shall not, in any event, be imposed arbitrarily; or
- (c) Maintain County's compliance with non-County and state sewerage, water system and utility regulations.

In the event of any such moratorium, future ordinance, resolution, rule or regulation, unless taken pursuant to the three exceptions contained above, Owner shall continue to be entitled to apply for and receive consideration of entitlement requests and other applications contemplated in accordance with the Applicable Rules.

3.09 **The Processing of Applications**. The Parties acknowledge that it is in their mutual best interests to use their Best Efforts in processing all permits, plans, specifications, maps and/or other development applications as may be requested by the Owner. County will use its Best Efforts to assist in the coordination and processing of permits and applications for development of the Improvements required to be constructed by Owner under this Agreement. If the Owner is in default, the County retains its right to cease the processing of any new or pending permits and applications. The Parties acknowledge that to achieve this goal, to secure a level of experience and expertise with which the County will administer this Agreement, and to create an expedited plan review and project coordination process which may include: review and/or processing of Title 30 and building department Submittals.

(a) The County agrees to implement the express plan review process under Clark County Code Chapter 22 for the Planned Community. The Parties agree that building permit applications submitted for express plan review must meet Applicable Rules. County will not charge Owner any fees for express plan review services as required in Clark County Code Chapter 22 for applications submitted for development within the Planned Community. Owner shall remain obligated to pay regular building fees for development within the Planned Community. In the event an alternative express plan review process is established by the building department, the Owner may choose to utilize the alternative process in its sole discretion.

(b) The County and Owner agree that the schedule ("County Schedule") set forth below is a reasonable estimate of time for the County to review applications that are complete and in full compliance with the County's Submittal requirements, and shall constitute the targeted time for County to review applications of the type listed. Note that the turnaround times listed for building department applications can only be met if the County building department provides expedited service. The County Schedule is expressed in Business Days ("bd") from the date of Submittal:

COUNTY SCHEDULE					
	Category	1 <sup>st</sup> Review	2 <sup>nd</sup> Review	3 <sup>rd</sup> Review*	Mylar/Map Signatures

\*if 3<sup>rd</sup> or subsequent review is required

\*\*Following utility review

(c) Upon receipt of a submitted application, County shall review the application package to determine completeness and notify the Owner and Owner's application processor via email prior to two (2) Business Days from the time and date of Submittal. If the application package is deemed incomplete, the County shall identify any and all missing or incomplete items to make the application complete. If the application is deemed complete, the application will be considered processed and the review timeframe will commence in accordance with the County Schedule. Owner acknowledges that submission of applications in other than the proper sequence, incomplete, or not in compliance with County Submittal requirements may delay the

1 Including Recordation

2 May occur concurrently with processing final map, if available

consideration of many related applications. Owner further acknowledges that Submittals made to the County that are incomplete and not in full compliance with the County's Submittal requirements may also delay the consideration of related applications.

(d) County shall advise Owner's application processor, whose name and standard and electronic (email) address shall be provided to County with each application, in writing or electronically within four (4) Business Days of a Submittal if County is unable to process an application submitted in proper sequence; and County shall advise Owner's application processor of the Business Day when County reasonably believes it will complete processing of the application. If the County's projected completion date is more than five (5) Business Days later than the date required under the County Schedule or the Alternative Schedule, Owner shall have the option to either: (i) accept the alternative timeframe projected by the County; or (ii) request County to utilize consultant, paid for by Owner, to process the application (the "Consultant Option").

(e) County shall assign one full time staff member to act as a central point of contact ("Coordinator") for all coordination and communication issues between the County and the Owner as to all Title 30 and building department Submittals. The Coordinator will be responsible for facilitating communications and providing the Owner with periodic updates regarding the County Schedule and issues that need to be resolved to stay on the County Schedule.

(f) Both Owner and County acknowledge that certain BLM permit applications for development phases of the Property will be for public purpose. Further, both Owner and County understand that such applications must be received by the BLM from the County. Owner and County shall follow the BLM Right-Of-Way Grant Application Process to make an application to the BLM for a public roadway. Upon Submittal of any BLM permit applications to the County by Owner, the County will process said applications using its Best Efforts provided the applications are correct and the applications are complete, and forward them to the BLM within five (5) business days of receipt. The County agrees to process and sign said applications upon acceptance by County of such plans as BLM requires or customarily requires for permits of the nature sought.

(g) Both Owner and County acknowledge that certain permit applications for development of improvements will be required to be reviewed and approved by outside agencies. County may conditionally approve such permit applications; however, County shall not be liable for delays caused by outside agencies unless such delays are attributed to or exacerbated by the County.

3.10 **Annexation of Additional Property.** County acknowledges that the Owner may during the Term of this Agreement, annex additional property ("Additional Parcels") into the Planned Community. An amendment to this Agreement shall not be required provided that:

(a) Each Additional Parcel is contiguous to some portion of the Property of the Planned Community;

(b) Development of each Additional Parcel must conform to this Agreement, the Applicable Rules, and the Development Guide;

- (c) Owner obtains the necessary zoning and land use approvals and approval of all necessary technical studies for each Additional Parcel; and
- (d) Owner agrees not to exceed 3,500 dwelling units and will comply with the Statistical Summary.

