VII. General Business
Shay Kwasnieski with CC Department of Environment and Sustainability made a presentation regarding the "All In" program. This program is reaching out to rural communities to see what they can do to help them. There is a tree program that supplies trees and an arborist to help with issues of growing them in your area. They would like to have a booth at the 150th Anniversary of Bunkerville in January 2027. They can help with dust control, desert conservation, community events, school clean ups and supporting the community. Chairman Laren Abbott requests maybe setting up something with the school.

VIII. Public Comment
The Board questions the outcome of ZC-25-0900. There was some confusion about a 300' driveway.
