Refresher: Project & Goals

PROJECT DESCRIPTION

- Replace the existing Tropicana Avenue interchange and structure over I-15

PROJECT DESCRIPTION

- Modify Dean Martin Drive and Tropicana Ave. intersection

PROJECT DESCRIPTION

- Replace the existing flyover

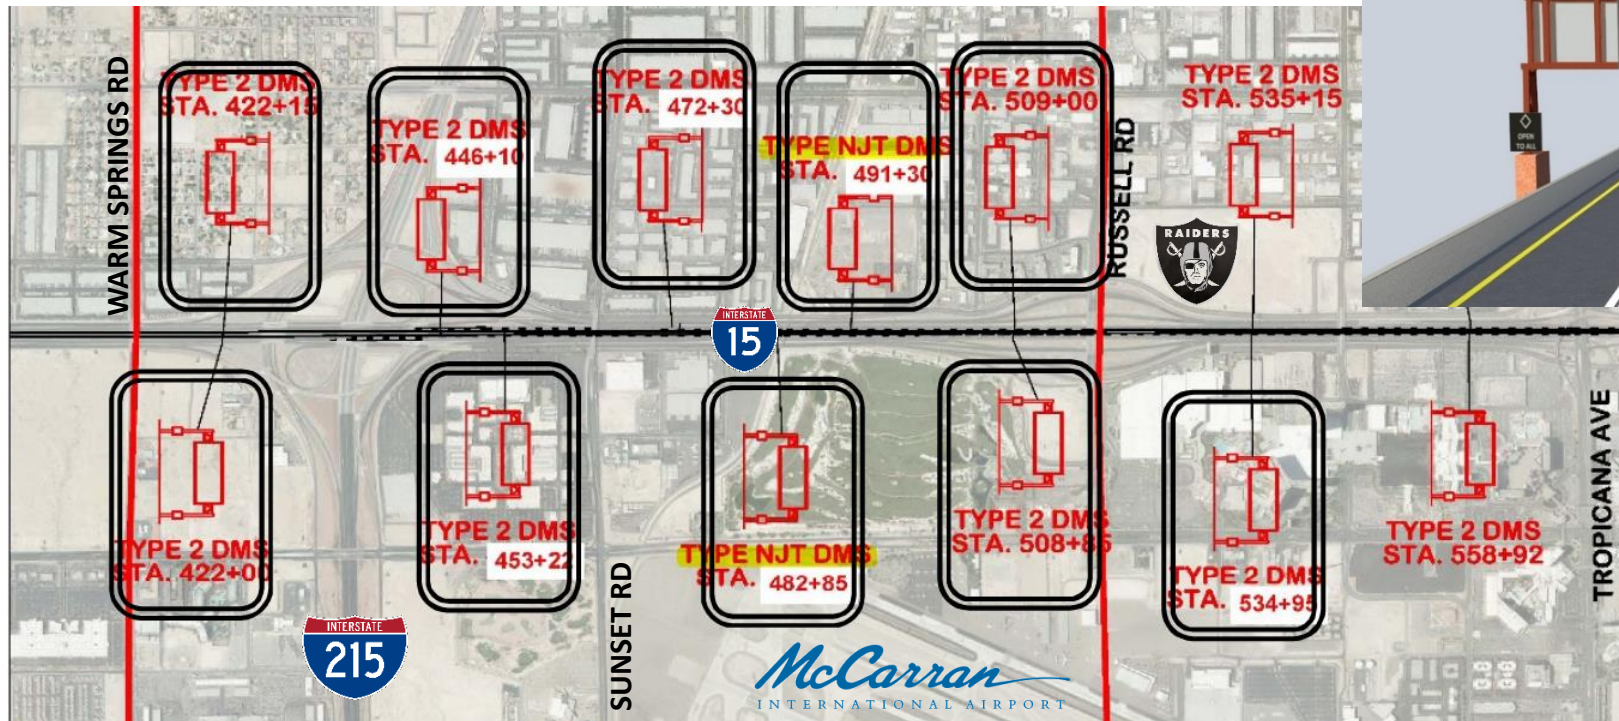

PROJECT DESCRIPTION

- Add HOV ramps to and from Harmon Avenue

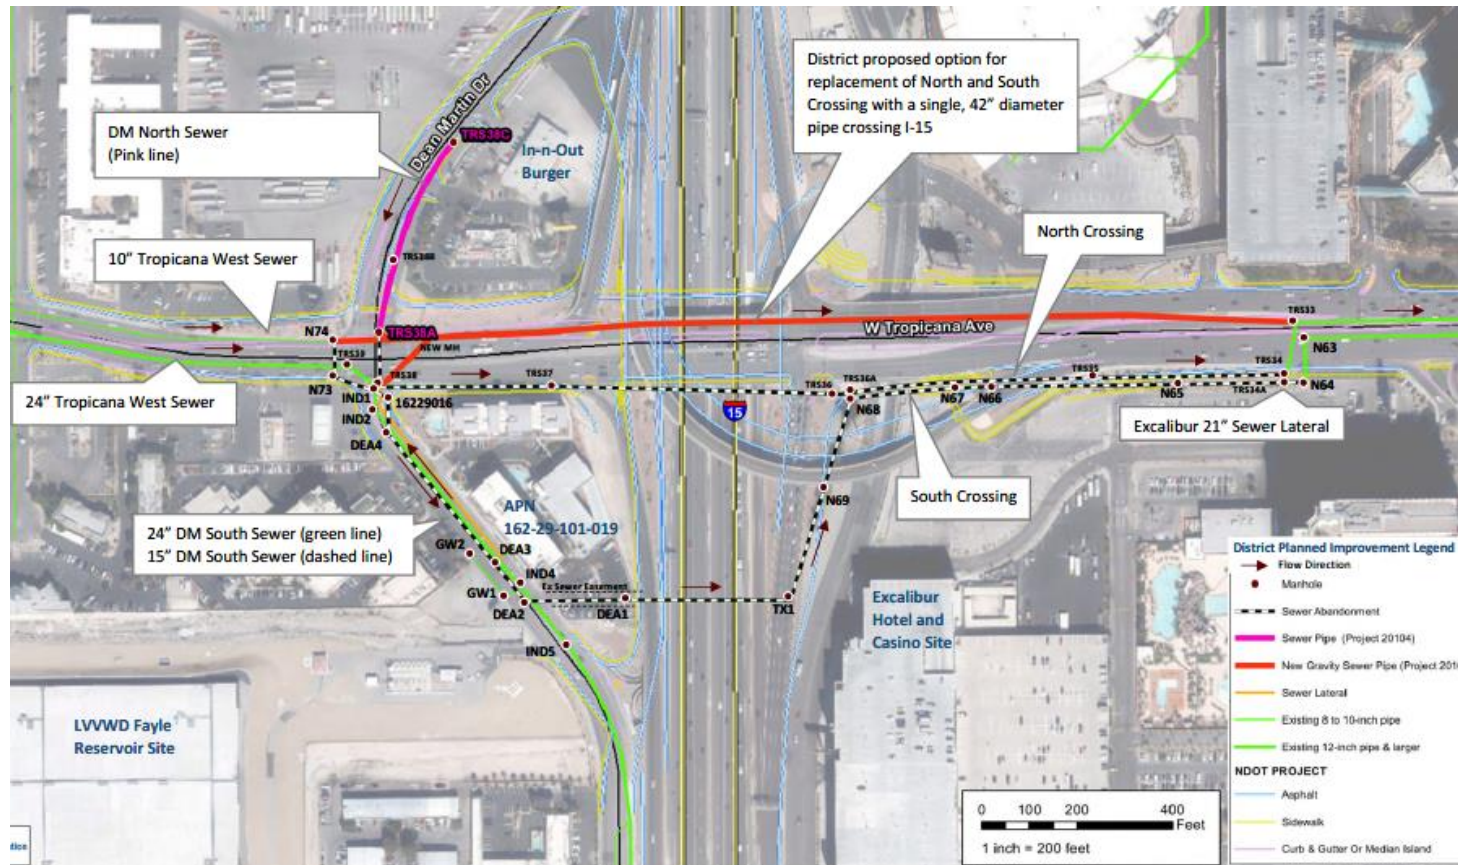

PROJECT DESCRIPTION

- Modify and add ATM infrastructure along I-15