Additional Parcels shall be annexed by recording, and shall be considered annexed upon recordation of, a notice of annexation, in a form to be reasonably agreed upon, which notice shall require the written consent, on the notice, of the County Manager, which consent shall not be unreasonably withheld. The terms Planned Community and Property shall include each Additional Parcel upon annexation of each such Additional Parcel.

## **SECTION 4 PUBLIC FACILITIES**

### **4.01 Joint Emergency Facility.**

Owner shall construct a three-bay drive-thru fire station within the Planned Community at the dedicated fire station site in accordance with design, construction and program criteria to be provided by the County. Owner may apply for an SID to build the fire station. This criteria and the basis of design shall principally conform to the design of Clark County Fire Station 28. The fire station shall, at a minimum, be constructed to include the following:

- (a) The fire station shall be located on a parcel a minimum of 2.5 gross acres in size;
- (b) A minimum gross floor area of ten thousand seven hundred (10,700) square feet;
- (c) The fire station shall have three drive-thru bays which must adequately enclose the fire apparatus;
- (d) The fire station shall include a room for use by Las Vegas Metropolitan Police Department for police services, (9) dorm rooms which includes a room for a preceptor, (2) captain dorms with a shared attached office and shared restroom/shower combination, (1) battalion chief dorm with attached office and a restroom/shower combination, (2) staff restrooms, (1) ADA restroom/shower combination, (1) public restroom at lobby, (1) EMS office, commercial kitchen and dining area, day room, outdoor patio, gym, alarm station, security cameras, access control, IT closet, mechanical rooms, laundry room, horse rack area, riser room, red zone, turn out room, and a tools and equipment room. Site work includes site fencing, trash enclosure, mechanical yard, exterior training area, parking for at least (12) for staff, public parking, LED monument sign, flagpole, low maintenance landscape, flatwork, traffic signals and associated site work to construct a new fire station.

The fire station must be built to LEED Silver standards in accordance with the U.S. Green Building Council for Building Design and Construction. County may seek and pay for LEED Silver certification.

Owner shall commence the design of the fire station on the donated fire station site within one hundred eighty (180) days after the 500<sup>th</sup> Certificate of Occupancy is issued for a residential dwelling unit ("Fire Station Design Commencement Date"). The Owner shall meet with County prior to commencing the design of the fire station and shall submit building plans and specifications at the fifty percent (50%), ninety percent (90%) and one hundred percent (100%) plan set level for review and final

approval by the County. The design shall be completed within eighteen (18) months of the Fire Station Design Commencement Date ("Fire Station Design Completion Date"). The fire station shall be completed within eighteen (18) months after the Fire Station Design Completion Date.

Owner agrees to provide all master utility improvements and off-site improvements adjacent to the dedicated fire station site in addition to the construction of the fire station. Following completion of construction of the fire station in accordance with Section 4.01, Owner shall dedicate the fire station and site to County. County agrees to operate the Fire Station within thirty (30) days after the dedication of the Fire Station to County.

4.02 **Schools.** County will cooperate in good faith with Owner to obtain additional acreage from BLM property adjacent to the Planned Community for an elementary school site. CCSD is responsible for providing the primary and secondary education of all school age children within Clark County. The Owner and CCSD will work together to determine whether an elementary school is necessary in the Planned Community using approved student generation rates as the Planned Community is constructed. Owner agrees to dedicate necessary easements for ingress and egress in such areas and locations as determined by Owner in good faith. Owner reserves the right to name schools within the Planned Community.

4.03 **Emergency Responder Radio Coverage System.** Owner will allow County and the Las Vegas Metropolitan Police Department to access and provide easements, in such location as Owner determines, within the Planned Community to allow for the installation of equipment for emergency responder radio system if adequate coverage is not available within the Planned Community.

4.04 **Construction Tax/Impact Fee.** In the event that the County adopts an ordinance for a construction tax or impact fee to provide for fire service or police service, which applies to new construction within the Planned Community, Owner shall, if allowed and provided for by ordinance, law or code, receive credit for the fire station and the police station contributions, and the land it occupies in a manner similar to the credit received by Owner for the park residential construction tax for up to a period of ten years from Effective Date. County shall use its Best Efforts to include a provision for such credit in any such ordinance.

## **SECTION 5 PARKS AND OPEN SPACE**

5.01 **Parks.**

(a) Owner shall design, construct, and may dedicate to County a Qualified/Community Park in conformance with the Specific Plan and the Master Parks and Public Facilities Plan attached as **Exhibit M**. For purposes of this Section, Qualified/Community Park acreage shall be gross acreage.

(b) **Parks to be Constructed.** The following parks will be constructed by Owner as described herein and identified in the Specific Plan (subject to the limitations described in this Section). All park acreages are approximate, and the size, location, and configuration of any given park may vary from the Specific Plan so long as the minimum acreages described in this Agreement are met:

(i) Qualified/Community Park: Owner shall construct one (1) Qualified/Community Park to commence prior to issuance of the permit for the 1,700th residential unit and complete prior to the issuance of the permit for the 2,000th residential unit.

