HEALTH PLAN OF NEVADA
A UnitedHealthcare Company

September 14, 2026

Clark County Parks and Recreation Director
Whitney Recreation Center
Clark County Parks & Recreation

Dear Director,

On behalf of Health Plan of Nevada and our family of companies, it is my pleasure to express our sincere gratitude for the tremendous work being done at Whitney Recreation Center to serve seniors, grandparents, families, and community members throughout Clark County.

We are delighted to support these efforts through a donation of $18,000, which will be provided by check from UnitedHealthcare and mailed from our Minneapolis office. The check will be made payable with attention to Whitney Recreation Center and will reference Grandparent's Day.

This contribution reflects our commitment to helping strengthen community connections, promote healthy aging, and create meaningful opportunities for social engagement. While we are especially excited to support Grandparent's Day 2026, the donation is intended to benefit senior programming and events at Whitney Recreation Center throughout the remainder of 2026. We are proud to invest in the programs and activities that enrich the lives of local residents and bring generations together.

For clarity regarding the donation:

• Donor Organization: Health Plan of Nevada (check issued through UnitedHealthcare)
• Donation Amount: $18,000
• Purpose of Donation: Support for Grandparent's Day 2026 and additional senior-focused events and activities at Whitney Recreation Center for the remainder of 2026
• Use Restrictions: Funds are intended for senior programming, including Grandparent's Day and other Whitney Recreation Center events and activities. The funds should be used to support these community programs and related event needs.

We are honored to partner with Clark County Parks & Recreation and appreciate the positive impact your team makes every day. Thank you for your dedication to creating welcoming spaces, innovative programming, and memorable experiences for residents of all ages.

We look forward to continuing our partnership and supporting the outstanding work being accomplished at Whitney Recreation Center.

Sincerely,

Michael L. Venton II
Manager, Community Outreach
Health Plan of Nevada