ADDED SCOPE SINCE THE LAST UPDATE

- New Scope
 - I-15 Pavement Rehab and maintenance
 - CCWRD Sewer Replacement

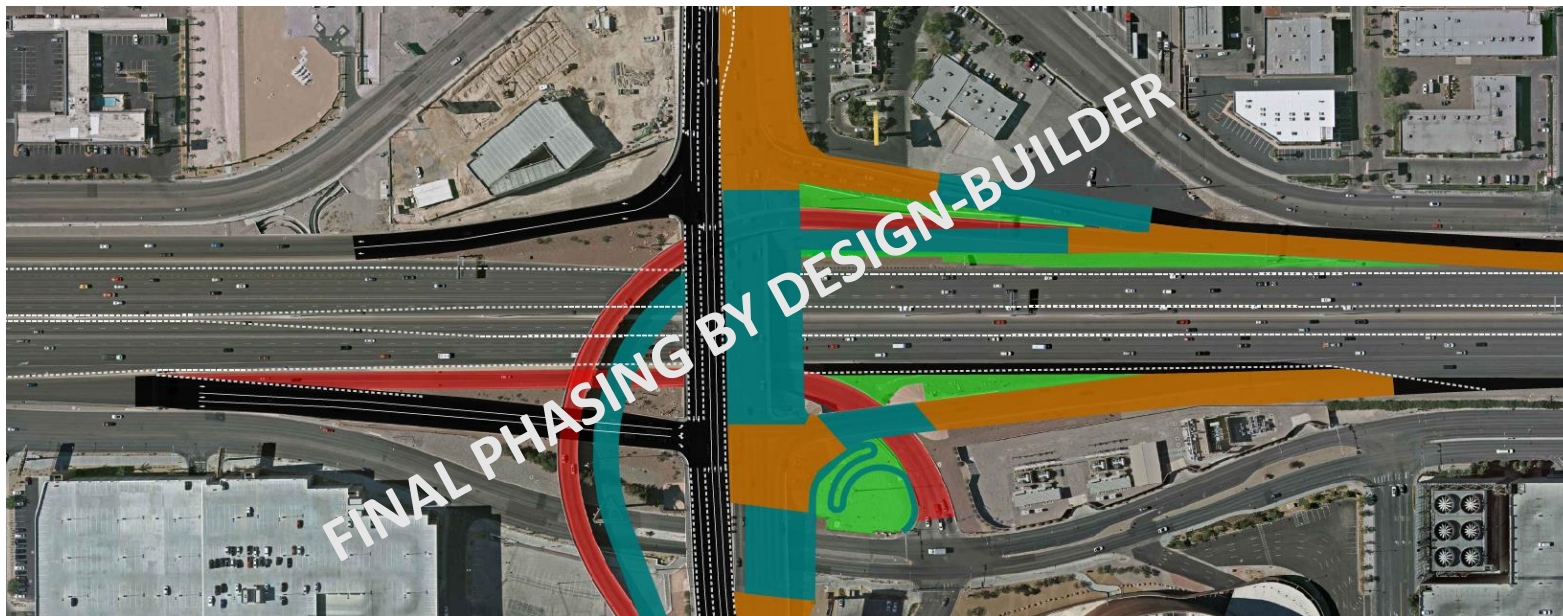

IR-15 CL 034.392 - CL 036.905
From Warm Springs Rd. to Hacienda Ave.