(ii) Village Parks: Owner shall construct two (2) Village Parks, the first to commence prior to issuance of the permit for the 1,200th residential unit and complete prior to issuance of the permit for the 1,400th residential unit; the second to commence prior to issuance of the permit for the 1,800th residential unit and complete prior to issuance of the permit for the 2,400th residential unit.

(iii) Neighborhood Parks: Owner shall construct four (4) Neighborhood Parks, the first to commence prior to issuance of the permit for the first neighborhood for the 750th residential unit and complete the park prior to the issuance of the permit for the 850th residential unit. The remaining three (3) neighborhood parks shall commence construction prior to the issuance of the permits for 750 units each thereafter and completed by the issuance of the permits for the 850 units each thereafter.

(c) Park Maintenance. Owner reserves the right but not the obligation to maintain parks dedicated to the County within the Planned Community subject to a separate license and maintenance agreement with the County. Owner agrees that County is only obligated to maintain Qualified/Community Parks dedicated to County. Owner agrees to maintain all trails, paseos and equestrian facilities. Further, Owner may elect to transfer maintenance obligations to any HOA formed by Owner, or its designee.

(d) Park Standards. Owner shall design and construct Qualified/Community Parks in compliance with County's minimum park standards and specifications in force at the time of this Agreement. Designs must receive County approval prior to commencing construction of the park.

(e) Park Names. Owner reserves the right to name parks within the Planned Community. Owner shall submit for County approval a park name for the public park identified as the "Qualified/Community Park".

(f) Park Acreage Adjustments and Substitutions. Owner may modify location and configuration of park sites within the Planned Community for development by Owner without amending this Agreement. Owner reserves the right to develop additional park sites within the Planned Community. In no event will Owner be required to develop parks or park improvements more than the limitations set forth in this Section. County is obligated to obtain the BLM lease for the Qualified/Community Park as shown on the approved Specific Plan (the exact location and configuration of site to be determined), in the time and manner consistent with Owner's obligations to complete said parks pursuant to Section 5.01(b). In the event County is unable to obtain the required BLM lease in the time and manner consistent with the Owner's obligation to complete said parks, Owner and County may mutually agree to adjust the timeline as specified herein.

## 5.02 Ownership and Control.

(a) Dedication to County. Owner may dedicate at no cost to the County the Qualified/Community Park listed in Section 5.01(b)(i) and County agrees to accept such dedication, provided:

- (i) The Qualified/Community Park constructed complies with County’s minimum park standards and specifications as applicable at the time of approval of the park plan;
- (ii) Owner gives County at least 18 months written notice of its intent to dedicate to the County;
- (iii) The park site and amenities must be completely constructed and acceptable to the County; and
- (iv) The land and the amenities must be dedicated free of all liens, encumbrances, conditions, covenants and restrictions and in a manner acceptable to the County;
- (v) Prior to dedication to the County, Owner shall have the right to place works of art such as statues, sculptures and fountains within the Qualified/Community Park provided that such work of art is not excessively difficult or costly to maintain nor hazardous to public health or safety. County agrees to consider in good faith the placement of additional artwork in the Qualified/Community Park.

(b) Transfer to Homeowner’s Association. Prior to any dedication to the County, Owner may, from time to time, convey any park to any Homeowners Association formed under the provisions of NRS Chapter 116 (an “HOA Park”) provided the conveyance is subject to the terms and conditions of this Section 5 and Homeowners Association acknowledges in writing (a) that it is obligated to perform any unfulfilled terms and conditions of this Section 5, and (b) that it accepts Owner's maintenance obligations for such park. With respect to any HOA Park, the Homeowners Association to which Owner conveys title shall have the exclusive right to program and control the use thereof provided, however, that in all circumstances the general public shall have reasonable rights of access and use to all parks and paseos listed in Section 5.01(a).

(c) Failure to Timely Construct or Equip. If Owner fails to timely construct and equip any of the park sites listed in Section 5.01(a) in accordance with the provisions of Section 5.01 (a), then at any time thereafter upon 6 months written notice from the County (unless Owner completes such construction and equipage within said 6 months) the Owner agrees to dedicate or cause to be dedicated to the County from a Homeowners Association, at no cost or expense to the County, any such uncompleted park sites.

(d) Termination of Maintenance Obligation. When Owner has dedicated any park described in Section 5.01(a) to the County in accordance with the provisions of Sections 5.01(b), 5.02(a)(i) through 5.02(a)(v), inclusive, and the provisions of Section 5.02(b) if applicable, or pursuant to the provisions of 5.02(c), Owner and any HOA shall be relieved of any further responsibility for maintenance of such park. Notwithstanding these provisions, Owner may elect to maintain the park and County will grant an easement or other right to maintain the parks.

5.03 **Residential Construction Tax Credit.** The Code imposes a “residential construction tax” upon the privilege of constructing apartment houses and residential dwelling units. Owner agrees, at its own cost and expense, to design, construct, and maintain a Qualified/Community Park, Village Parks, Neighborhood Parks, trails, paseos, and associated facilities as more fully described in the Specific Plan. Therefore, the County agrees to waive the residential construction tax.

