- Square Feet: 16,560 (office/warehouse)/13,800 (cultivation facility)/2,760 (production facility)
- Parking Required/Provided: 66/104

**History & Request**

UC-19-0076 was approved with a condition requiring a review in 2 years. Additionally, the application was granted 4 years to obtain a valid Clark County business license for the establishment. The subject request is to extend the time in which the review shall occur since the applicant has made little progress on the overall project.

### Site Plans

The previously approved plans depict a proposed 16,560 square foot office/warehouse building located on the southern portion of the western 1 acre within the M-D zoned portion of the site and a proposed 7,746 square foot retail building located on the southern portion of the eastern 1.1 acre within the C-2 zoned portion of the site. Parking is located to the north of the buildings. The site will have access to Warm Springs Road and Windy Street via a driveway located on the southwest corner of the site and another driveway located on the northeast corner of the site.

### Landscaping

The previously approved plans depict a 15 foot wide landscape area and is located adjacent to an existing attached sidewalk along Warm Springs Road and a 10 foot wide landscape area is located adjacent to a proposed attached sidewalk along Windy Street. A 10 foot wide landscape area is located along the western property line and a 6 foot wide landscape area is located along the northern property line. Interior parking lot trees are distributed throughout the site in accordance with Figure 30.64-14. Landscape materials include trees, shrubs, and groundcover.

### Elevations

The previously approved plans depict an office/warehouse building that is 50 feet high when measured from the top of the parapet walls. The retail building is 37 feet high with a flat roof and parapet wall. Both buildings have a similar facade consisting of plaster finish, sheet metal, cementitious panels, metal panels, and decorative metal railing painted in earth tone colors.

### Floor Plans

The previously approved plans depict an office/warehouse building that is 3 stories and 16,560 square feet consisting of the following:

- Production room
- Packaging area
- Office space
- Restrooms

### Previous Conditions of Approval

Listed below are the approved conditions for UC-19-0076:

#### Current Planning

- 2 years to review;
- A valid Clark County business license must be issued for this establishment within 4 years of approval or the application will expire;
- To prevent odor nuisances, an odor control plan must be submitted to the Clark County Business License Department.
- Applicant is advised that this application is contingent upon obtaining a license from the State of Nevada and Clark County Business License Department; failure to abide by and faithfully comply with the conditions of approval, Clark County Code, and the provisions of the Nevada Revised Statutes or Nevada Administrative Code may result in revocation of this application; approval of this application does not constitute or imply approval of any other County issued permit, license or approval; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of

time and application for review; and that the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified.

#### Public Works - Development Review

- Drainage study and compliance;
- Traffic study and compliance;
- Full off-site improvements;
- Right-of-way dedication to include 30 feet for Windy Street;
- If required by the Regional Transportation Commission (RTC), provide a combination bus turnout/right turn lane on the north side of Warm Springs Road, as close as practical to Windy Street and include provisions for a 5 foot by 25 foot bus shelter pad easement behind the sidewalk;
- Nevada Department of Transportation approval.
- Applicant is advised the driveways must be a minimum of 32 feet wide, measured from the lip of gutter to the lip of gutter.

#### Department of Aviation

- Applicant is required to file a valid FAA Form 7460-1, "Notice of Proposed Construction or Alteration" with the FAA, in accordance with 14 CFR Part 77, or submit to the Director of Aviation a "Property Owner's Shielding Determination Statement" and request written concurrence from the Department of Aviation;
- If applicant does not obtain written concurrence to a "Property Owner's Shielding Determination Statement," then applicant must also receive either a Permit from the Director of Aviation or a Variance from the Airport Hazard Areas Board of Adjustment (AHABA) prior to construction as required by Section 30.48 Part B of the Clark County Unified Development Code;
- No building permits should be issued until applicant provides evidence that a "Determination of No Hazard to Air Navigation" has been issued by the FAA or a "Property Owner's Shielding Determination Statement" has been issued by the Department of Aviation;
- Incorporate exterior to interior noise level reduction into the building construction as required by Code for use.
- Applicant is advised that the FAA's determination is advisory in nature and does not guarantee that a Director's Permit or an AHABA Variance will be approved; that FAA's airspace determinations (the outcome of filing the FAA Form 7460-1) are dependent on petitions by any interested party and the height that will not present a hazard as determined by the FAA may change based on these comments; that the FAA's airspace determinations include expiration dates; that separate airspace determinations will be needed for construction cranes or other temporary equipment; that the FAA will no longer approve remedial noise mitigation measures for incompatible development impacted by aircraft operations, which was constructed after October 1, 1998; and that funds will not be available in the future should the owners wish to have their buildings purchased or soundproofed.

#### Clark County Water Reclamation District (CCWRD)

- Applicant is advised that a Point of Connection (POC) request has been completed for this project; to email [sewerlocation@cleanwaterteam.com](mailto:sewerlocation@cleanwaterteam.com) and reference POC Tracking

#0024-2019 to obtain your POC exhibit; and that flow contributions exceeding CCWRD estimates may require another POC analysis.

#### Signage

Signage is not a part of this request.

#### Applicant's Justification

The applicant indicates that due to the COVID-19 pandemic this project has been delayed. The applicant states that it has been very difficult to proceed with the project in a timely manner as work production for architectural and building services has been delayed significantly. The applicant is requesting a 2 year extension of time to review the use permit.

**STANDARDS FOR APPROVAL:**

The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

**Analysis****Current Planning**

Title 30 standards of approval on an extension of time application state that such an application may be denied or have additional conditions imposed if it is found that circumstances have substantially changed. A substantial change may include, without limitation, a change to the subject property, a change in the areas surrounding the subject property, or a change in the laws or policies affecting the subject property.

Using the criteria set forth in Title 30, no substantial changes have occurred at the subject site since the original approval. The applicant has made progress toward commencement of the project by having the drainage study approved (PW20-16587), the traffic study approved (PW20-16886), and has submitted for off-site permits (PW20-18762); therefore, staff can support this request.

**Staff Recommendation**

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, Title 30, and/or the Nevada Revised Statutes.