PROJECT GOALS

Goal #1: Phase the construction work to expedite substantial completion, while balancing the needs for:

- efficient traffic operations while maintaining access to Tropicana Avenue and the Resort Corridor
- availability of existing property access and pedestrian connectivity
- accommodations for the various special events during construction

PROJECT GOALS

Goal #2: Proactively coordinate and communicate with area community stakeholders and affected property owners over the duration of the design and construction phases.

And more...

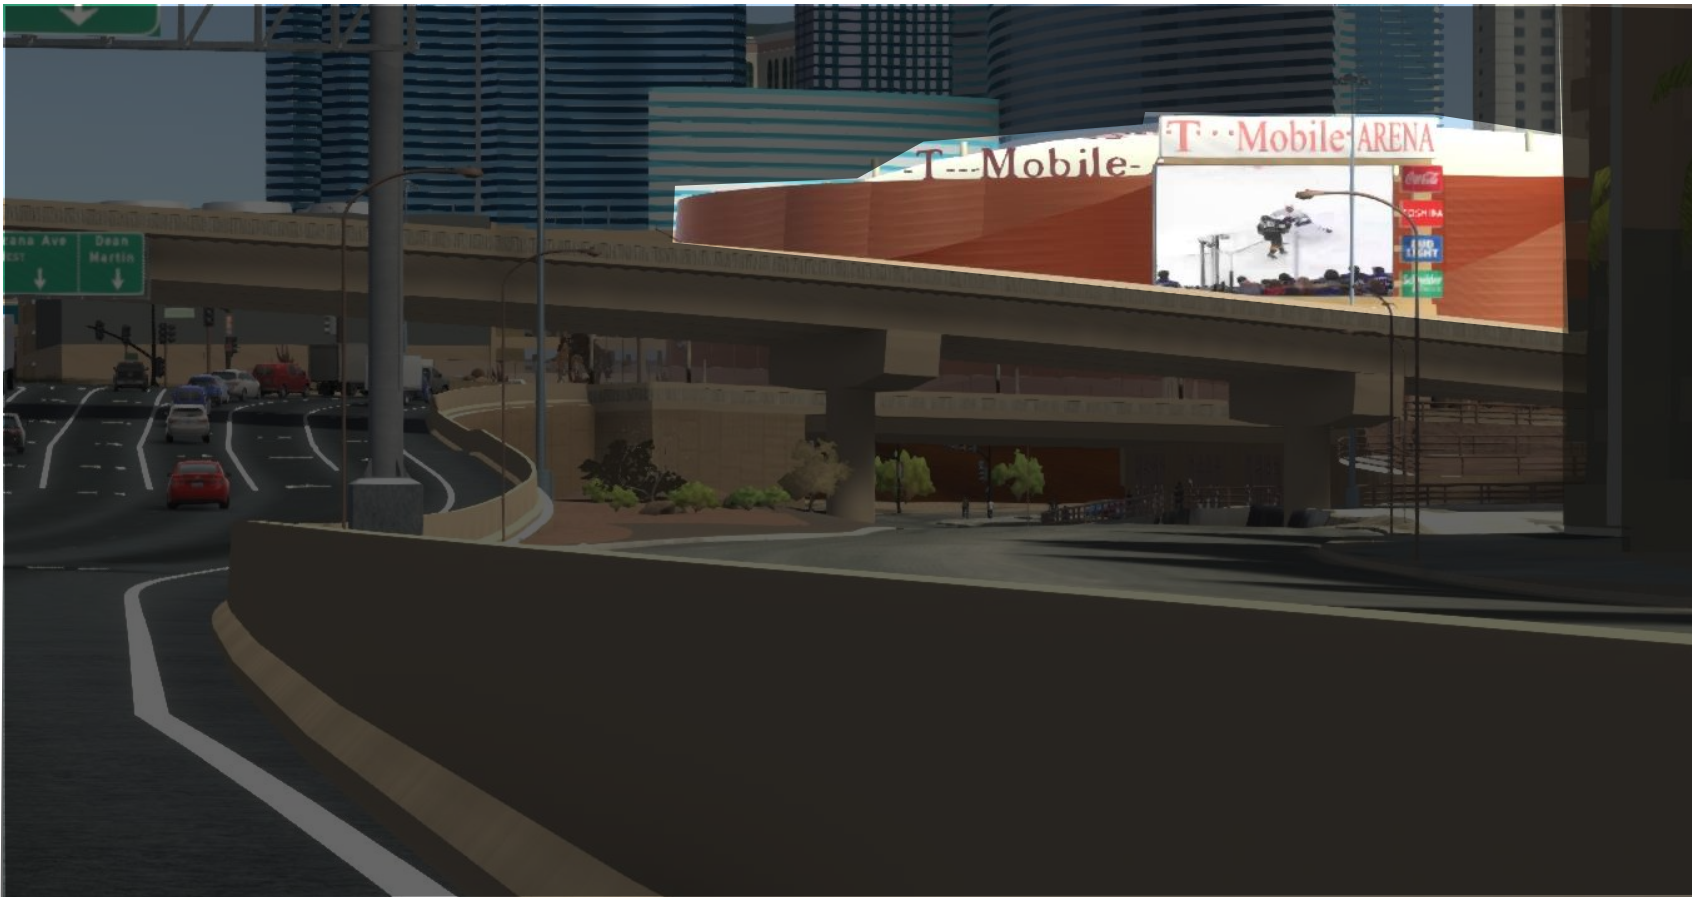

PROJECT GOALS

Goal #3: Provide an approach that minimizes risks related to utility relocations and protection while not unduly impacting completion of the Project, the traveling public, or service from the utility to area property owners.