5.04 **Additional Planned Community Amenities.** The County agrees to permit Owner to construct a

golf course within the Planned Community pursuant to the Land Use Approvals upon either a) a written agreement with the Southern Nevada Water Authority (“SNWA”) and LVVWD; or b) in the event the moratorium on golf course development in Southern Nevada is lifted, amended, or otherwise modified to permit such development.

- 5.05 **Use of Flood Control Facilities/Open Space.** County will consider allowing the Owner to have the right to construct parks, trails and recreational facilities within storm water detention basins, drainage channels, and flood plains so long as such facilities meet the design and construction standards of the County and CCRFCD and so long as said facilities are acceptable to the County and the CCRFCD. County agrees to use its Best Efforts to enter into an interlocal agreement with the CCRFCD to permit the construction and use of approved park and trail facilities within regional flood control facilities.

## **SECTION 6 WATER CONSERVATION AND SANITATION**

- 6.01 **Water Conservation.** Owner agrees to encourage water conservation in the Planned Community. Owner agrees to design the streetscape areas, park space and any other Planned Community open space using water conserving techniques, including but not limited to proper soil preparation and water conserving plant materials, irrigation systems and equipment. Owner shall establish design criteria on all development within the Planned Community (by use of recorded restrictive covenants or pursuant to contractual obligations binding on purchasers of property) that will encourage water conservation in all landscaping treatments by incorporating water conservation concepts and proven water conservation equipment, techniques and plant materials.
- 6.02 **Regional Water Reclamation Plant Location.** County agrees not to approve construction of a regional water reclamation plant in the Planned Community or within one mile of the boundary of the Planned Community without Owner's written consent. In the event approval is obtained from Owner and the construction of a regional water reclamation plant is proposed at a location within one mile of the boundary of the Planned Community, County agrees to obtain input from Owner regarding the design and location of said plant with the Owner.
- 6.03 **Master Water Study.** Owner will design and construct water facilities and infrastructure in accordance with the Network Analysis (“Approved NA”) for Blue Diamond Hill-PL No. 16894 in response to the Blue Diamond Hill Water Master Plan – May 2017 conditionally approved by the LVVWD on June 29, 2017 attached hereto as **Exhibit H** and incorporated herein by this reference. The Approved NA may be updated to meet current conditions. LVVWD approved water plans are required for each phase of the Planned Community and the details of the proposed infrastructure facilities will require refinement as the detailed subdivision and roadway plans are developed. Owner is allowed to use alternate routes as depicted in the Blue Diamond Offsite Water Master Plan, May 2023 PL ID 31874 as conditionally approved July 17, 2023 by LVVWD.
- 6.04 **Master Sanitary Sewer Study.** Owner will design and construct sewer facilities and infrastructure in accordance with the Master Sanitary Sewer Study to be approved by the CCWRD.

## **SECTION 7 INFRASTRUCTURE**

- 7.01 **Acquisition of Offsite Rights-of-Way.** In addition to the obligations set forth in Section 2.6 of the Settlement Agreement, the County acknowledges that certain rights-of-way and easements outside the boundaries of the Planned Community are necessary for development and construction of the

Improvements. The County shall cooperate in good faith using its Best Efforts with Owner in obtaining such necessary rights-of-way and easements required by the County through acquisitions from the BLM, so as not to delay development and construction of such improvements as contemplated by the development phasing schedules set forth in the Master Studies.

- 7.02 **Granting of Easements on the Public Acreage.** The County acknowledges that certain easements within the public acreage are necessary for development and construction of the improvements described or contemplated by this Agreement and the Master Studies. The County agrees that Owner shall have the right, subject to the County's prior approval, which shall be granted as reasonably and customarily required, to grant such easements within the public acreage prior to Owner's conveyance of the public acreage to the County. After Owner's conveyance of the public acreage to the County, the County agrees that it will promptly grant any and all such easements within the public acreage.
- 7.03 **Routing.** The routing of the various utility lines, pipes and facilities serving the Property shall be in accordance with the Master Studies, which the Parties acknowledge are and will be in public rights-of-way, public acreage or public utility easements granted for those purposes.
- 7.04 **Comprehensive Facilities Plan.** Owner has delivered a dry utility study and a utility corridor study to the County which, when coupled with the Master Studies, satisfies the comprehensive facilities plan requirement. Owner shall comply with such dry utility and utility corridor studies, as approved by the County.
- 7.05 **Streetscapes and Other Non-Standard Improvements Within Public Right-of-Way.**
- Medians.** Prior to construction of any non-standard improvements within medians within public rights of way, the Parties will enter into a license and maintenance agreement which allows the owner to install and maintain landscaping and irrigation equipment (and other non-standard improvements as approved by the County) within the median islands of public streets located within the Property and the primary access roadway connecting the Property to State Route 160 (Blue Diamond Road). Owner or a Master Homeowner's Association shall establish a reserve account to fund the removal and replacement of the landscape and irrigation materials with standard median improvements, except for those located within the right-of-way of the primary access road connecting the Planned Community to State Route 160 (Blue Diamond Road), if required by County in the future. County shall have the right to use the Streetscape Areas, or any part thereof, for traffic improvements as warranted, if necessary, for improved traffic flow at County's expense.
- 7.06 **Offsite Improvements and Off-Property Improvements.** Any required Offsite Improvements and Off-Property Improvements shall be completed by Owner. Owner will not be obligated to participate in any additional Off-Property Improvements or Offsite Improvements that are not included within this Agreement, the Master Studies, or do not benefit the Property.

