BACKGROUND:

Project Description

General Summary

- Site Address: N/A
- Site Acreage: 5.4
- Number of Lots: 79
- Density (du/ac): 14.7
- Minimum/Maximum Lot Size (square feet): 1,440/1,813

The plans depict a gated residential development totaling 79 single family lots and 2 common area lots on 5.4 acres. The density of the overall development is shown at 14.7 dwelling units per acre. The project ranges from 3 to 7 plex buildings designed around 30 foot wide private streets. The residential dwellings will be under separate ownership that are attached to 1 or more dwellings on opposite sides of the structure. The dwellings are designed with garages facing the private streets and the front facing internal courtyards with sidewalks. The development will be served by a single point of ingress/egress to the north from a private drive off Stonewater Lane. The street network consists of 1 main drive with a loop street and 2 stub streets toward the eastern and western portion of the site. A network of common open spaces is located throughout the development which will include on-site pedestrian paths, a recreational pool area with a pool house, shade structures, and seating/picnic areas. Parking will consist of garage parking for residents and surface parking for visitors. The visitor parking includes both designated off-street parking spaces and on-site driveway parking. Approximately 14 parking spaces are depicted as driveway spaces, and 34 parking spaces are shown as designated parking spaces.