PROJECT GOALS

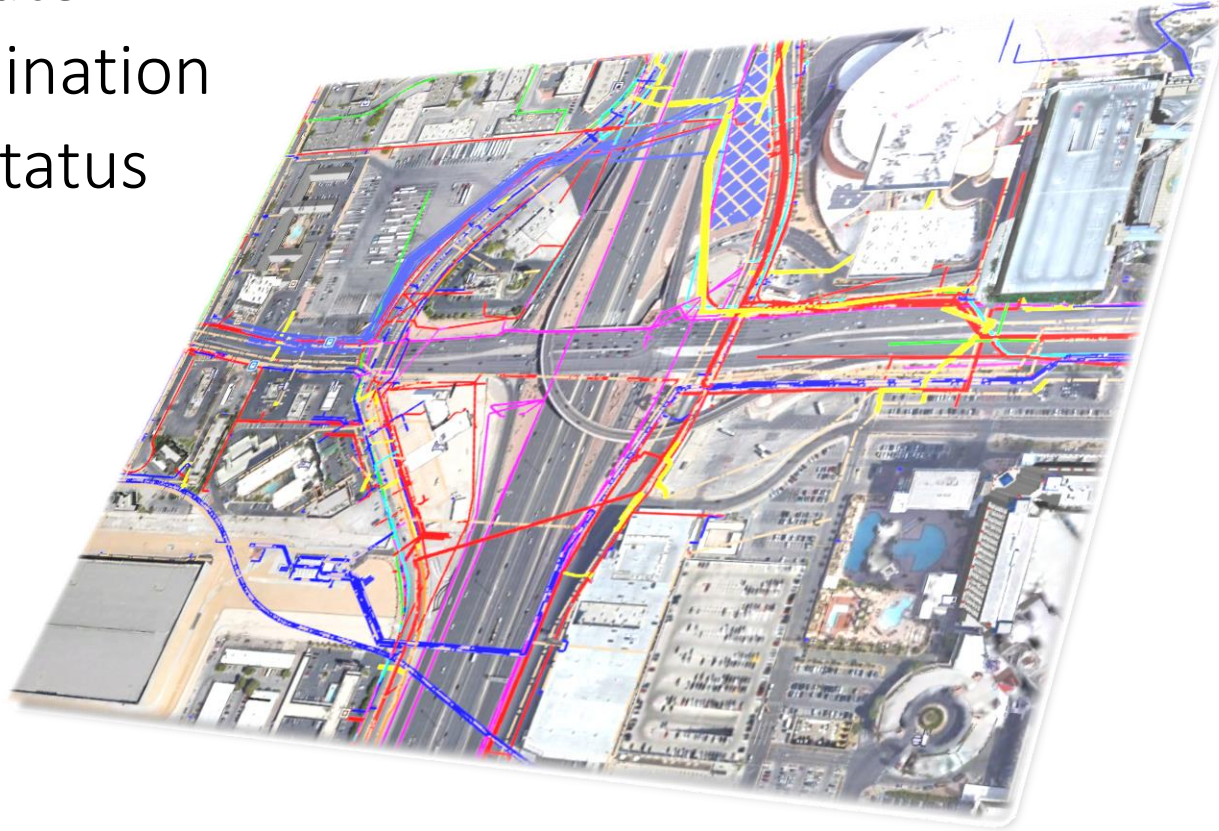

Goal #4: Avoid, minimize, or mitigate visual impacts to private properties, businesses, and advertising during and after construction.