## SECTION 8 TRAFFIC

- 8.01 **Transportation Studies.** Owner has submitted the Master Transportation Study included within the PFNA, which has been reviewed and approved by the County. Owner agrees to comply with said study as approved by the County. Any update to the Master Transportation Study shall adhere to the scope of the study area in the Master Transportation Study. Owner will be responsible for preparing any updates to the Master Transportation Study (a) when reasonably necessary to address changes in the plan of development of the Planned Community, or (b) when reasonably necessary

to address changes in the adjacent major street networks differing from those assumed in the original Master Transportation Study if such changes occur within three (3) years from the recordation of this Agreement. Owner shall comply with the updated Master Transportation Study as approved by the County; provided, however, that Owner shall not be required to incur any additional expense for transportation contributions or improvements, over and above that required by this Agreement.

8.02 **Access Road.** Subject to BLM and NDOT approval, the County approves the single primary access for ingress and egress from State Route 160. The existing mine road off of State Route 159 shall be utilized for mining, construction, and emergency services provided; however, the County acknowledges and agrees the existing mining road will need to be modernized to allow for emergency services. In addition and in accordance with the Settlement Agreement, upon receipt of documentation from Owner pursuant to the Department of Public Work's BLM Right-of-Grant Application Process, the County shall expeditiously seek a right-of-way from the BLM for a public roadway right-of-way (including vehicular public access and utilities within such roadway right-of-way) to the east of the Property providing access to State Route 160 sufficient to serve the Property (the "BLM ROW"). In applying to the BLM, the County will follow its customary practices, Best Efforts, and good faith in seeking the BLM ROW. Owner shall be and remain responsible for all items required pursuant to the Department of Public Works' BLM Right-of-Grant Application Process including, but not limited to, payment of expenses and obtaining of documents required from the developer in connection therewith. If appropriate to expedite the right-of-way grant, the County shall join and/or pursue Owner's existing application No. 94501 with such modifications as the Parties in good faith deem necessary.

8.03 **Streetlights.** Owner may use non-standard streetlight poles, mast arms and luminaries as described in the Land Use Approvals the Owner (or a Homeowner's Association) shall provide at no cost to the County (i) five (5) each of the streetlight poles, mast arms and luminaries used as an initial minimum inventory; and (ii) a replenishment of the minimum inventory within one hundred twenty (120) days of written notice from the County. Notwithstanding anything to the contrary in this Agreement, the Owner has the right to establish design standards in compliance with model dark skies light ordinance as mutually agreed upon by the Parties using Best Efforts in support of the stated objectives in the Land Use Approvals.

## SECTION 9 FLOOD CONTROL

9.01 **Master Drainage Study and Technical Drainage Studies.** Owner shall prepare and submit to the County a "north area" study and a "south area" study (collectively, the "Master Drainage Studies") acceptable to the County and the Regional Flood Control District for the Planned Community. Owner further agrees to prepare a site specific technical drainage study acceptable to the County and the CCRFCD for each Phase of Development prior to recording any final map or the County issuance of any permits for that Phase of Development. The Owner shall construct at its sole cost and expense those regional flood control facilities identified in the approved Master Drainage Study. Each facility must be built prior to commencement of construction of development in the impacted area as identified in the approved Master Drainage Study and subsequent technical drainage studies. Notwithstanding any other provision in this section no building permit shall be issued in any area not protected by the drainage facilities identified in the approved Master Drainage Study and subsequent technical drainage studies.

9.02 **Improvement Requirements.** All improvements to be constructed in conjunction with the Master Drainage Study and any revisions thereto must be approved through the proper Submittal and

approval process by the appropriate County Department(s). All plans for drainage system facilities shall bear certification by the Professional Engineer responsible for the design that the facilities are in compliance with all applicable Master Studies.

## **SECTION 10 SPECIAL IMPROVEMENT DISTRICT**

- 10.01 **Special Improvement District.** The County will use its Best Efforts to create a Special Improvement District (“SID”) or series of separate SIDs for phasing of the development pursuant to the Developer Method as reflected in Clark County Debt Management Plan Appendix A, which shall be subject to the provisions of the Nevada Revised Statutes, and to applicable Clark County Codes (except that the County agrees that, subject to all other requirements, Owner may utilize the SID for construction of interior roadways to the extent permitted by the Nevada Revised Statutes).

## **SECTION 11 REVIEW OF DEVELOPMENT**

- 11.01 **Frequency of Reviews.** As required by NRS 278, the County shall review the development of the Planned Community no more than once every twenty-four (24) months during the Term of this Agreement. Prior to such review, and upon the written request of the County, Owner shall provide a report summarizing the extent of Owner’s and the County’s material compliance with the terms of this Agreement during the period preceding such report. The County shall not charge any expense, fee or cost with respect to such review.
- 11.02 **Opportunity to be Heard.** County and Owner shall be permitted an opportunity to be heard orally and in writing before the County Commission regarding their performance under this Agreement.
- 11.03 **Action by County.** At the conclusion of the public hearing on the review, the County may take any action permitted by NRS 278 and/or this Agreement.