PROJECT SPECIFIC CONSIDERATIONS

Current Department efforts

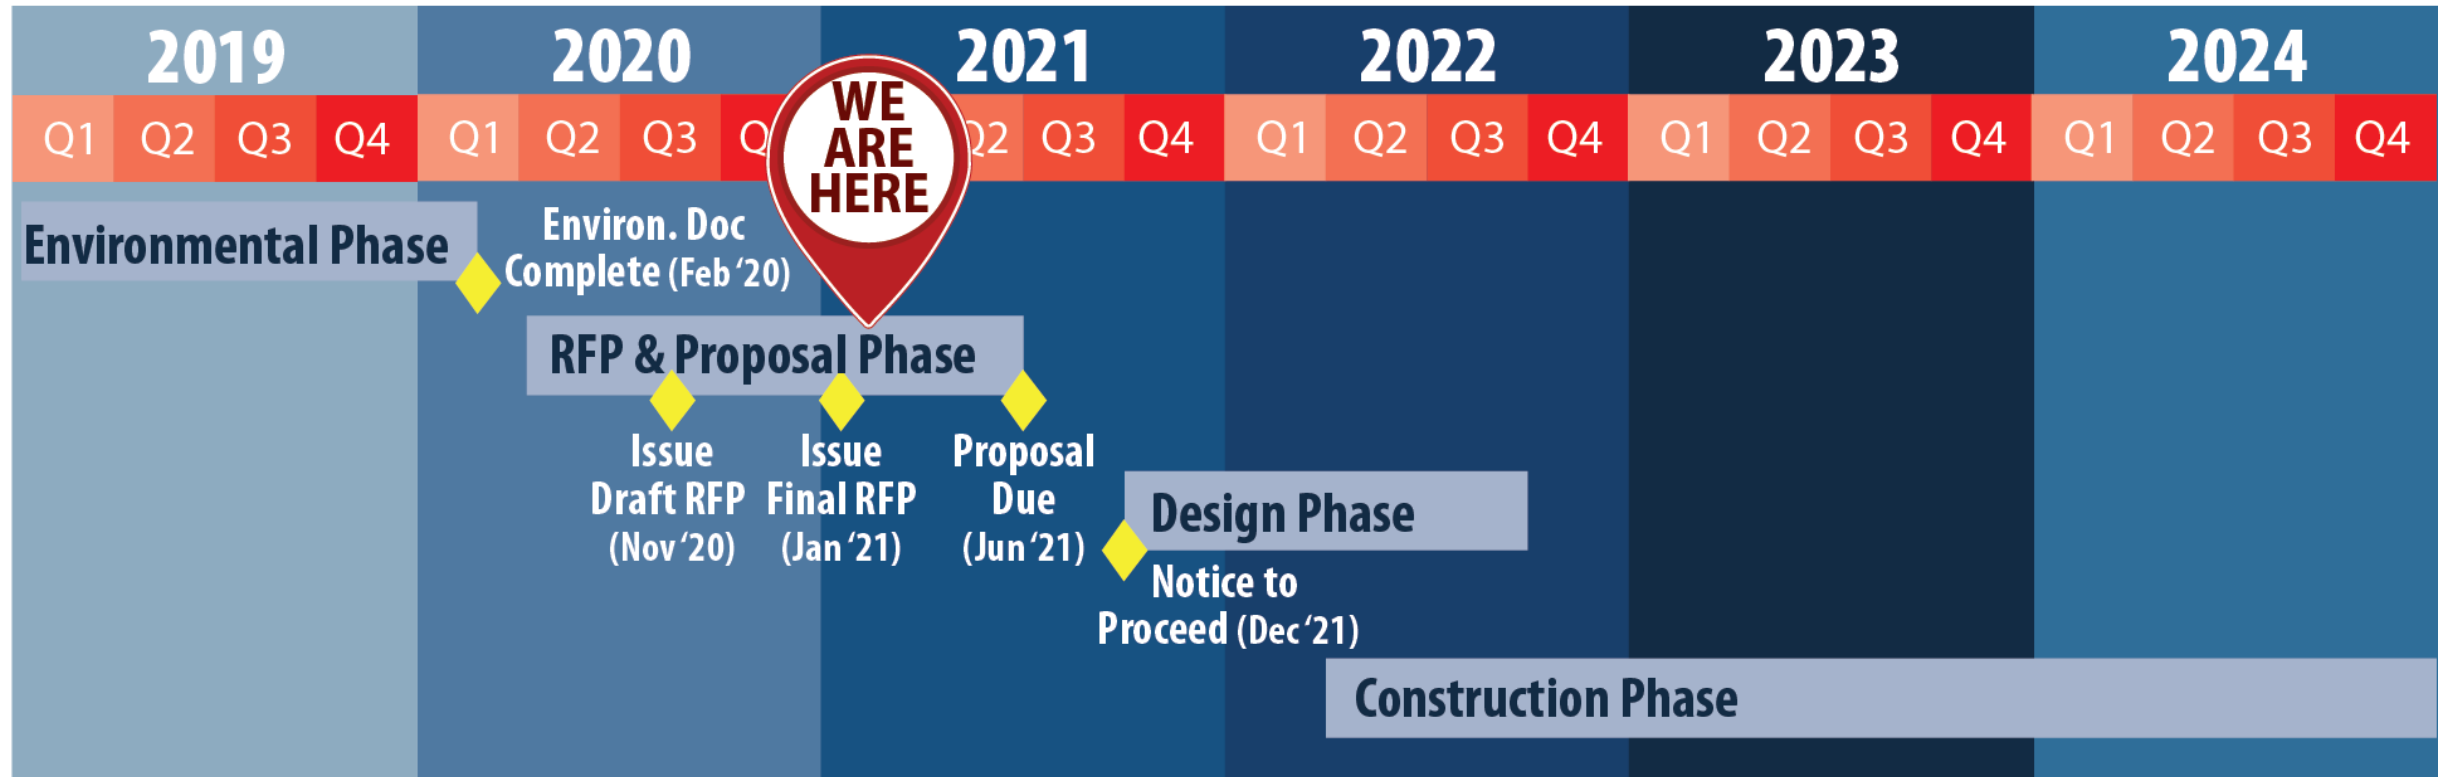

- Section 408 permit
- Utility efforts to date
- Stakeholder coordination
- ROW acquisition status

Project Timeline/Milestones: Where We Are At

PROJECT TIMELINE/MILESTONES

Next Steps and Q&A

NEXT STEPS

- NDOT Transportation Board Approval of Contract in September
- Notice to Proceed in September
- Agenda item on the next September BCC meeting

Questions?