## **SECTION 12 DEFAULT**

- 12.01 **Opportunity to Cure; Default.** In the event of any noncompliance with any provision of this Agreement, the Party alleging such noncompliance shall deliver to the other by certified mail or hand delivery a five (5) day notice of default and opportunity to cure. The time of notice shall be measured from the date of receipt of the notice. The notice of noncompliance shall specify the nature of the alleged noncompliance and the manner in which it may be satisfactorily corrected, during which five (5) day period the party alleged to be in noncompliance shall not be considered in default for the purposes of termination or institution of legal proceedings; provided, however, if the County is in default in the performance of its obligations set forth in Section 3.09 on three (3) or more occasions, then notwithstanding that each such default having been cured by the County, any further similar default shall be deemed an event of default without the ability to cure.

If the noncompliance cannot reasonably be cured within the five (5) day cure period, the non-compliant Party may timely cure the noncompliance for purposes of this Section 12 if it commences the appropriate remedial action with the five (5) day cure period and thereafter diligently prosecutes such action to completion within a period of time acceptable to the non-breaching Party. If no agreement between the Parties is reached regarding the appropriate timeframe for remedial action, the cure period shall not be longer than thirty (30) days from the date the five (5) day notice of noncompliance and opportunity to cure was mailed by the non-

compliant Party.

If the noncompliance is corrected, then no default shall exist and the noticing Party shall take no further action. Subject to the obligations set forth in Section 13, if the noncompliance is not corrected within the relevant cure period, the non-complaint Party is in default, and the Party alleging non-compliance may declare the breaching Party in default and may pursue all remedies available to it at law or in equity.

- 12.02 **Unavoidable Delay or Default; Extension of Time for Performance.** Neither party hereunder shall be deemed to be in default, and performance shall be excused, where delays or defaults are caused by war, insurrection, strikes, walkouts, riots, floods, earthquakes, fires, casualties, or acts of God (“Force Majeure”). If written notice of any such delay is given to one Party or the other within thirty (30) days after the commencement thereof, an automatic extension of time, unless otherwise objected to by the party in receipt of the notice within thirty (30) days of such written notice, shall be granted coextensive with the period of the enforced delay, or longer as may be required by circumstances or as may be subsequently agreed to in good faith between County and Owner. Any such extensions of time shall have no effect upon the timing of and the conclusions reached in the reviews to be conducted pursuant to Section 3.09 above.
- 12.03 **Venue.** Jurisdiction for judicial review under this Agreement shall rest exclusively with the Eighth Judicial District Court, County of Clark, State of Nevada or the United States District Court, District of Nevada.
- 12.04 **Waiver.** Failure or delay in giving notice of default shall not constitute a waiver of any default. Except as otherwise expressly provided in this Agreement, any failure or delay by any party in asserting any of its rights or remedies in respect of any default shall not operate as a waiver of any default or any such rights or remedies, or deprive such party of its right to institute and maintain any actions or proceedings that it may deem necessary to protect, assert, or enforce any of its rights or remedies.
- 12.05 **Applicable Laws; Attorney Fees.** This Agreement shall be construed and enforced in accordance with the laws of the State of Nevada. Each party shall bear its own attorneys’ fees and court costs in connection with any legal proceeding hereunder.

### SECTION 13 DISPUTE RESOLUTION

- 13.01 **Alternative Dispute Resolution.** In the event of any dispute, claim, question or disagreement arising from or relating to the Planned Community, this Agreement, the Settlement Agreement, or the breach thereof (hereinafter “Dispute”), the Parties shall first attempt resolution through mutual discussions with individuals having authority to settle the Dispute. If the Parties are unable to resolve the Dispute through mutual discussions, the Dispute shall be resolved as provided in this Section.

The Parties agree that prior to filing of any litigation concerning the terms or implementation of this Agreement, they shall first participate in an expedited mediation. The mediation must be scheduled within 5 days by written notice and, if possible, be before Jennifer Togliatti or, if she is unavailable, another neutral mediator with Advanced Resolution Management or substantially similar alternative dispute resolution provider. If the Parties cannot agree upon a mediator or none is available, then the mediation shall proceed with counsel for the Parties.

In the event the Parties are unable to resolve any dispute utilizing the alternative dispute resolution procedures set forth in this Section 13, then the Parties shall have the right to pursue any and all remedies available at law or in equity.

In the event that a Dispute shall arise relating to the Planned Community, this Agreement, the Settlement Agreement, or the breach thereof, or for any other reason, the Parties shall continue to perform their respective duties and responsibilities under this Agreement and/or the Settlement Agreement (as applicable) in accordance with the terms as if no Dispute shall have arisen.

## **SECTION 14 FINANCING**

- 14.01 **County Cooperation in Financing.** County expressly acknowledges and agrees that Owner may be required to finance its obligations through private financing, joint venture and/or sales in addition to the financing and reimbursement provisions contemplated by this Agreement. County agrees to cooperate in good faith using its Best Efforts to assist Owner with respect to financing, joint venture and/or sales by executing and delivering to any lender or other interested person such documents as may be reasonably requested to acknowledge (a) that County has no lien on the property as a direct result of approval of this Agreement, and (b) that County shall recognize and allow a lender which has foreclosed or acquired a portion of this Planned Community from Owner to inure to the rights and benefits of this Agreement as to such property. Owner acknowledges, however, that if a special improvement district is created as contemplated in Section 10, such district will constitute a lien to secure repayment of the bonds. Nothing herein, however, shall be deemed to relieve Owner and/or County of its respective obligations under this Agreement or its liability for failure to perform its obligations under this Agreement.

## **SECTION 15 GENERAL PROVISIONS**

- 15.01 **Enforcement.** Subject to the limitations of NRS 278, this Agreement is enforceable by any party hereto in accordance with its terms notwithstanding any change (which, except for this Agreement, would otherwise be applicable) in any of the Applicable Rules.
- 15.02 **Binding Effect.** This Agreement shall bind, and the benefits of this Agreement shall inure to, the Parties' respective assigns and successors-in-interest and the Property which is the subject of this Agreement.
- 15.03 **Duration of Agreement.** The Term of this Agreement shall commence upon the Effective Date and shall expire on the 25th anniversary of the Effective Date, unless terminated earlier pursuant to the terms hereof. County agrees that Owner shall have the right to request an extension of the Term of this Agreement for an additional 10 years upon the following conditions:
- (a) Owner provides written notice of such extension to the County at least 180 days prior to the expiration of the original Term of this Agreement;
  - (b) Owner is not in default of this Agreement; and
  - (c) Owner and County enter into an amendment to this Agreement memorializing the extension of the Term.
- 15.04 **Assignment.**

(a) Approved Owner Transfer. Without the requirement of further action on the part of the County, the County hereby consents to the transfer, at any time, and from time to time, of all or any portion of ownership interest in an Owner to any one or more of the following (each, individually, an “Affiliated Transferee” and severally the “Affiliated Transferees”), provided however that any Affiliated Transferee and all Affiliated Transferees take such transfer subject to this Section:

- (i) An Affiliate(s) of the transferor;
- (ii) The other owners of such Owner and/or their Affiliate(s);
- (iii) Financing parties as pledge or security for loans, provided that upon foreclosure or exercise of remedies in connection therewith, financing parties may become holders of such interest;
- (iv) The surviving entity in a merger or conversion of the ownership interests in and to the securities of such Owner in a single transaction or series of related transaction;

(b) Approved Property Transfers. Without the requirement of further action on the part of the County, the County hereby consents to the transfer, at any time and from time to time, of all or any portion of the Property to one or more Affiliated Transferees or to an entity in which one or more Affiliated Transferees own or control, in the aggregate, more than fifty percent (50%) of the ownership interest, provided however that any Affiliated Transferee and all Affiliated Transferees take such transfer subject to this Section. Such transferor will be released from liability to the County under this Agreement only with a written release of liability signed by the County, which the County will provide upon such Affiliated Transferee demonstrating, to the reasonable satisfaction of the County, that the transferee has the ability and finances to perform the obligations of the transferor.

(c) Transfers to Builders. Without the requirement of further action on the part of the County, the County hereby consents to the transfer, from time to time following execution of this Agreement, of parcels of the Property as shown on the Land Use Plan to one or more Builders provided that such transferee(s) is subject to the applicable portions of this Agreement and agrees to develop such parcels in accordance with the Development Guide. The County shall release the transferor of the applicable Parcel(s) from any obligation and liability under this Agreement with respect to such Parcel(s) to the extent assumed by the respective Builder transferee upon approval by the County of such Builder’s tentative map. A Builder shall not be an Owner as defined herein or a Party to this Agreement.

(d) In Connection with Financial Transactions. Owner has full discretion and authority to transfer, assign or encumber the Planned Community or portions thereof in connection with financing transactions, without limitation on the size or nature of any such transaction, the amount of land involved or the use of the proceeds therefrom, and may enter into such transaction at any time and from time to time without permission of or notice to County.

15.05 **Amendment or Cancellation of Agreement.** Except as otherwise permitted by the Code, NRS 278.0205, and Section 12 of this Agreement, this Agreement may be amended from time to time or canceled only upon the mutual written consent of the Parties hereto.

15.06 **Intentionally Omitted.**

15.07 **Relationship of Parties.** It is understood that the contractual relationship between County and Owner is such that Owner is not an agent of County for any purpose and County is not an agent of Owner for any purpose.

15.08 **Notices.** All notices, demands and correspondence required or permitted under this Agreement shall be in writing and shall be deemed effectively given (a) upon personal delivery to the party to be notified, (b) three (3) days after deposit with the United States Post Office, by registered or certified mail, postage prepaid and addressed to the party to be notified at the address for such party, (c) one (1) day after deposit with a nationally recognized air courier service such as FedEx; or (d) an electronic record sent by e-mail pursuant to NRS 719.240. Either party hereto may change its address by giving ten (10) days advance notice to the other party as provided herein. Phone numbers and email addresses, if listed, are for information only. Phone and fax numbers, if listed, are for information only. Notices shall be addressed as follows:

15.09 **Entire Agreement.** This Agreement constitutes the entire understanding and agreement of the parties. This Agreement integrates all of the terms and conditions mentioned herein or incidental hereto and supersedes all negotiations or previous agreements between the parties with respect to all or any part of the subject matter hereof except for the Settlement Agreement, SID documents and related and ancillary agreements.

15.10 **Waivers.** All waivers of the provisions of this Agreement must be in writing and signed by the appropriate officers of Owner or approved by the County Commission, as the case may be.

15.11 **Release.** Each residential lot shown on a recorded subdivision map within the Planned Community shall be automatically released from the encumbrance of this Agreement without the necessity of executing or recording any instrument of release upon the issuance of an Occupancy Permit for the

construction of a residence thereon.

- 15.12 **Exercise of Discretion.** Wherever a Party to this Agreement has discretion to make a decision, it shall be required that such discretion be exercised in good faith unless otherwise explicitly provided in the particular instance that such decision may be made in the Party's "sole" or "absolute" discretion or where otherwise allowed by applicable law.
- 15.13 **No Third Party Beneficiary.** This Agreement is intended to be for the exclusive benefit of the Parties hereto and their permitted assignees. Except as otherwise stated in Section 15.04, no third party beneficiary to this Agreement is contemplated and none shall be construed or inferred from the terms hereof. In particular, no person purchasing or acquiring title to land within the Planned Community or residing in the Planned Community shall, as a result of such purchase, acquisition or residence, have any right to enforce any obligation of Owner or County nor any right or cause of action for any alleged breach of any obligation hereunder by either party hereto.
- 15.14 **Gender Neutral.** In this Agreement (unless the context requires otherwise), the masculine, feminine and neutral genders and the singular and the plural include one another.
- 15.15 **Recording; Amendments.** Promptly after the Effective Date, an executed original of this Agreement shall be recorded in the Official Records of Clark County, Nevada. All amendments hereto must be in writing signed by the appropriate officers of County and Owner in a form suitable for recordation in the Official Records of Clark County, Nevada. Upon the completion of performance of this Agreement or its earlier revocation or termination, a statement evidencing said completion or revocation signed by appropriate officers of County and Owner shall be recorded in the Official Records of Clark County, Nevada.
- 15.16 **Headings, Exhibits; Cross-References.** The headings and captions used in this Agreement are for convenience and ease of reference only and shall not be used to construe, interpret, expand or limit the terms of this Agreement. All exhibits attached to this Agreement and the recitals at the front of this Agreement are incorporated herein by the references thereto contained herein. Any term used in an exhibit hereto shall have the same meaning as in this Agreement unless otherwise defined in such exhibit. All references in this Agreement to sections and exhibits shall be to sections and exhibits of or to this Agreement, unless otherwise specified.
- 15.17 **Severability of Terms.** If any term or other provision of this Agreement is held to be invalid, illegal or incapable of being enforced by any rule of law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect, provided that the invalidity, illegality or unenforceability of such term does not materially impair the parties' ability to consummate the transactions contemplated hereby. If any term or other provision is invalid, illegal or incapable of being enforced, the Parties hereto shall, if possible, amend this Agreement so as to effect the original intention of the Parties.
- 15.18 **Owner's Property Conveyance.** Any property that Owner is required to convey under this Agreement must be conveyed free of all liens, restrictions, conditions, covenants, encumbrances and in a manner acceptable to the County or the entity to which the property is to be conveyed.
- 15.19 **Counterparts.** This Agreement may be executed in on or more counterparts, each of which shall be deemed an original and all of which shall constitute one and the same Agreement.
- 15.20 **Mutual Cooperation; Further Assurances.** Upon the terms and subject to the conditions of this Agreement, the Parties shall each use their respective good faith and Best Efforts to take, or cause

to be taken, all actions, and to do, or cause to be done, all things necessary, proper or advisable, consistent with applicable law, to satisfy the conditions set forth in this Agreement and to consummate and make effective the transactions contemplated hereby in the most expeditious manner. Consistent with the foregoing, the Parties each agree from time to time from the date of this Agreement, at the reasonable request of the other, to execute and deliver such other instruments and take such other actions as the requesting party may reasonably request in order to more effectively consummate and make effective the transactions contemplated hereby. In furtherance thereof, the County will ensure that neither it, its agents, representatives, consultants nor other related entities or persons shall take any action to delay or interfere with the customary approval process of third parties with jurisdiction over the property (including, without limitation, the LVVWD and the CCWRD) concerning the transactions and Development contemplated by this Agreement. The Parties agree to cooperate and use their Best Efforts to perform and fulfill the purpose and the provisions of this Agreement.

*[Signatures and Acknowledgments Begin on Next Page]*

IN WITNESS WHEREOF, this Agreement has been executed by the parties on the day and year first above written, as authorized by Ordinance No. \_\_\_\_ of the Clark County Code, to be effective on date as shown on the recording stamp of the Clark County Recorder's Office, affixed hereto.
